On January 27, 2022, the District Attorney General for the 20th Judicial District, Glenn Funk requested the Tennessee Bureau of Investigation (TBI) to investigate the officer-involved shooting and subsequent death of LANDON DWAYNE ESTEP by law enforcement officers of the Tennessee Highway Patrol (THP), Mount Juliet Police Department (MJPD), and the Metropolitan Nashville Police Department (MNPD). The incident occurred on January 27, 2022 in Nashville, Davidson County, Tennessee.

On January 27, 2022, Special Agent (SA) Graves contacted Special Agent In-Charge (SAC) Joe Craig to ask if additional personnel were needed for a multi-jurisdiction officer-involved shooting that had occurred in Nashville, TN. SAC Craig advised SA Graves to respond to the officer-involved shooting if available, at which time, SA Graves was advised to respond to I-65 North near Harding Place, the location where the officer-involved shooting took place.

At approximately 3:30 PM, SA Graves arrived at the scene of the officer-involved shooting. Assistant Special Agent In-Charge (ASAC) Josh Savley arrived at the scene simultaneously with SA Graves. Upon arrival, SA Graves made contact with SA Bobby Simmons, who had arrived at the scene approximately 30 minutes prior to SA Graves' arrival. The conditions at the time of the arrival consisted of sunny, dry, 50 degrees, and the incident to have occurred on the roadway of the incident. All northbound lanes and southbound lanes of I-65 were also shutdown. The closest mile marker to the scene was the 76.2. ASAC Nathan Neese and SA Charlie Belote also responded to the scene, while SA Jeff Moseley responded to the MNPD headquarters to view/obtain body camera and dash camera video of the incident.

SA Graves was briefed by SA Simmons who advised that a THP Trooper (REGGIE EDGE JR.) had gotten out with a male walking on the shoulder of the interstate, who was later identified as LANDON EASTEP. SA Graves was advised while EDGE JR. was out with EASTEP, at some

point during the interaction, EASTEP brandished a boxcutter, at which time law enforcement officers from MNPd responded to the scene, and an off-duty officer Mount Juliet Police Officer, FABJAN LLUKAJ provided assistance to EDGE JR. SA Simmons also stated that prior to the shooting, MNPd swat officers were responding to the scene, but were not at the scene at the time EASTEP was shot by law enforcement personnel. SA Graves was also advised that EASTEP had been transported from the scene by ambulance to Vanderbilt University Medical Center, where he was pronounced deceased.

Shortly after SA Graves arrived at the scene, SA Graves was requested to respond to Vanderbilt University Medical Center to obtain fingerprints of EASTEP to confirm his identity through a mobile Morpho fingerprint reader. ASAC Neese, ASAC Savley, SA Simmons, and SA Belote remained at the scene and processed the area for evidence.

SA Graves then traveled to Vanderbilt University Medical Center and made contact with hospital staff. SA Graves was taken to the room where EASTEP's body was located, and SA Graves photographed wounds visible on EASTEP. SA Graves also obtained the left and right index fingerprints of EASTEP and uploaded them to the AFIS database. AFIS stated there was no "hit" on the prints, meaning the prints were not in the database. Hospital staff had located a wallet on EASTEP's person, which contained a State of Tennessee identification card for LANDON DWAYNE EASTEP, where the picture on the identification appeared to be the deceased. Hospital staff had also contacted EASTEP's wife, Chelesy Eastep, who arrived at the hospital a short time later. Hospital staff also conducted the death notification at this time.

While at the hospital, SA Graves obtained the items that were on EASTEP when he arrived at Vanderbilt University Medical Center. Drenushe Kryeli, an ED registration supervisor released a wallet containing six Visas (Visa cards), four MC (Master cards), two driver's licenses, one necklace, and one bracelet. A property receipt was provided to Ms. Kryeli, which was later submitted to the case file and EASTEP's property was later submitted to the Criminal Investigation Division (CID) evidence vault at the TBI headquarters in Nashville, TN.

While at Vanderbilt University Medical Center, SA Graves was provided a video of the incident by a staff member at the hospital. The staff member stated the video was posted to Facebook under the name of Bri Cheatham. SA Graves also met with Chelesy Eastep at the hospital. SA Graves provided Ms. Eastep with a business card. No formal interview of Chelesy Eastep was conducted at this time.

At approximately 5:45 PM, SA Graves left the hospital and was advised by TBI Agents at the scene that the scene had been processed. SA Graves met with agents who processed the scene at TBI headquarters. While at the TBI headquarters, ASAC Josh Savley and SA Bobby Simmons transferred evidence collected at the scene to SA Graves. Items released to SA Graves were documented on property release forms and later submitted to the case file. The items collected during the investigation were secured in the CID office until the items were either submitted to the lab for processing or placed in the CID vault for safekeeping on January 28, 2022.

The Tennessee Bureau of Investigation is conducting the investigation into the officer-involved shooting and subsequent death of LANDON DWAYNE EASTEP by law enforcement officers of the Tennessee Highway Patrol (THP), Mount Juliet Police Department (MJPd), and the Metropolitan Nashville Police Department (MNPd). The investigation is ongoing and is being conducted by TBI Special Agent Andrew Graves. All supplemental reports and investigative

findings will be forwarded to this case file as they are developed.

On January 27, 2022 at 5pm, Special Agent (SA) Jeff Moseley assisted Tennessee Bureau of Investigation (TBI) SA Andrew Graves (case agent), at the request of TBI ASAC Josh Savley, by capturing aerial photographs as TBI investigated a crime scene involving an officer involved shooting.

SA Moseley assisted by capturing aerial photographs, utilizing an Unmanned Aerial System (UAS) under TCA 39-13-609(D)(2)

(J) To investigate the scene of a crime that is occurring or has occurred.

As a part of the case briefing, SA Moseley learned that an officer involved shooting had occurred on 1/27/2022 in the area of I-65N in between the Harding Place and Old Hickory Blvd. exits. SA Moseley learned the parameters of the crime scene and was asked to assist by capturing aerial photographs of the scene utilizing the UAS.

SA Moseley determined there were no environmental factors in place that would make the flight dangerous. SA Moseley operated the UAS (Unmanned Aerial System) per the TBI Certificate of Authorization (COA) in place with the Federal Aviation Administration (FAA).

After receiving an appropriate weather brief, SA Moseley, acting as the Remote Pilot in Command (RPIC), launched the UAS to conduct the requested mission. The UAS flight was conducted on 1/27/2022 at 5:11pm and lasted approximately 10 minutes.

See below for photographs taken during this mission. Due to the voluminous data of the photographs taken, not all of the photographs taken during this mission will be attached. All pictures will be kept in the case file of SA Moseley and will be made available to the TBI and District Attorney's Office upon request.

This confidential document is the property of TBI.
Its contents are not to be distributed outside of your agency.

SA Moseley also assisted in this case by meeting Metro Nashville Police Lieutenant Sam Tetterton and Officer Ryan Mcmanman of the Department's Body Worn Camera Unit at Metro Nashville Police Headquarters on 1/27/2022 at 6:15pm. SA Moseley observed police body worn camera footage of the incident while at this location. SA Moseley learned from Lt. Tetterton that the camera footage download will take many hours, so SA Moseley made an appointment to pick up the body worn camera footage from the department on 1/28/2022.

On 1/28/2022, SA Moseley received the USB containing the body worn camera footage from MNPD Officer Ryan Mcmanman and SA Moseley turned over the USB to SA Andrew Graves.

All times are approximate.

No additional UAS operations are anticipated.

See below for aerial pictures provided by UAS during this mission.

On January 27, 2022, SA Bobby Simmons responded to the scene of an officer involved shooting on Interstate 65 between Old Hickory Blvd and Harding Place. SA Simmons arrived on scene at 03:00PM. Upon arriving on scene SA Simmons observed multiple police cars parked on I-65 on the northbound and southbound sides. SA Simmons made contact with Detective Mike Roland. Detective Roland showed SA Simmons the scene where the shooting took place. SA Simmons determined that the southbound lanes were not part of the scene to be processed and allowed police and TDOT to open up lanes of travel as they saw fit. SA Simmons was advised that the patrol cars within the crime scene tape were not parked there at the time of the shooting and had only arrived after the shooting occurred. SA Simmons worked with officers to remove some of these vehicles prior to processing the scene. Some of the vehicles were close to cartridge cases, and could not be moved. SA Simmons and Detective Roland worked to identify what officers were on the scene during the shooting and who arrived after. Officers that were not on the scene at the time of the shooting, were allowed to leave the scene at that time. SA Simmons walked around the scene to determine where items of evidence were located in order to begin photographing the scene.

SA Simmons photographed the scene and the items of evidence within the scene. SA Belote and SA Simmons identified items of evidence and began documenting those items. SA Simmons also photographed the officers who were involved in the shooting. The officers were photographed in the attire that they were wearing at the time of the shooting, except for their body cameras. Those cameras had already been collected by MNPd prior to TBI arrival.

SA Simmons collected the firearms used by FABJAN LLUKAJ (Mt. Juliet PD), Trooper REGGIE EDGE, and Trooper CHARLES ACHINGER, on the scene. MNPd officers involved were sent to MNPd South Precinct waiting for TBI agents.

After processing the scene, SA Simmons and ASAC Nathan Neese went to MNPB South Precinct. SA Simmons and ASAC Neese documented, photographed and collected the firearms of Officer SEAN WILLIAMS, Officer BRIAN MURPHY, Officer JUSTIN PINKLETON, Officer JAMES KIDD, Officer EDIN PLANCIC, and Sgt. STEVEN CARRICK.

SA Simmons transported these firearms to TBI headquarters and turned over to SA Andrew Graves.

On 1/27/22 around 13:55 hrs I responded to a Code 5000 near MM 76/0 I 65 N. I arrived on scene on the south bound side of I 65 and posted up on the concrete barrier with my shotgun. After a period of time I jumped the concrete wall to obtain a better position to engage the suspect. I approached the other officers on scene to "get on line" with them. I observed the suspect with a box cutter in his left hand and his right hand in his hoodie pocket. Another officer approached to my left and at that point I looked away from the suspect. I looked back and the suspect pulled what looked like a gun out of his pocket and raised it towards officers. I did not have my gun on target and did not fire.

ON Thursday 1-27-22, I was responding to a CODE 5000 at MM 76 at I-65 N. INVOLVING A TENNESSEE STATE TROOPER AND AN OFF DUTY OFFICER. WHILE TRAVELING DOWN I-65 SOUTH CODE 3 WE OBSERVED THE OFFICERS ON THE NORTH BOUND LANES, SO I STOPPED ON THE SOUTH BOUND SIDE IN THE LEFT LANE. I JUMPED OVER THE CONCRETE WALL TO ASSIST THE OFFICERS WITH THE SUSPECT. WE FORMED AN "L" SHAPE AROUND THE SUSPECT, AND I HAD MY SERVICE WEAPON OUT ON THE SUSPECT. AT ONE POINT I ALSO HAD MY TASER OUT TO HOPEFULLY USE LESS LETHAL ON THE SUBJECT, BUT THE SUBJECT NEVER GOT CLOSE ENOUGH TO USE THE TASER ON HIM. I PUT MY TASER BACK IN THE HOLSTER, AND PULLED MY SERVICE WEAPON BACK OUT. WHEN THE SUBJECT DID LUNGE TOWARD THE RIGHT SIDE OF MY POSITION I DID NOT FIRE MY WEAPON DUE TO THE AMOUNT OF SHOTS ALREADY FIRED.

ON 1/27/22 Dispatch notified via radio of a THX TRUCKER on the 165N between DHB and Harding who had a subject at gun point and needed backup. I instructed Sgt. Haworth to respond to the scene and headed there as well. I notified Commander Widenor of the situation and put out notice via email. Upon arrival on scene, I saw Officers negotiating with a subject in the middle of 165N. Subject had his right hand in his pocket and was not complying with instructions. I was on 165S side and on phone when suddenly the subject turned quickly toward officers and drew something out of his pocket pointing it toward the officers. Shots were fired and the subject went down. Aid was rendered and I notified via radio shots had been fired and then made sure everyone was okay and made proper notifications to all resources were made.

On 01/27/22 at approximately 1355 hours, a Code 5000 came across the Midtown radio. The person requesting assistance advised that a THP Officer had a subject with a boxcutter in his hand at gunpoint. The location of the incident was I-65N near MM 75. I asked the dispatcher to show me en route at 1357 hours. Traffic was backed up at Harding and I-65 so it took a few minutes to get to the scene. I asked that someone go to Harding and I65 and shut down the entrance from Harding to I-65 South.

I arrived on the scene and took over Command from FTO Pinkelton at approximately 1414 hours. I sent 811A (Officer Cheng) to Regent Drive to shut the street down because there was a white house on the street located directly behind the suspect. I asked for an ambulance to stage at Harding @ I-65.

I was standing on the other side of the concrete divider and had a clear view of the suspect and the officers. The officers were attempting to speak with the suspect. The suspect had his right hand in his pocket and was blading his body toward the officers. Suddenly, the suspect pulled what I believed to be a silver pistol out of his pocket and pointed it at the officers in a pistol grip stance. Shots were fired and the suspect fell to the ground. SWAT/ SRT Medics began rendering aid to the suspect. An ambulance transported the suspect to Vanderbilt ER.

I asked Officer Cheng 811A and Officer Norris to go over to the white house behind the incident off of Regent Drive and check on the occupants. I later found out the address was [REDACTED] Officer Cheng went to the address and spoke to the occupants. All occupants were safe and accounted for and there were no observed bullet strikes on the residence.

I was asked to retrieve Officer Sean Williams BWC from his vehicle and turn it in to Lt. Tetterton. I gave the camera to Lt. Tetterton and was asked to give him my BWC also. I gave him my camera as well. I was relieved of Command by Lt. Keeler. I then went back to Midtown to complete my supplement and hand delivered it to Detective Mike Roland.

On 1/27/22 I responded to the area of I65 N between Harding Ave and OHB to assist officers who were asking for backup. As I monitored radio traffic I was aware the officers were dealing with a subject armed with a knife and standing in the lanes of travel on I65 N. On arrival I observed numerous officers set up in a loose containment perimeter near the subject while talking to him. At no point could I hear the conversation. I observed multiple officers with weapons drawn and at least one officer with a Taser out. The subject held an object in his right hand that appeared to be a knife. I moved around the outer perimeter on the southbound lanes coordinating with others and I adjusted the perimeter at one point to set up a better L on the subject for backstop safety. Several moments later I observed the subject rapidly raise his arm with a silver looking object in it. Shots were fired at that point. Initially I believed the suspect may have produced a gun because the silver object was different from the knife I had observed prior. I then transitioned into medical care, first checking an officer who thought he had been hit, then working

I responded to THP officer requesting backup due to him having an unknown white male at gun point. Upon arrival, myself and my FTO, Brian Murphy, grabbed a shotgun and a rifle, respectively and posted on the concrete barrier separating I65 North and Southbound lanes around MM 76.1. The subject was on the shoulder on the northbound side of I65. Approximately 10 minutes later, a SWAT team member had me change positions to change our angle on the subject. I jumped the concrete barrier and took position on the line. I was headed to a new position when the subject pulled a metal silver item out of his right jacket pocket and pointed it at officers. The subject pointed the item similar to how a person would point a pistol. At this time, I heard shots being fired. I was unable to shoot as I was still slinging my shotgun around my person and not on line with other officers.

On 01/27/2022 I responded to assist a THP officer on I-65N near mile marker 76. Dispatch advised the THP officer had a male with a box cutter at gunpoint. When I arrived on scene I observed at least one THP officer, several uniformed MNPd officers and a plain clothes officer in a loose semi-circle with their pistols drawn facing a male white in a gray hoodie. The male in the hoodie had his right hand in the right hand pocket of the hoodie and an object in his left hand that I assumed to be previously mentioned box cutter. I placed my Metro vehicle across the middle lanes of I-65N, exited my vehicle and drew my Metro issued service pistol. Knowing that I was not wearing body armor, I did not advance to the group of officers. I instead released my trunk from the dash of my vehicle, moved to my trunk, holstered my pistol and removed my Metro issued shotgun from my trunk. I then moved to a position of cover behind the left front wheel of my vehicle. Shortly thereafter, I moved to a position of cover behind the rear of my vehicle as it afforded me a better line of sight to the suspect, a better backdrop and did not endanger the officers ahead of me who were engaged with the suspect. I could hear the plain clothes officer speaking to the suspect and trying to get him to put down the object in his hand. The suspect stepped toward the group of officers several times, and then moved back. When the suspect would step towards the officers I would take the safety off of my shotgun, and when he would move back I would place the safety back on. I saw the suspect again take steps toward the group of officers and took the safety off of my shotgun. I saw the suspect raise his right hand, step toward the officers, and saw and heard several of the officers fire their weapons. I also heard an officer to my right fire a rifle immediately following the initial volley from the officers to my front. I saw the suspect immediately fall to the ground, and did not fire my shotgun. As officers moved in to assist the suspect, I moved forward as well and asked the officer to my right if he had fired his rifle. The officer responded in the affirmative. As I arrived next to the suspect officers were asking, "Where's our medic?" I then ran back to my vehicle, stowed my shotgun in the trunk and grabbed my medical bag. I ran back to the suspect with my bag and provided a chest seal, gauze and a wound wrap to the officers providing aid to the suspect. Once the suspect was transported I assisted in establishing a perimeter with other officers by placing crime scene tape across the road once traffic was cleared from near the scene. I remained on the scene and spoke with Det. Roland when requested. I also spoke to representatives of Professional Wellness. Once I was advised I could return to the office, I did so in order to complete this supplement.

Nothing follows.

On January 27, 2022, Special Agent (SA) Andrew Graves traveled to Vanderbilt University Medical Center (VUMC) in Nashville, TN. The purpose of this visit was to make contact with Metropolitan Nashville Police Department (MNPD) Detective Chuck Robinson, as Detective Robinson had been assigned to go to VUMC due to EASTEP being transported to VUMC for treatment.

While at VUMH, SA Graves met with Detective Robinson and various members of staff at the hospital. Upon arriving at VUMC, SA Graves was taken to where EASTEP's body was located. SA Graves took photographs of EASTEP's injuries which were predominately located in the torso area. SA Graves also obtained two fingerprints of EASTEP and uploaded them to a fingerprint database in order to confirm his identity. The database returned no "hit" confirmation as to the fingerprints belonging to EASTEP.

VUMH staff had recovered a wallet from EASTEP's person and VUMH staff located a state of Tennessee identification card that belonged to LONDON EASTEP. The photograph on the identification card closely matched the deceased individual at which time VUMH staff had contacted LONDON EASTEP's wife, Chelesy Eastep. Ms. Eastep arrived at the hospital while SA Graves was present and VUMH staff advised Ms. Eastep that LONDON EASTEP was deceased.

SA Graves met with Ms. Eastep and advised her that the Tennessee Bureau of Investigation was assigned to lead the investigation and of the investigative process.

Prior to leaving VUMH, SA Graves obtained the wallet that was on EASTEP when he brought into the hospital. VUMH staff had also photographed the wallet, its contents, and any other items on EASTEP's person when he arrived at VUMH. The wallet and its contents will be

further itemized in a separate report. The photographs will be retained in the hard case file.

Metro Police release photos of object man held before he was shot on I-65

MARY ALICE ROYSE
UPDATED FEB 1, 2022

Metro Police

NASHVILLE, TN (WSMV) – Metro Police released images Friday of the object the man killed in the officer-involved shooting on Thursday afternoon was holding.

Police said the photo shows a cylindrical object that was held by Landon Eastep, 37, when he was shot by six Metro Police officers, two Tennessee Highway Patrol troopers and an off-duty Mount Juliet Police officer on I-65.

The picture shows a round cylindrical object that was in Eastep hands before officers shot him on I-65.

Late Thursday night, Metro Police released bodycam footage of the incident from two of their six officers that fired their weapons. It is unclear if the THP troopers were wearing bodycams at the time of the shooting. The Mount Juliet officer was off-duty at the time and was not wearing a body camera.

Nashville District Attorney Glenn Funk, Mayor John Cooper, and Councilman Bob Mendes released statements regarding the shooting.

He said that at around 9:30 on 1/27 that Eastep and his girlfriend/wife were having a verbal dispute and Eastep left the location on foot. Subject: Chief Drake Directs MNPD Training Academy to Review
Procedures & Tactics in Thursday's Police Shooting Case on I-65

FOR IMMEDIATE RELEASE

Multiple MNPD officers responded to a “Code 5000” (Personnel in Serious Danger) dispatch after Landon Eastep, 37, reportedly pulled a boxcutter on a Tennessee Highway Patrol trooper on the shoulder of the interstate. An off-duty Mt. Juliet police officer stopped to assist and was attempting to engage Eastep in dialogue when MNPD officers arrived.

“While the TBI conducts its investigation of the shooting on behalf of the District Attorney, I have directed that our Training Academy staff thoroughly examine how our officers positioned themselves in this multi-agency response and as well review the tactics and procedures used in relation to those that we teach,” Chief Drake said. “This department regularly reviews critical incidents, and the work on this one has begun. I am saddened by any loss of life, and I send my condolences to the Eastep family”

On January 31, 2022 at 9:25 AM, Special Agent (SA) Andrew Graves and SA Bobby Simmons interviewed CHARLES ACHINGER JR. at the Tennessee Highway Patrol Headquarters located at 1603 Murfreesboro Pike in Nashville, TN. Also present for the interview was Trooper ACHINGER's attorney, Eric Larsen. CHARLES ACHINGER JR. voluntarily provided the following statement. The following is a brief synopsis of the audio recorded interview:

CHARLES ACHINGER JR. is a Trooper with the Tennessee Highway Patrol. ACHINGER was working on January 27, 2022 when he heard Trooper EDGE get on the radio and say he was out with a subject who had a boxcutter/edged weapon. ACHINGER said that he responded to where Trooper EDGE was on I-65 with emergency equipment activated. On arriving at the scene, ACHINGER said that he saw several officers talking to a white male who had a red boxcutter in his left hand. ACHINGER said that Trooper Vance was also on scene and was to his right and Trooper EDGE was on his left. ACHINGER said that there was a guy with a beard, who he believed to be an off-duty officer, pleading for the man to put the knife down. ACHINGER said that the man would not put the knife down and he also saw the man with his right hand in his pocket and ACHINGER could see there was something cylindrical that looked like the barrel of a firearm. ACHINGER said that officers had talked to the subject for about 15 minutes, then the subject pulled out what looked like to him a pistol and present it towards the negotiator (off-duty officer). ACHINGER said that he then fired two shots at the subject at that time. ACHINGER said that after the subject went to the ground, officers began rendering aid to him and he saw that Trooper EDGE was upset and helped him get to his car. ACHINGER said that he then went over to the subject who had been identified as LONDON and multiple officers were continuing to render aid and that fire personnel had also gotten on scene by that time. ACHINGER said that he had a dash camera that was activated but had not reviewed the video. During the incident, ACHINGER said that LONDON appeared agitated and stressed. ACHINGER also said that LONDON would mumble during the incident, but ACHINGER couldn't

understand what he was saying.

ACHINGER stated that he carries a department issued Glock 45, 9mm handgun and he keeps a total of 17 rounds in the firearm.

The full, recorded interview of CHARLES ACHINGER JR.'s interview will be submitted to the case file.

On January 31, 2022 at 9:52 AM, Special Agent (SA) Andrew Graves and SA Bobby Simmons interviewed REGGIE EDGE JR. at the Tennessee Highway Patrol Headquarters located at 1603 Murfreesboro Pike in Nashville, TN. Also present for the interview was Trooper EDGE's attorney, David Veile. REGGIE EDGE JR. voluntarily provided the following statement. The following is a brief synopsis of the audio recorded interview:

REGGIE EDGE JR. is a Trooper with the Tennessee Highway Patrol. EDGE was working on January 27, 2022 and had finished a traffic stop on I-65 North at mile marker 75.8. EDGE stated that once he was finished with the traffic stop, he began traveling north on I-65 and saw a man walking towards him on the side of the interstate and the man was carrying two bags. EDGE stated that he got out with the man as there is a state law prohibiting walking along the interstate and there are also signs that show that as well. EDGE said that while talking to the man, the man told him he was going to Brentwood and that his girlfriend had kicked him out. EDGE said that he got the man's license to check for warrants and told the man that he would give him a ride off the interstate. EDGE said that the man, LONDON EASTEP, got quiet and would not answer him and said he wanted to keep walking, but EDGE said that he would be unable to do that. EDGE said when he went to pat down LONDON so he could give him a ride off the interstate, the man reached into his pocket and pulled out a boxcutter. EDGE said that LONDON approached him with the boxcutter out and that he told LONDON to drop the boxcutter, but LONDON would not drop it. EDGE then saw a vehicle stop on the left shoulder and a man got out of that vehicle and began walking towards him. EDGE said that the man who got out of the vehicle announced himself as an officer, but the officer was not in uniform, and he began talking to LONDON. EDGE said he called for backup and Vance arrived on scene. EDGE said that he saw LONDON's hand in his right pocket and he saw a cylindrical object in LONDON's pocket and believed it was a revolver. EDGE said that officers arrived on scene and that during this time, LONDON was agitated and indecisive and did not appear to be under the

influence. EDGE said that LANDON would walk around and would blade himself. EDGE said that they talked to LANDON for a long time to try and talk him down and that during this, LANDON quickly grabbed the cylindrical object out of his pocket, cupped his hands, took a shooter's stance, and pointed the object at officers. EDGE said that he feared for the other officers' safety and fired his weapon at LANDON until the threat was stopped and LANDON fell to the ground. EDGE said that once LANDON was on the ground, other officers began to render aid to LANDON, while he was taken back to his car by ACHINGER as he was distraught. EDGE said that he waited in his car until TBI Agents arrived. EDGE also said that he did not carry a taser but does have a collapsible baton and pepper spray on his belt. EDGE also said that his dash camera and body mic were on the entire time of the incident.

The full, recorded interview of REGGIE EDGE JR.'s interview will be submitted to the case file.

20TH JUDICIAL DISTRICT

Subject: Use of Force

Date: 31 December 2020

Distribution: All Commissioned Members

To establish policy and procedures for the Commissioned Members of the Tennessee Department of Safety and Homeland Security (DOSHS) regarding the use of force.

It is the policy of the DOSHS to value and preserve the sanctity of human life. Members shall use only the force that is objectively reasonable to effectively bring an incident under control, while protecting the safety of the Member and others. Members shall use force only when no reasonably effective alternative appears to exist and shall use only the level of force which a reasonably prudent officer would use under the same or similar circumstances.

The decision to use force “requires careful attention to the facts and circumstances of each particular case, including the severity of the crime at issue, whether the suspect poses an immediate threat to the safety of the officers or others, and whether they are actively resisting arrest or attempting to evade arrest by flight.”¹

In addition, “the ‘reasonableness’ of a particular use of force must be judged from the perspective of a reasonable officer on the scene, rather than with the 20/20 vision of hindsight...the question is whether the officers’ actions are ‘objectively reasonable’ in light of the facts and circumstances confronting them.”¹

This policy is to be reviewed annually and necessary amendments will be made by DOSHS. Members will review this policy annually and any questions or concerns should be addressed to immediate supervisor for clarification.

- A. Active Resistance: A subject whose non-compliance includes resistive movements, physical defiance, or physical actions of aggression.
- B. Authorized Weapons and Ammunitions: Weapons and ammunition approved by the DOSHS Commissioner and the Training Division for which authorized employees receive departmentally approved safety and proficiency training. (See General Order 710 & 715.)

***This Order Supersedes General Order(s): 500, 30 August 2020.**

C.A.L.E.A. Standard(s): 1.2.10, 4.1.1, 4.1.2, 4.1.3, 4.1.5, 4.1.6, 4.1.7

¹ *Graham v. Connor*, 490 U.S. 386 (1989).

20TH JUDICIAL DISTRICT

- C. Critical Firearm Discharge: A discharge of a firearm by a Member to the extent such discharges are authorized under this policy. Range and training discharges, and discharges at animals are not included under this section.
- D. Deadly Force (Also referred to as Lethal Force): Force which is likely to cause or result in the death or serious bodily injury of any individual as determined by a reasonable and prudent person. Members must understand that deadly physical force is an extreme measure and should only be used in accordance with the law and as stated in this policy and other policies governing the use of force.
- E. De-escalation: Taking action or communicating verbally or non-verbally during a potential force encounter in an attempt to stabilize the situation and reduce the immediacy of the threat so that more time, options, and resources can be called upon to resolve the situation without the use of force or with a reduction in the force necessary. De-escalation may include the use of such techniques as command presence, advisements, warnings, verbal persuasion, and tactical repositioning.
- F. Exigent Circumstances: Those circumstances that would cause a reasonable person to believe that a particular action is necessary to prevent physical harm to an individual, the destruction of relevant evidence, the escape of a suspect, or some other consequence improperly frustrating legitimate law enforcement efforts.²
- G. Front Neck Control or 'Choke Hold': A physical maneuver that restricts an individual's ability to breathe for the purposes of incapacitation. This does not include vascular neck restraints.
- H. Force: Any physical strike or instrumental contact with a person; any intentional attempted physical strike or instrumental contact that does not take effect; or any significant physical contact that restricts the movement of a person. The term includes the discharge of a firearm, or pointing a firearm at or in the direction of a human being when determined by the objectively reasonable guidelines, use of chemical spray, use of impact weapons, use of conducted energy weapon, chokeholds or hard hands, taking of a subject to the ground, or the deployment of a canine. The term does not include escorting or handcuffing a person with minimal or no resistance. Use of force is lawful if it is objectively reasonable under the circumstances to affect an arrest or protect the officer or other persons.
- I. Imminent Threat: A Member's reasonable perception of impending danger, death, or serious injury from any action or outcome that may occur during an encounter. A subject may pose an imminent or impending threat even if he or she is not pointing a weapon at the officer but has, for example, a weapon within reach, is running for cover carrying a weapon, or running to a place where the officer has reason to believe a weapon is available.

² Based on the definition from *United States v. McConney*, 728 F.2d 1195, 1199 (9th Cir.), cert. denied, 469 U.S. 824 (1984).

K. Neck Restraint/Hold – Vascular Neck Restraint: Refers to one of the following types of holds: (a) arm-bar control hold, which inhibits breathing by compression of the airway on the neck; (b) carotid restraint hold, which inhibits blood flow by compression of the blood vessels in the neck; (c) lateral vascular neck restraint; (d) a hold with a knee or other object to the back of a prone subject's neck. A neck restraint/hold shall be considered deadly force.

L. Objectively Reasonable Force: The degree of force used in effecting an arrest, investigatory stop, or other seizure is evaluated by using an objective, reasonable police officer standard. The reasonableness of each particular use of force will be judged from the perspective of a reasonable officer on the scene, based on the facts and circumstances known to and confronting the officer at the time. (See, *Graham v. Connor*, 490 US 388 (1989).) In determining the appropriate level of force to be used, officers shall evaluate each situation considering the unique facts and circumstances of each case. Those factors include, but are not limited to, the seriousness of the crime or suspected offense; the level of threat or resistance presented by the subject; the risk or apparent attempt by the subject to escape; and whether the subject was posing an imminent threat to officers or others.

M. Passive Resistance: When a subject does not cooperate with an officer's commands but does not take action to prevent being taken into custody. For example, a protestor who lies down in front of a doorway and must be carried away upon arrest.

N. Probable Cause: Facts and circumstances within the arresting officer's knowledge and of which he/she has reasonably trustworthy information sufficient to warrant a person of reasonable caution to believe that a crime is being committed, has been committed, or will be committed.

O. Reasonable Belief: Facts or circumstances that would cause a reasonable, similarly trained police officer to act or think in a similar manner, under similar circumstances.

P. Serious Bodily Injury: Bodily injury, which involves:

1. Substantial risk of death;
2. Protracted unconsciousness;
3. Extreme physical pain;
4. Protracted or obvious disfigurement; or
5. Protracted loss or substantial impairment of a function of a bodily member, organ or mental faculty.

- #### IV. PROCEDURES:

1. Use of physical force should be discontinued when resistance ceases or when the incident is under control.
2. Physical force shall not be used against individuals in restraints, except as objectively reasonable to prevent their escape or prevent imminent bodily injury to the individual, the Member, or another person. In these situations, only the minimal amount of force necessary to control the situation shall be used.
3. Once the scene is safe and as soon as practical, Members shall provide appropriate medical care consistent with his or her training to any individual who has visible injuries, complains of being injured, or requests medical attention. This may include providing first aid, requesting emergency medical services, and/or arranging for transportation to an emergency medical facility.
 - a. Any time a person has visible injuries or complains of being injured as a result of force used against him/her by a Member, the Member must take appropriate actions to provide medical care for the injured person. This includes providing first aid, requesting emergency medical services, and/or arranging for other transportation to a hospital or emergency medical facility.
 - b. Members trained in proper treatment procedures for persons exposed to chemical sprays and the effects of other less-lethal force shall render appropriate medical aid. If the person is offered and/or refuses treatment, this refusal shall be documented, along with all known relevant information. In addition, the Member will also notify their supervisor as soon as practical. If warranted, the supervisor will arrange to have photographs taken of the person's injuries, and those photographs will be attached to the report.
4. All uses of force shall be documented and investigated pursuant to this agency's policies.

1. A Member has a duty to intervene to prevent or stop the use of excessive force by another officer when it is safe and reasonable to do so.
 - a. A Member who directly observes an unreasonable, excessive, or illegal use of force, in violation of the Department's use of force policy and/or state or federal law while on duty, shall:
 - (1) act to intervene and stop the use of force by another officer; and
 - (2) contact a supervisor as soon as practical.
 - b. A Member who has knowledge of excessive, unreasonable, or illegal use of force against a person shall:
 - (1) notify a supervisor; and
 - (2) submit a written incident report to a supervisor as soon as practical.
 - c. Retaliation, directly or indirectly, against any Member who intervenes against excessive use of force, reports misconduct, or cooperates in an internal investigation is prohibited.

C. De-escalation:

1. Members shall use de-escalation techniques and other alternatives to higher levels of force consistent with his or her training whenever possible and appropriate before resorting to force and to reduce the need for force.
2. Where time, distance, communication, and circumstance permit, Members should attempt to de-escalate situations through de-escalation methods and/or techniques to include, but not limited to, verbal judo. The goal of de-escalating techniques is to slow momentum or stabilize the situation so that additional time and resources can be used to manage or resolve a situation with a minimal amount of control or force.
3. Whenever possible and when such delay will not compromise the safety of the Member or another and will not result in the destruction of evidence, escape of a suspect, or commission of a crime, Members should allow an individual time and opportunity to comply with verbal commands before force is used.

4. Members must consider an individual's mental, physical, or other incapacities. When feasible, Members must consider whether a person's failure to comply with a command is due to a medical condition, mental impairment, physical limitation, developmental disability, language barrier, drug interaction, behavioral crisis, or other factors beyond the individual's control. In these situations, and if time permits, Members should consider whether specific techniques or resources would help to resolve the situation without increased use of force.

D. Use of Less-Lethal Force:

When de-escalation techniques are not effective or appropriate, Members may consider the use of less-lethal force to control a non-compliant or actively resistant individual. Members are authorized to use agency-approved, less-lethal force techniques and issued equipment (e.g., impact weapon, chemical weapon, conducted energy weapon):

1. To protect the Member or others from immediate physical harm;
2. To restrain or subdue an individual who is actively resisting or evading arrest; or
3. To bring an unlawful situation safely and effectively under control.

E. Use of Deadly Force:

The Use of Deadly Force is established by the facts known or perceived by the Member at the time of the incident. Members' decisions should be based on probable cause, discretion, and good judgment.

1. Members are authorized to use deadly force when it is objectively reasonable under the totality of the circumstances. Use of deadly force is justified as follows:
 - a. To effect an arrest only if all other reasonable means of apprehension have been exhausted or are unavailable, and where feasible, the Member has given notice of his/her identity as such and given a warning that deadly force may be used unless resistance or flight ceases; and ³
 - b. The Member has probable cause to believe the individual to be arrested has committed a felony involving the infliction or threatened infliction of serious bodily injury; or
 - c. The Member has probable cause to believe that the individual to be arrested poses a threat of serious bodily injury, either to the Member or to the others unless immediately apprehended.

³ *Tennessee v. Garner*, 471 U.S. 1 (1985)

f. To control a situation, and to overcome passive or active resistance to a lawful order.

g. To neutralize an unlawful assault and defend themselves or others from harm.

2. The authorized use of physical force ends when resistance ceases and/or the Member has accomplished the purpose necessitating the use of force. Justification for the use of force is limited to the facts known or perceived by the Member at the time such force is used, including levels of resistance, suspect's behavioral cues, the number of law enforcement officers and/or offenders present, and the availability of other options.

3. Force shall never be used to subject a person to torture and/or other cruel or inhumane or degrading treatment or punishment.

G. Drawing and Pointing Firearms:

Members are prohibited from drawing and pointing their firearms at or in the direction of a person, absent an objectively reasonable determination that the situation may escalate to the point where deadly force would be authorized under this policy. When it is determined that the use of deadly force is not necessary, Members shall, as soon as practical, secure or holster their firearms.

1. It is the policy of the DOSHS that drawing a firearm and pointing it at a person is considered a use of force and must be documented in a report. (See V.B. of this General Order).

2. Drawing and displaying a firearm does not constitute a use of force incident and does not require a report.

H. Members are authorized to carry firearms while off duty, if they choose. (See General Order (GO) 710, "Firearms, Ammunition and Weapons Issuance, Usage, and Care") Should any off duty, armed Member be required to exercise the use of deadly force while off duty, all provisions of this Order shall also apply.

V. USE OF FORCE REPORTING AND INVESTIGATION:

A. Member(s) involved in the use of force incidents, if possible, or the first Member arriving at the scene, shall notify the dispatcher and ranking on-duty supervisor.

B. Any Member who utilizes force, as defined in this General Order whether on duty or while acting in an official capacity, shall complete a Use of Force Report (SF-1502) except as described below.

1. Any Member who draws a firearm and points it at a person, whether on duty or acting in an official capacity, shall complete an Incident Report (SF-1493).

a. If this is the only type of force used, the Use of Force Report (SF-1502) is not required to be completed.

REPORT-USE OF FORCE POLICY-THP.pdf

- C. All Use of Force incidents that result in deadly force, serious bodily injury, or in any case where excessive force is suspected shall be thoroughly reported and investigated. Guidelines for such incidents are contained in GO 500-1, "Use of Force Investigation Procedures."
- D. An annual analysis shall be conducted of all use of force incidents. (See GO 525, "Incident and Offense Reporting and Review")

VI. TRAINING AND QUALIFICATIONS:

- A. All Members shall receive training, at least annually, on this agency's use of force policy and related legal updates.
- B. In addition, training shall be provided on a regular and periodic basis and designed to:
1. Provide techniques for the use of and reinforce the importance of de-escalation;
 2. Simulate actual shooting situations and conditions; and
 3. Enhance Members' discretion and judgment in using less lethal and deadly force in accordance with this Order.
- C. All use of force training shall be maintained in the DOSHS's training records and/or in Power DMS.

(O-A) LANDON DWAYNE EASTEP, W/M, DOB: [REDACTED]

On January 31, 2022 at 2:00 PM, Special Agent (SA) Andrew Graves and SA Bobby Simmons interviewed FABJAN LLUKAJ at the Mount Juliet Police Department located at 1019 Charlie Daniels Parkway in Mount Juliet, TN. Also present for the interview was LLUKAJ's attorney, Jeff Cherry. FABJAN LLUKAJ voluntarily provided the following statement. The following is a brief synopsis of the audio recorded interview:

FABJAN LLUKAJ is currently a police officer with the Mount Juliet Police Department. LLUKAJ stated on January 27, 2022 that he was off-duty and was traveling North on I-65 in Nashville, TN when he saw blue lights on the shoulder of the interstate. LLUKAJ said that as he got closer, he saw that there was a trooper out with a man and he saw the man walking towards the trooper, and the trooper had his firearm out and was also by himself. LLUKAJ said that he stopped his vehicle on the left shoulder, got out of his car, and yelled to the trooper that he was a police officer. LLUKAJ said that he got the lanes of traffic on I-65 to stop, he crossed the lanes of travel, and went to the area where the trooper and man were. LLUKAJ said that he saw the man had a boxcutter in his hand and drew his weapon. LLUKAJ said that the man was walking around, and he asked what was going on and he found out the man's name was LANDON. LLUKAJ said that he was trying to have a conversation with him to put the boxcutter down, but it was hard to hear LANDON. LLUKAJ said that LANDON wasn't acknowledging the trooper and that LANDON seemed to listen to him when he would talk. LLUKAJ said metro officers began arriving and Officer KIDD stayed near him, because he didn't have a vest on. LLUKAJ said that while talking to LANDON, he noticed other drivers and civilians behind them. While LLUKAJ was talking to LANDON, LLUKAJ said LANDON put his hand in his pocket and he saw an imprint in LANDON's jacket pocket that looked like a gun. LLUKAJ said that he told the officers what he had seen, and he said he kept telling LANDON to drop the boxcutter. LLUKAJ said that LANDON would move towards them and they would move back, and he had asked if anyone had less lethal and was told that the taser was too far away and no one had a less lethal 40mm

device. During the incident, LLUKAJ said LANDON would blade himself and would not take his hand out of his pocket, and that LANDON continued walking back and forth. LLUKAJ said that LANDON once had gotten upset officers wearing sunglasses and that the officers took their sunglasses off and they continued to de-escalate the situation. LLUKAJ said that as LANDON bladed himself, LANDON stepped forward towards him and pulled his hand out of his pocket, drew a silver firearm from his pocket, and pointed it at LLUKAJ. LLUKAJ said that he believed it was a silver revolver and that he felt that his life was in danger and fired one round at LANDON. LLUKAJ said that he felt something hot, and he ran towards the barrier, where officers checked him for gunshot wounds. LLUKAJ said that after he found out he hadn't been struck, he got up and told someone to secure the gun, and an officer responded that the object LANDON had was not a firearm. LLUKAJ said that he broke down and cried and that he didn't leave earlier, as he had built a rapport with LANDON. LLUKAJ said that at one time LANDON had talked about 'life', but he wasn't sure on what context LANDON meant by that. LLUKAJ said that the firearm he used was his personally owned Glock Model 43 handgun and that he had qualified with it at the Mount Juliet Police Department.

The full, recorded interview of FABJAN LLUKAJ's interview will be submitted to the case file.

Reporting Official: RICKER, CHAD

Narrative

On this date at approx. 01:53 hours officer's were dispatched to the Andrew Johnson Inn in regards to a suspicious male knocking on doors. Upon arrival a white male was laying at the office door with blood coming from his ankle. The white male was identified as Landon Eastep, Mr. Eastep stated that an individual by the name of Marcus Strong dropped him off at the Greenvilla Motel so that he could buy pills. Mr. Eastep stated that he went to the backside of the motel about 4 or 5 doors down from the end. Mr. Eastep stated that a white female by the name of Cassi was in the room and two black males, one of them by the name of Mike with dreadlocks and the name of the other black male is unknown. Mr. Eastep stated that he was in the process of purchasing 2 xanax's and a roxy 30 for the amount of \$40.00. Mr. Eastep stated when he took the money out of his pocket to pay, the 2 males took his money which was \$400.00. Mr. Eastep stated he was in the offender(s) car whenever the male he knew only as Mike produced a black handgun and stuck it to his chest. Mr. Eastep stated he then knocked the gun away and as he did the gun discharged. When the gun discharged the bullet struck Mr. Eastep in left ankle. Mr. Eastep stated the shooting occurred at the traffic light in front of Lowe's. The offender's then kicked Mr. Eastep out of the car in the vicinity of Grand Rental Station. Mr. Eastep then walked to the Andrew Johnson Inn. Mr. Eastep stated the offender(s) car was a new model maroon Chevy Malibu with silver after market rims with Florida registration. Mr. Eastep also stated that the offender(s) come up here from Florida on a regular basis to sell narcotics. Mr. Eastep was transported to the Johnson City Medical Center by EMS ground. Officer's checked the vicinity where Mr. Eastep said he was shot, but found no evidence. Officer's note: Officers checked the rooms where the alleged drug deal took place at the Greenvilla. All of the rooms where the alleged drug deal took place were vacant except room 130 which was occupied by Dwayne Key [REDACTED] B/M. He claimed he was dropped off by Michelle Fugate at 0000 A.M. in a blue Chrysler, and she stays with Mike Gudger and Jacelyn Meiser. Assigned Det. Lt. R Allen AN INVESTIGATION DETERMINED THE VICTIM, LANDON EASTEP, WAS SHOT AT AN UNKNOWN LOCATION IN OR NEAR GREENEVILLE. THE EXACT LOCATION COULD NOT BE DETERMINED. HE ALSO REPORTED THAT HE HAD BEEN ROBBED BY A BLACK MALE WITH THE FIRST NAME MIKE. HE GAVE A DESCRIPTION OF A VEHICLE THAT DID NOT MATCH ANY VEHICLE THAT HAD BEEN SEEN IN GREENEVILLE RECENTLY. THE VICTIM SAID HE MET CASSI AT THE GREENE VILLA MOTEL TO BUY PRESCRIPTION PILLS. CASSI'S RENTED ROOM WAS WHERE THE VICTIM ENCOUNTERED "MIKE" AND OTHER BLACK MALES. CASSI GALLOWAY JONES WAS IDENTIFIED AS THE PERSON THE VICTIM ALLEGEDLY MET AT GREENE VILLA MOTEL. IT WAS DETERMINED THAT SHE WAS IN CUSTODY AT THE GREENE COUNTY DETENTION CENTER WHEN THE REPORTED INCIDENT TOOK PLACE. THE VICTIM WAS CONFRONTED WITH THIS INFORMATION AND HE ADMITTED THAT SOME OF THE INFORMATION HE REPORTED WAS NOT ACCURATE. HE SAID HE KNEW THE PERSON WHO ROBBED AND SHOT HIM, BUT HE DID NOT WANT TO IDENTIFY HIM BECAUSE HE WAS IN FEAR OF RETALIATION. I TOLD HIM TO COME TO THE POLICE DEPARTMENT AND GIVE ME A TRUTHFUL STATEMENT AS TO WHAT HAPPENED AND IF HE DIDN'T WANT TO PROSECUTE, HE DIDN'T HAVE TO PROSECUTE. HE AGREED TO MEET ME FOR A STATEMENT, BUT NEVER SHOWED UP. THE VICTIM REFUSES TO COOPERATE IN THE INVESTIGATION. A CONFIDENTIAL INFORMANT GAVE INFORMATION THAT TYRONE MILLER WAS THE PERSON WHO ROBBED AND SHOT LANDON EASTEP. MILLER IS A KNOWN DRUG DEALER AND IS RUMORED TO HAVE FIRED SHOTS AT PEOPLE WHO OWED HIM MONEY AND/OR CROSSED HIM. IT IS LIKELY THAT MILLER IS RESPONSIBLE FOR THE ROBBERY AND SHOOTING OF LANDON EASTEP.

Summary

Case Number: 201318730

Date: 2013/12/07

Description: Larceny (Shoplifting)

Submitted By:

Agency: Greeneville PD (TN0300100)

Reporting Official: SCOTT, ERIC

Narrative

Officers responded to a report of a shoplifting in progress at the Quik Stop on Asheville Hwy. As we arrived, an employee pointed to a vehicle that was attempting to pull out from the parking lot. A traffic stop was initiated and the vehicle was driven by a female and the passenger was a male subject who matched the description of the suspect. As we approached the vehicle the male was making several movements within the vehicle. As we spoke with the male subject, Landon Eastep, we noticed there were several items in their package laying in the floor board directly behind Mr. Eastep. Mr. Eastep was temporarily detained as we recovered the items from the car and then spoke with store employees. The store employees stated that Mr. Eastep had entered the store and stumbled over to the area where auto accessories were displayed. As store employees watched, Mr. Eastep began randomly taking items from the display and putting them into his jacket pocket. The employees showed me exactly where he was standing and the area where he was taking items from. Some of the items on display matched the items found in the car exactly. Mr. Eastep had slurred speech and was continuously confused as he talked with officers. There was a 25 oz beer can laying the floor board where he had been seated and he stated that he had some shots earlier. He asked some of the same questions multiple times and was in a state of confusion. At one point he told me his cell phone was in his back pocket and then a few minutes later asked where his cell phone was. He stated that he did not take any items and that a friend of the driver had taken them from a different store. I informed him that two witnesses had observed him taking the merchandise and he replied, "oh". Mr. Eastep was taken into custody and charged with theft under \$500 and public intoxication. He was then transported to GCDC. Case number as on file at the circuit court clerks office 13W4775 with the date of arrest as 12-07-2013 and a court date of 07-21-2014. Defendants name Landon Eastep charged with theft under \$500.00 Court disposition - Guilty fine and cost 11-29 and 60 days - There is not any property or evidence to be dealt with.

Narrative

Narrative: On 12/15/2018 at 00:30 hours, Officer B. Ellis (3887) responded to a Simple Assault a [REDACTED] On the above date I responded to a fight call in the yard of the above mentioned address. On my arrival I came into contact with suspect Landon Eastep. Mr. Estep was making off the wall comments and fidgeting uncontrollably. Mr. Estep showed signs of methamphetamine use. He was taken into custody for public intoxication without incident. Further investigation led me to find Mr. Estep assaulted 3 individuals inside the residence and in the yard or the apartment. The three victims all sustained minor to moderate lacerations to their face and arms from the assault by suspect Landon Eastep. The three victims separated themselves from Mr. Estep once he went outside. Mr. Estep then broke the glass pane in the rear door of the home trying to gain entry. Mr. Estep is a distant second and third cousin to all victims. Medical care was provided at the scene for the victims, while victim Bobby Fillers went to the hospital for further treatment for contusions to the head. I found sufficient probable cause to believe Mr. Estep committed the offenses of disorderly conduct and public intoxication based on the above mentioned observations.

Narrative: (Additional Space on Back)							
<p>On Thursday, the 27th of January 2022, I was at the Williamson County Post located at 3830 Carothers Parkway in Franklin. At 1353 hours, I heard Trooper Reggie Edge Jr. advise dispatch that he had a male subject with a knife on Interstate 65 North at the 76-mile marker. I immediately got in my patrol car, turned on all my emergency equipment, and proceeded to the location. When I arrived on the scene, I saw a white male wearing a jacket holding a box cutter in his left hand and had his right hand in his front jacket pocket. I drew my pistol and took position beside Trp. Edge and had Trp. Vance on my right side.</p>

At that time, I
what I believed to be a
the bottom of the pocket. Soon after that,
Eastep drew what appeared to be a handgun with a silver barrel and pointed it at the officers in front of him. I feared for
the lives of the metro officers, innocent motoring public my troopers, and fired my pistol twice to stop the threat. Metro
and EMS immediately administered first aid to Eastep. As the Tennessee Highway Patrol supervisor on scene I notified
dispatch that shots were fired, and the suspect was down and checked on my troopers to make sure they were okay.

Check here if victim did not answer any of the questions ☒

A "Yes" response to any of Questions #1-3 automatically triggers the protocol referral. (CALL THE COUNSELOR)

1. Has he/she ever used a weapon against you or threatened you with a weapon?
2. Has he/she threatened to kill you or your children?
3. Do you think he/she might try to kill you?

Negative responses to Questions #1-3, but positive responses to at least four of Questions #4-11, trigger the protocol referral. (CALL THE COUNSELOR)

4. Does he/she have a gun or can he/she get one easily?
5. Has he/she ever tried to choke you?
6. Is he/she violently or constantly jealous or does he/she control most of your daily activities?
7. Have you left him/her or separated after living together or being married?
8. Is he/she unemployed?
9. Has he/she ever tried to kill himself/herself?
10. Do you have a child that he/she knows is not his/hers?

Does he/she follow or spy on you or leave threatening messages?

An officer may trigger the protocol referral, if not already triggered above, as a result of the victim's response to the below question, or whenever the officer believes the victim is in a potentially lethal situation.

Is there anything else that worries you about your safety? (If "yes") What worries you? No

- Check one: ☐ Victim screened in according to the protocol
☐ Victim screened in based on the belief of officer
☒ Victim did not screen in

If victim screened in: After advising her/him of a high danger assessment and speaking to the counselor, did the victim also speak to the hotline counselor?

Counselor ID

Officer

Note: The questions above and the criteria for determining the level of risk a person faces is based on the best available research on factors associated with lethal violence by a current or former intimate partner. However, each situation may present unique factors that influence risk or lethal violence that are not captured by this screen. Although most victims who screen "positive" or "high danger" would not be expected to be killed, these victims face much higher risk than that of other victims of intimate partner violence.

Note: The questions above and the criteria for determining the level of risk a person faces is based on the best available research on factors associated with lethal violence by a current or former intimate partner. However, each situation may present unique factors that influence risk or lethal violence that are not captured by this screen. Although most victims who screen "positive" or "high danger" would not be expected to be killed, these victims face much higher risk than that of other victims of intimate partner violence.

The investigation has definitely established the identity of the offender

THE SUSPECT HAS BEEN CLEARLY IDENTIFIED - SEE OFFENSE REPORT.

There is enough information to support an arrest, charge and turning over to the court for prosecution

THE PROBABLE CAUSE HAS BEEN ESTABLISHED BASED ON THE INVESTIGATION - SEE OFFENSE REPORT.

The exact location of the offender is known, so the offender could be taken into custody

THE LOCATION OF THE SUSPECT HAS BEEN IDENTIFIED - SEE OFFENSE REPORT.

There is some reason outside law enforcement control that prevents the arrest, charging and prosecution of the offender

THE VICTIM DOES NOT WISH TO PROSECUTE; THEREFORE, THERE IS NOT ENOUGH PROBABLE CAUSE WITHOUT THE VICTIM'S COOPERATION TO PURSUE PROSECUTION.

The investigation has definitely established the identity of the offender

THE SUSPECT HAS BEEN CLEARLY IDENTIFIED - SEE OFFENSE REPORT.

There is enough information to support an arrest, charge and turning over to the court for prosecution

THE PROBABLE CAUSE HAS BEEN ESTABLISHED BASED ON THE INVESTIGATION - SEE OFFENSE REPORT.

The exact location of the offender is known, so the offender could be taken into custody

THE LOCATION OF THE SUSPECT HAS BEEN IDENTIFIED - SEE OFFENSE REPORT.

There is some reason outside law enforcement control that prevents the arrest, charging and prosecution of the offender

THE VICTIM DOES NOT WISH TO PROSECUTE; THEREFORE, THERE IS NOT ENOUGH PROBABLE CAUSE WITHOUT THE VICTIM'S COOPERATION TO PURSUE PROSECUTION.

☐ Victim did not screen in

If victim screened in: After advising her/him of a high danger assessment and speaking to the counselor, did the victim also speak to the hotline counselor? No

Counselor ID AO69

Officer Yes

Note: The questions above and the criteria for determining the level of risk a person faces is based on the best available research on factors associated with lethal violence by a current or former intimate partner. However, each situation may present unique factors that influence risk or lethal violence that are not captured by this screen. Although most victims who screen "positive" or "high danger" would not be expected to be killed, these victims face much higher risk than that of other victims of intimate partner violence.

The investigation has definitely established the identity of the offender

THE SUSPECT HAS BEEN CLEARLY IDENTIFIED - SEE OFFENSE REPORT.

There is enough information to support an arrest, charge and turning over to the court for prosecution

THE PROBABLE CAUSE HAS BEEN ESTABLISHED BASED ON THE INVESTIGATION - SEE OFFENSE REPORT.

The exact location of the offender is known, so the offender could be taken into custody

THE LOCATION OF THE SUSPECT HAS BEEN IDENTIFIED - SEE OFFENSE REPORT.

There is some reason outside law enforcement control that prevents the arrest, charging and prosecution of the offender

THE VICTIM DOES NOT WISH TO PROSECUTE; THEREFORE, THERE IS NOT ENOUGH PROBABLE CAUSE WITHOUT THE VICTIM'S COOPERATION TO PURSUE PROSECUTION.

On February 03, 2022 at 8:06 AM, Special Agent (SA) Andrew Graves and SA Charlie Belote interviewed BRIAN MURPHY at the Tennessee Bureau of Investigation Headquarters located at 901 R.S. Gass Blvd. in Nashville, TN. Also present for the interview was BRIAN MURPHY's attorney, Jack Byrd. BRIAN MURPHY voluntarily provided the following statement. The following is a brief synopsis of the audio recorded interview:

Officer BRIAN MURPHY and his trainee, Zach Wilbanks were on duty when a radio call came out advising there was a suspect at gunpoint. MURPHY said that he began driving to where the call was, and Wilbanks was in the passenger seat when they responded. MURPHY said that he got to the scene and was on the I-65 Southbound side of the interstate. MURPHY said he got his patrol rifle out (personally owned) and he saw the subject with a boxcutter in his left hand and his right hand was concealed in his pocket. MURPHY said that an SRT officer requested that he move to where the THP cars were, to make an L shape formation. MURPHY said that he then went over to the vehicle and got to the wheel well when the subject took a weaver type firing stance, and he had a silver object in his left hand as he took that stance. MURPHY said that he took cover and there was gunfire, then he saw the subject collapse to the ground. MURPHY said that when the subject fell to the ground, he fell on his right side, at which time he saw the subject's arm come up in a manner where MURPHY thought the subject could shoot at other officers. MURPHY said when he saw the subject's arm raise, he fired two rounds from his rifle. MURPHY said that when the subject's arm went down, he stopped firing. MURPHY said that he couldn't tell which arm of the subject's was raised. MURPHY described the object the subject was holding as a silver object, which he believed to be a firearm. MURPHY said that he didn't hear other officers yell cease fire, and that there was a very short amount of time between the first grouping of shots fired, and his two shots. MURPHY also stated that he had not reviewed his own body worn camera video of the incident, but only what MNPd had released.

AGENT'S NOTE: Prior to the conclusion of the interview, segments of Officer MURPHY's body worn camera video were played for clarification.

The full, recorded interview of BRIAN MURPHY's interview will be submitted to the case file.

Gass Blvd. in Nashville, TN. Also present for the interview was CARRICK's attorney, Kim Gilleland. STEVEN CARRICK voluntarily provided the following statement. The following is a brief synopsis of the audio recorded interview:

Sgt. STEVEN CARRICK stated he was traveling North on I-65 South on the way to work when traffic came to a stop. CARRICK said that while traffic was stopping, he saw a trooper on the right shoulder, and the trooper was partially in the roadway. CARRICK said as he got closer, he saw the trooper pointing his firearm at a subject on the right side of the road, and there was a civilian that was also pointing a firearm at the same subject. CARRICK said that he parked his car (personal) on the left shoulder and put on his vest and duty gear, and alerted dispatch to send officers to the scene. CARRICK said that the civilian identified himself as a Mount Juliet Police Officer and he saw a knife in the subject's left hand, while the subject had his right hand in his pocket. CARRICK said he took his firearm out of its holster and had it at a low ready and that he saw the subject had a hoodie on and it was unzipped, and he saw what he believed to be the barrel of a handgun. CARRICK said that as other officers were arriving at the scene, the Mount Juliet Officer was mainly speaking to the subject to put the knife down and to take his hand out of his pocket. CARRICK said that the subject would pace back and forth, then would also mutter things that he couldn't tell what was being said. CARRICK said that during the incident, the subject bladed himself, made a quick jerking motion with his right hand, and pointed his hands forward towards officers in front of the subject, while holding the object in his hand that appeared to be the barrel of a gun. CARRICK said that when the subject pointed the object that he believed to be a handgun at the other officers, he fired two shots at the subject. CARRICK said that the subject fell to the ground, then he saw the Mount Juliet Officer go down to the ground thinking he had been shot. CARRICK said he and other officers checked on the

Mount Juliet Officer, while other officers went to the subject to provide first aid. CARRICK stated after the incident, he viewed body camera video that had been released in the news and video that a person had put on Facebook.

Gass Blvd. in Nashville, TN. Also present for the interview was WILLIAMS' attorney, Kim Gilleland. SEAN WILLIAMS voluntarily provided the following statement. The following is a brief synopsis of the audio recorded interview:

Officer SEAN WILLIAMS of the MNPd was working on January 27, 2022 when a call from dispatch came out as THP had confronted a subject and requested units to be enroute to that location. WILLIAMS said that he responded to the call and arrived at the scene on I-65. WILLIAMS said that he arrived on the Southbound side of I-65 and had to go over the center barrier to get to the area of I-65 North where the subject and other officers were. WILLIAMS stated that he observed the subject to be a white male with a boxcutter in his left hand, and his right hand to be in a jacket pocket of his hoodie. WILLIAMS said that there were several officers at the scene at this time, including troopers. WILLIAMS said that there was an off-duty officer on scene that had built a rapport with the subject and the subject had been identified himself as LONDON. WILLIAMS said that the subject was not compliant and that he would talk, but not in a way of compliance. WILLIAMS said that during the incident, officers were begging to the subject to put the knife down, but he wouldn't. WILLIAMS said that during the incident, the subject took his right hand out of his pocket while holding an object, put both his hands together like a police stance, and made a fast motion resembling a gun stance towards the off-duty officer. WILLIAMS said that the object looked like a firearm and he believed the off-duty officer's life was in danger, at which point he fired his weapon at the subject. WILLIAMS said as the subject was taking his hand out of his pocket, the officers were yelling no, no, no and to stop, but the subject did not. WILLIAMS said after he fired, the subject fell to the ground and he began going up to the subject to render aid. WILLIAMS said that when the subject was on the ground, he saw the subject's arm raise a little, but did not hear other shots. WILLIAMS also said

he yelled out, cease fire, and when he got up to the subject, he saw the object that the subject displayed, and he made sure other officers didn't hit it. WILLIAMS said prior to the interview, he had seen body camera footage of the incident on News Channel 5 and a Facebook video of the incident.

The full, recorded interview of SEAN WILLIAMS' interview will be submitted to the case file.

The following is a brief synopsis of the audio recorded interview:

Detective EDIN PLANCIC stated he was in training when a call came through dispatch stating I-65 was shutdown. PLANCIC said that he responded to the scene on I-65 South. PLANCIC stated that when he got to the scene, he retrieved his rifle (personally owned) and crossed over the barrier to I-65 North, where he observed officers had a subject at gunpoint. PLANCIC said that the subject had what looked like a boxcutter in his left hand and he had his right hand in a jacket pocket. PLANCIC said that during the incident, he saw an imprint in the right pocket of the suspect's jacket, and it looked a barrel of a gun. PLANCIC said that officers would tell the subject to drop the weapon and to take his hand out of his pocket, but the subject would not comply. PLANCIC said that the subject would blade himself during the interaction and that at one point, the subject took a couple steps forward, took his right hand out of his pocket while holding the object, then made a shooter's stance with the object, pointing it at the off-duty officer. PLANCIC said that he fired two shots at the subject at this time, as he believed the object was a gun and he was concerned for the safety of the officers and civilians there. PLANCIC described the object as gray/silver in color and was about 5" to 6" in length and he believed it to be the barrel of a revolver. PLANCIC said that after the shots were fired, the subject fell to the ground. PLANCIC said that officers then went to the subject and began rendering aid.

On February 03, 2022 at 11:05 AM, Special Agent (SA) Andrew Graves and SA Charlie Belote interviewed JUSTIN PINKELTON at the Tennessee Bureau of Investigation Headquarters located at 901 R.S. Gass Blvd. in Nashville, TN. Also present for the interview was PINKELTON's attorney, John Brown. JUSTIN PINKELTON voluntarily provided the following statement. The following is a brief synopsis of the audio recorded interview:

Officer JUSTIN PINKELTON and his recruit, JAMES KIDD responded to a dispatch call of an officer in trouble regarding a trooper on I-65 North. PINKELTON said that they arrived at the scene on I-65 South and they crossed over the barrier to get to where the officers and subject were located. PINKELTON said that the subject, identified as LANDON had an open boxcutter in his left hand and would be mumbling things to the officers there, including an off-duty officer from Mount Juliet. PINKELTON said that officers were begging for LANDON to drop the weapon, but LANDON would not. PINKELTON said that during the incident, LANDON kept his right hand in a hoodie pocket, and there was a cylindrical object he could see an imprint of. PINKELTON said that the way LANDON was holding it, he believed it to be a weapon. PINKELTON stated that during the incident, LANDON began to pace, then he bladed his body, and began to pull the object out of his pocket. PINKELTON said that LANDON then jerked the object out of his pocket, and he saw that it had a silver tip, and believed it to be a gun. PINKELTON said he fired his weapon at LANDON, then LANDON fell to the ground. PINKELTON said that while LANDON was on the ground, LANDON made a movement like he was rolling over, and he saw LANDON's arm move. PINKELTON said that officers then went to LANDON and began rendering aid.

AGENT'S NOTE: Prior to the conclusion of the interview, segments of Officer PINKELTON's body worn camera video were played for clarification.

The full, recorded interview of JUSTIN PINKELTON's interview will be submitted to the case file.

On February 03, 2022 at 12:08 PM, Special Agent (SA) Andrew Graves and SA Charlie Belote interviewed JAMES KIDD at the Tennessee Bureau of Investigation Headquarters located at 901 R.S. Gass Blvd. in Nashville, TN. Also present for the interview was KIDD's attorney, Kristin Berexa. JAMES KIDD voluntarily provided the following statement. The following is a brief synopsis of the audio recorded interview:

Officer KIDD stated that he was riding with Officer PINKELTON, his field training officer when dispatch gave out information regarding a trooper having a subject at gunpoint on I-65 North. KIDD said that they responded to the scene and on arrival he hurdled a traffic barrier and saw a trooper and a plainclothes officer out with a subject who had a boxcutter in his left hand. KIDD said that during the incident, he told the off-duty officer to get behind him, due to the off-duty officer not having a bulletproof vest on. KIDD said that during the incident, the subject bladed his body with his left foot forward, pulled an object out of his pocket in a draw stroke manner, then extended both arms as he used the left hand with the boxcutter as a support hand, then point the object directly at him. KIDD said that the object was shiny, cylindrical shaped, and he believed it to be a gun. At this time, KIDD said that he fired his weapon four times at the subject and the subject fell to the ground. KIDD said that Officer SEAN WILLIAMS had yelled cease fire and he heard two late shots. KIDD said that while the subject was on the ground, the subject was lying on his right side, and his left arm made a straight-out motion. KIDD said that other officers began to render aid to the subject, and he checked on the off-duty officer. KIDD stated that he had watched the body camera video released by MNPd and a Facebook video of the incident prior to the interview.

AGENT'S NOTE: Officer KIDD made a diagram of the scene where officers were at during the incident prior to the interview. This diagram was provided to SA Graves by Officer KIDD at the conclusion of the interview. A copy of the diagram will be submitted to the

case file.

On January 27, 2022, multiple agents with the Tennessee Bureau of Investigation (TBI) were requested by the twentieth (20th) Judicial District Attorney General (DAG) Glen Funk to investigate the facts and circumstances surrounding an Officer Involved Shooting (OIS) involving the Metro-Nashville Police Department (MNPd), the Tennessee Highway Patrol (THP) and an off duty Mount Juliet Police Department Officer (MJPD). The OIS occurred on Interstate I-65 North, between Old Hickory Blvd and Harding Place, near mile marker 76.2.

Agents that responded to the incident include Assistant Special Agent in Charge (ASAC) Josh Savley, ASAC Nathan Neese, SA Andrew Graves (Case Agent), SA Bobby Simmons and SA Charlie Belote. The weather during the time of the incident was approximately fifty (50) degrees and sunny. SA Belote arrived at the incident location at approximately 3:43 PM and was the last agent on scene.

Due to the size of the incident location, the baseline method of measuring evidence was utilized. Two pins were placed for permanent markers, one on the southern most section of the scene and one at the northern most section of the scene. The southern pin latitude coordinates are 36.058066 and the longitude coordinates are -86.773317. The northern pin latitude coordinates are 36.058376 and the longitude coordinates are -86.773089. There is approximately one hundred and fifty (150) feet between the southern pin and northern pin. Additionally, there is a negative baseline measurement of twenty-five (25) feet from the southern pin. Lastly, from the southern pin, to the north two hundred and twenty-two (222) feet there is a metal power pole as a tertiary marker.

SA Belote began to place numbered placards at approximately 3:56 PM and completed placing the placards at approximately 4:26 PM. Throughout the entirety of the investigation, SA

Simmons took multiple photographs. Furthermore, SA Jeff Moseley responded to conduct an oversight of the scene with the TBI drone.

In total there were forty-three (43) itemized placards placed and forty-two (42) items collected as evidence. It should be noted that item 43 is described as a deflection in the ground, near the guard rail on I-65. Below is a spreadsheet of the measurements for items marked with placards.

ON Thursday 1-27-22, I was responding to a CODE 5000 at MM 76 at I-65 N. INVOLVING A TENNESSEE STATE Trooper AND AN OFF DUTY OFFICER. WHILE TRAVELING DOWN I-65 SOUTH CODE 3 WE OBSERVED THE OFFICERS ON THE NORTH BOUND LANES, SO I STOPPED ON THE SOUTH BOUND SIDE IN THE LEFT LANE. I JUMPED OVER THE CONCRETE WALL TO ASSIST THE OFFICERS WITH THE SUSPECT. WE FORMED AN "L" SHAPE AROUND THE SUSPECT, AND I HAD MY SERVICE WEAPON OUT ON THE SUSPECT. AT ONE POINT I ALSO HAD MY TASER OUT TO HOPEFULLY USE LESS LETHAL ON THE SUBJECT, BUT THE SUBJECT NEVER GOT CLOSE ENOUGH TO USE THE TASER ON HIM. I PUT MY TASER BACK IN THE HOLSTER, AND PULLED MY SERVICE WEAPON BACK OUT, WHEN THE SUBJECT DID LUNGE TOWARD THE RIGHT SIDE OF MY POSITION I DID NOT FIRE MY WEAPON DUE TO THE AMOUNT OF SHOTS ALREADY FIRED.

<p>On 01/27/2022 I responded to assist a THP officer on I-65N near mile marker 76. Dispatch advised the THP officer had a male with a box cutter at gunpoint. When I arrived on scene I observed at least one THP officer, several uniformed MNPD officers and a plain clothes officer in a loose semi-circle with their pistols drawn facing a male white in a gray hoodie. The male in the hoodie had his right hand in the right hand pocket of the hoodie and an object in his left hand that I assumed to be previously mentioned box cutter. I placed my Metro vehicle across the middle lanes of I-65N, exited my vehicle and drew my Metro issued service pistol. Knowing that I was not wearing body armor, I did not advance to the group of officers. I instead released my trunk from the dash of my vehicle, moved to my trunk, holstered my pistol and removed my Metro issued shotgun from my trunk. I then moved to a position of cover behind the left front wheel of my vehicle. Shortly thereafter, I moved to a position of cover behind the rear of my vehicle as it afforded me a better line of sight to the suspect, a better backdrop and did not endanger the officers ahead of me who were engaged with the suspect. I could hear the plain clothes officer speaking to the suspect and trying to get him to put down the object in his hand. The suspect stepped toward the group of officers several times, and then moved back. When the suspect would step towards the officers I would take the safety off of my shotgun, and when he would move back I would place the safety back on. I saw the suspect again take steps toward the group of officers and took the safety off of my shotgun. I saw the suspect raise his right hand, step toward the officers, and saw and heard several of the officers fire their weapons. I also heard an officer to my right fire a rifle immediately following the initial volley from the officers to my front. I saw the suspect immediately fall to the ground, and did not fire my shotgun. As officers moved in to assist the suspect, I moved forward as well and asked the officer to my right if he had fired his rifle. The officer responded in the affirmative. As I arrived next to the suspect officers were asking, "Where's our medic?" I then ran back to my vehicle, stowed my shotgun in the trunk and grabbed my medical bag. I ran back to the suspect with my bag and provided a chest seal, gauze and a wound wrap to the officers providing aid to the suspect. Once the suspect was transported I assisted in establishing a perimeter with other officers by placing crime scene tape across the road once traffic was cleared from near the scene. I remained on the scene and spoke with Det. Roland when requested. I also spoke to representatives of Professional Wellness. Once I was advised I could return to the office, I did so in order to complete this supplement.</p> <p>Nothing follows.</p>

I was inside of Midtown Hills Precinct on 1/27/22 participating in a training exercise. We heard on the radio "Standoff" and "I-65". We listened closer and heard that the description of the call was a distress signal. The on-scene officers called for SWAT and Crisis Negotiators. I responded to the scene as a negotiator. Once arriving at I65S before Old Hickory BLVD, I started gathering intel for negotiators purposes. I spoke with TDDT and on scene MNPP supervisors. After gathering some intel, I met back up with Detective Sgt. Brown and relayed this. During this time, I saw the suspect standing on I65N with a box cutter in his ^{left} hand, and his right hand in his pocket. The right hand appeared to be holding something. I then heard multiple shots fire. I then saw an officer who believed he was shot. I checked him for wounds by the Interstate barricade. I then assisted other officers administer first aid to the suspect until he was transported to the hospital.

I responded to THP officer requesting back up due to him having an unknown white male at gun point. Upon arrival, myself and my FTO, Brian Murphy, grabbed a shotgun and a rifle, respectively and posted on the concrete barrier separating I65 North and Southbound lanes around MM 76.1. The subject was on the shoulder on the northbound side of I65. Approximately 10 minutes later, a SWAT team member had me change positions to change our angle on the subject. I jumped the concrete barrier and took position on the line as headed to a new position when the subject pulled a metal silver item out of his right jacket pocket and pointed it at officers. The subject pointed the item similar to how a person would point a pistol. At this time, I heard shots being fired. I was unable to shoot as I was still slipping my shotgun around my person and not on line with other officers.

On 01/27/2022 I received word that one of my sergeants, Steven Carrick, was involved in the officer involved shooting on I-65 North at MM 75/0. I left North Precinct and headed to the scene so I could check on Sergeant Carrick. When I arrived, the scene was already secured and roped off. Mr. Landon Eastep had already been transported to the hospital. All of the command staff and PIO Don Aaron were on the scene as well.

I tracked down Sergeant Carrick and asked him if he was okay. He advised he was fine and was in route to work when he stopped assist with the code 5000. I did not question Sergeant Carrick beyond that and only wanted to ensure he was not injured or needed anything. I then made sure that Behavioral Health spoke to him. After making contact with Sergeant Carrick and ensuring he was fine I hung around for a while and spoke to some of the command staff. I had no other involvement in the investigation.

Incident Number: **2022-0039998**
Victim: **Trooper Reggie Edge Jr**
Offense Classification: **Aggravated Assault (Officer)**
Reporting Detective: **Mike Roland**

Victim 2: *MJPD Fabjan Llukaj*
Victim 3: *MNPD James Kidd*

On Thursday January 27, 2022 at approximately 1430 hours, Sergeant Charles Rutzky notified me to respond to an **Officer Involved Shooting (OIS)** that was occurring on I-65 N near the Harding Place exit. Information was limited at this point. I understood that it was an incident that started with the **Tennessee Highway Patrol (THP)**. Initial reports advised ambulances had been sent for one suspect and one officer.

At approximately 1500 hours, I arrived on the scene. I was advised that one suspect had been transported to Vanderbilt Emergency Room and he was deceased. There were no officer's injured. Briefly, it was explained that THP Trooper Edge (Victim 1) stopped to assist the suspect he observed on the interstate. This suspect pulled out a box cutter and was keeping his other hand concealed in a pocket. Trooper Edge called for immediate assistance. An off-duty Mt. Juliet Police Officer happened to be travelling by and stopped to assist.

MNPD received the call as a **CODE 5000**, "**Personnel in serious danger**". Multiple units responded. At some point during the negotiation with the suspect, he pulled his hand out of his pocket with a cylindrical shaped object, as if he had a gun and multiple officers fired their weapons at him. The suspect was struck multiple times and was transported by Medic 28 soon after.

I was advised since there was a deceased suspect and officers fired their weapons, the **Tennessee Bureau of Investigation (TBI)** would be responding and taking lead in the investigation. I am assigned the liaison to assist them with any needs from the MNPD.

I understood that each of the officers involved were currently either sitting alone in a vehicle or speaking with **FOP** counsel. Below is a list, as I was advised, of Officers who discharged a firearm:

At some point, *Special Agents* of the **Tennessee Bureau of Investigation (TBI)** began arriving. I spoke with SA Bobby Simmons. It was assumed that he would be the lead TBI Agent. I provided SA Simmons with all the information I had obtained at this point. He requested I first contain the crime scene by placing more crime scene tape closer to the shooting scene. I also requested Officers on each side to keep the traffic to a minimum.

SA Simmons also requested I identify all the officers who were present on the scene and witnessed the incident. He requested I obtain a supplement report from each of them and let them know they may be contacted later by a TBI agent.

I located Lieutenant Tiffany Gibson. Lt. Gibson was on the scene at the time of the incident and assisted me in locating other officers who witnessed the incident. The follow names are the officers who witnessed the incident. I collected a supplement report from each and emailed a copy of each to SA Simmons later in the evening:

✓ Lieutenant Tiffany Gibson	ENO 468054
✓ Sergeant Margie Haworth	ENO 224877
✓ Sergeant Josh Black	ENO 468034
✓ Officer Greg Scott	ENO 212318

During this time, I received information of who the suspect is. The suspect is as follows:

Landon D. Eastep

DOB [REDACTED] / OCA [REDACTED]

TDL [REDACTED]

At approximately 1815 hours, I arrived at the South Precinct with Agents of the TBI. They went to collect all the officer's weapons for testing in their lab. I collected a few supplement reports and stood by with the TBI in case they needed anything.

I returned to my office and met with Sgt. Haworth. She brought me her report.

At approximately 2019 hours, I emailed SA Simmons the supplement reports of the nine (9) officer witnesses. I also advised him that there will be more supplements coming through the metro mail of officers who responded but did jobs like traffic control and crime scene containment.

On Friday January 28, 2022 at approximately 1210 hours, Detective Andre Davis advised me Sergeant Chase Burnett called him and advised him that one of his officers had obtained some ring footage from a neighbor of Landon Eastep. The footage showed Eastep and his wife arguing. Det. Davis advised him to forward the footage to me.

Homicide - Cold Case Unit

Incident Number: **2022-0039998**
Victim: **Trooper Reggie Edge Jr**
Offense Classification: **Aggravated Assault (Officer)**
Reporting Detective: **Mike Roland**

At approximately 1317 hours, I received an email from Officer James Thomas. He sent me the **RING** camera footage. I requested he complete a supplement report and send to me as well. This is what Officer Thomas said about the situation. This is the body of his email:

I work South CET in the Trimble/Lewis area. Today I was approached by Mr. Josh Hellmer (p.s. [REDACTED] who advised me that the homeowner at [REDACTED] told him that Landon Eastep was his neighbor and lived across the street at [REDACTED]. He said that at around 9:30 on 1/27 that Eastep and his girlfriend/wife were having a verbal dispute and Eastep left the location on foot. Video surveillance footage from [REDACTED] (attached) confirms these observations.

The following is "hyperlink" that was also in the email:

<https://na01.safelinks.protection.outlook.com/?url=https%3A%2F%2Fring.com%2Fshare%2F98b8d28e-aea5-4fa4-96b0-26d24db1e7ca&data=04%7C01%7C%7C2d45ed9b0fb641a511db08d9e20c3c8c%7C84df9e7fe9f640afb435aaaaaaaaaaaa%7C1%7C0%7C637789364451030975%7CUnknown%7CTWFpbGZsb3d8eyJWlloiMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6Ikh1aWwiLCJXVCi6Mn0%3D%7C3000&sdata=kYiPP1VUFbOMb37f6z6iaVpMz92NHQCX9Egn%2BuFNipc%3D&reserved=0>

I watched the footage. It was taken from one side of a street to the other. There was a male white and a female white arguing. The female white made statements like, "Get the fuck out!" "You want to be out here on the God Damn streets, you got it, GO, get the fuck out" There was another male white observed getting out of a red car and said something about giving the other male white a ride. The female white made statements like, "Fuck him", "he don't need no God Damn ride!" "I wonder who paid for that phone Bitch?" "Who pays for everything LANDON?" "You aint no fucking man, you're a little boy and all these people know you a little fucking bitch boy pussy ass bitch, get the fuck out my life!"

At approximately 1056 hours, I put out a blanket email to all Officers, Sergeants and Lieutenants reminding them to complete a supplement report and send it to me as soon as possible.

On Wednesday February 2, 2022, I emailed SA Simmons a list of the nine (9) officer witnesses contact information should they need further information from them.

At approximately 1400 hours at approximately 1402 hours, TBI Special Agent Andrew Graves emailed me requesting I get him a copy of MNPD reports regarding Eastep's past encounters.

On Thursday February 3, 2022, I researched Landon Eastep and located the following reports:

On 01/27/2022 I responded to an officer involved shooting on I65 near Harding Place after hearing the incident on the radio. I arrived on scene at approximately 1430 hours. I checked in with Lt. Tiffany Gibson on the perimeter of the scene. The subject of the shooting was being transported from the scene when I arrived. I assisted Lt. Gibson with making notifications. Commander Widener responded to the scene and was briefed by Sgt. Haworth. I was informed by Sgt. Josh Black that one of our CFIT detectives, Edin Plancic had fired his AR15 rifle during the incident. I deactivated my BWC once it was determined that I was not going to be in direct contact with citizens and the investigative process was under way. I remained at the scene until approximately 1800 hours. I did not enter the immediate area of the scene and remained on the southbound side of the retaining wall of I65.

On Thursday January 27th, 2022, at approximately 1444 hours I was notified of an OIS incident in Midtown Precinct. I responded to the scene, which was near MM 76 I65 N. When I arrived, which was approximately 1600 hours, I spoke briefly with Chief Taylor to ascertain which officers had been involved in the use of force. I then began locating the officers involved in the incident, specifically, Officers James Kidd, Sean Williams, Justin Pinkelton, Edin Plancic and Brian Murphy. As I located those individual, who were all in separate vehicles, except for Officer Williams, who was talking with legal representation, I collected their BWCs and stowed them in my shoulder bag. I was informed that Sgt. Steven Carrick was also involved in the shooting incident, but when I tracked him down and spoke with him, he informed me that he was not wearing his BWC during the incident. Sgt. Carrick further explained that he was on his way to work (at North Precinct) when he drove up on the THP officers and the armed subject on the side of the road. Sgt. Carrick was not yet dressed fully and his gear was laid out on his vehicle seats. He told me he simply threw his vest on, grabbed his jacket and zipped it up over the vest and then buckled his duty belt on without having the time to attach belt keepers. Sgt. Carrick was in his personal vehicle during his drive in to work and by policy would not be required to have his BWC attached to his clothing. After confirming he was not wearing his BWC I then spoke with Lt. Gibson briefly and asked her to get on the radio and request anyone who may have footage of the shooting, but was not directly involved, to come meet me so I could collect their cameras as well. These additional cameras were not a big priority, but I figured I would put them into evidence library that same day, once I had finished with the 5 primary BWCs.

I collected 6 additional cameras from officers that were on the scene, but did not use force, during the incident. I then drove to MNPD HQ and began to upload the camera data into Evidence Library. Over the next few hours I met with TBI Special Agent Moseley and we reviewed the BWC footage. I also met with Don Aaron and his staff and reviewed the video. The representative from the Community Oversight Board contacted Commander Lara and informed him that she would not be coming in to HQ to view the footage. The video was also uploaded to the District Attorney's video server. I turned the 5 primary BWCs over to SISU once the footage was all uploaded.

ON 1/27/22 Dispatch notified via radio of a THP TROOPER on the 165N between OHS and Harding who had a subject at gun point and needed backup. I instructed Sgt. Haworth to respond to the scene and headed there as well. I notified Commander Widenor of the situation and put out notice via email. Upon arrival on scene, I saw Officers negotiating with a subject in the middle of 165N. Subject had his right hand in his pocket and was not complying with instructions. I was on 165S side and on phone when suddenly the subject turned quickly toward officers and drew something out of his pocket pointing it toward the officers. Shots were fired and the subject went down. Aid was rendered and I notified via radio shots had been fired and then made sure everyone was okay and made proper notifications to all resources were made.

On January 27, 2022 I responded to a call at I 65 N / Harding PI where a Tennessee Highway Patrol Trooper was calling for backup. I inquired over the air what the suspect was wanted for a possible K9 deployment and assistance. I staged near the Harding PI entrance to I 65. Shortly after arrival radio traffic indicated that shots were fired and I drove to the scene of the incident. I was not present at the scene when the shots were fired by officers. I moved my car in between where the suspect was and the traffic on I65 S to block the view from citizens as medics worked on the suspect. The suspect had several gun shot wounds to his abdomen and chest, I provided some additional medical supplies to the medics who were working on the suspect. Once the suspect was transported to the hospital by NFD I waited until I was released by TBI agents at the scene. The incident is recorded on BWC and ICC.

On 12/16/2021 at approximately 0300 hours I responded to 915 Old Hickory Blvd for a code 5000 (officers needing immediate assistance). Upon arrival I initially staged at Dickerson Pike and Old Hickory Blvd shutting down traffic coming from Dickerson pike onto Old Hickory Blvd. Several minuets after arriving on scene unit 5275 (K9) requested additional officers to his location due to having a visual on the suspect, to which I responded. When I got to 5275 I recovered my department issued shotgun from the trunk of my vehicle (8880AD). Upon my arrival the subject, later identified as Marcel Anthony Phillips, was sitting in a clearing just outside of the woodline on the North side of Old Hickory Blvd. Several other officers joined 5275 and myself and we maintained a visual on the subject while other officers to the East of us were giving commands through the PA of a marked patrol unit. I observed an object in the suspects hand but I was unable to make out what it was specifically. At some point two other officers, 5275, and I pushed closer to the suspect (approximately 30 yards away) using vehicle 8865AH as cover. The suspect continued refusing all of police commands and yelling "shoot me!" I witnessed at the suspect place what looked to be a straw or rolled up piece of paper in his nose before leaning forward and snorting something out of his hand. At approximately 0320 hours I heard 2 to 3 gunshots and saw the suspect quickly go from sitting upright on his knees to laying on his back. Officers in the area were operating a drone and used the drone to get a close visual on the subject who was not moving. I along with several other officers then pushed forward to the subject taking him into custody and began administering first aid. I retrieved the firearm from underneath the suspect moving it several feet away from the body and rendering it safe (There was one live round in the chamber). I made a supervisor aware of the firearms location and he had a Madison unit stand by with the firearm. At this point I returned to my vehicle and placed my shotgun in the trunk. I remained on the outside of the scene for the remainder of the incident.

On 1/27/22 I, Sgt. Daniel Brown, responded to I-65 near Armory Drive where officers on scene requested assistance from on duty Negotiators. When I arrived on scene I positioned my vehicle near the median wall on the south bound side of the Interstate. Upon exiting my vehicle I observed a subject standing in the north bound lanes with an object in his hand and another hand concealed in a front jacket pocket. I directed Det. Casla, also with CNT, to begin to gather intelligence for other responding CNT. I then advised CNT chain of command of the on duty Negotiator request and was advised to continue gathering information and wait for additional CNT/SRT resources. At approximately this time I turned toward the incident and observed the subject draw an object from his pocket and gun fire ensue. I then notified CNT chain of command and stayed on scene until released.

On 1/27/2022 at approximately 1448 hours I, along with three other officers, was dispatched to an incident at MM 76.0 I65 North. I arrived to the Harding Place exit of I65 South and assisted other units in diverting traffic onto the Harding Place exit away from the incident. Moments after we had diverted traffic we heard one of the officers at the scene say there were shots fired on the radio. After this I stayed at the exit to maintain traffic as well as direct the multiple units that arrived to assist with the following investigation. Once the scene was stabilized I, along with multiple TDOT units, slowly allowed traffic to continue on I65 South past the scene. I remained on scene in case my assistance was needed unit I was released by the incident commander.

<p>On Thursday, Jan 27, 2022 around 1400 hours, I responded to an incident on I65N between Old Hickory Blvd and Harding. Dispatch and all units already on scene, stated that there was a man walking on the interstate, that when approached by THP officers, produced a box cutter. When I arrived in the area, multiple officers were already on the scene so I, along with several other officers, staged on the Harding exit ramp off of I65N. After approximately 10 minutes of staging, officers got on the radio and advised "shots fired, suspect down, officer down". Myself and the other officers staging drove South bound on 65N and arrived at the scene moments later. I observed the suspect on the ground being administered aid by several officers and attempted to locate the officer that was hurt. Turns out no officer was hurt. I helped secure the scene while officers administered aid until the suspect was transported by NFD medics. I continued to secure the scene until I was told to leave around 1645. I did not see the actual shooting occur.</p>

<p>On 01-27-2022 THP request more vehicle on a male walking on the side of I-65N. I responded to I-65S and Harding Place exit to stop traffic from traveling any farther on I-65S. I worked with TDOT and other MNPD Officers to keep I-65S closed and funnel traffic off of I-65S onto the Harding Place Exit while still allowing Command Staff to responded to the scene. I maintained my position on I-65S and Harding Place until the time that Incident Command said to open I-65S. Myself, the other Officer out with me and TDOT conducted a rolling roadblock of I-65S up to Command Staff vehicle parked on I-65S in the number 1 and 2 lanes. I maintained blocking I-65S until Command Staff was clear and TDOT was collecting thier traffic cones to open I-65S completely.</p>

On 1/28/2022, at 10:00 hours, I was approached by Mr. Josh Hellmer [REDACTED] who advised me the homeowner at [REDACTED] told him Landon Eastep was his neighbor and lived across the street at [REDACTED]. This subject told Mr. Hellmer that at around 9:30 on 1/27 Eastep and his girlfriend/wife were outside their residence having a verbal dispute and Eastep left the location on foot. Video surveillance footage from [REDACTED] (attached) confirms these observations. The video was sent to Det. William Roland at Cold Case.

On January 27th, 2022, I responded to Interstate 65 North entrance ramp and Harding Place to stage with the medic units due to an active call on the interstate. Officers on the interstate advised they were dealing with an armed subject. I was staged in on the ramp with several other officers. I heard over the radio shots were fired and send medics immediately to the scene. NFD's ambulance had not arrived on scene yet, so I made the decision to go head and respond to the scene due to being an EMT. When I arrived on scene, I noticed a male white laying in the middle of the street and officer starting to render aid. I immediately exited my vehicle, grabbed my medical gear, and proceeded to provide medical care to the individual until the ambulance arrived. Once the ambulance arrived on scene, the individual was carried to the ambulance where medical care was transferred to the ambulance. At this point I remained on scene until the scene was released due to my vehicle being parked inside the scene.

I was at Midtown station monitoring the progress of the call and decided to respond when Command was calling for additional cars to go shut down locations / intersections. I headed that way to take over and coordinate the traffic portion of the incident. Upon pulling up to the intersection of Harding Place and I-65 it was transmitted that shots were fired and an officer was down so I got onto the interstate and responded to the scene. Once on the scene I began assisting Command with the management of the scene, calling support units, and coordinating with TDOT and Brentwood PD to divert and clear the traffic which was backed up on I-65 North. I assisted until I was no longer needed.

I was not on the scene when the incident occurred.

On 01/27/2022 I responded to the Code 5000 on I 65. upon arrival to the location I fell in to assist in blocking traffic on I 65 S. Initially we blocked just north of Harding Place exit, but quickly moved the road block further south to allow traffic to flow off of the exit. I was relieved by a B Detail Officer and returned to Hermitage Sector.

On 1/27/2022 I responded to a call for service in which officers were in a standoff with a subject in the southbound lanes of I-65 S. While in route to the location it was advised over the radio to have units stage on the I-65 N off ramp to Harding Pl. in case officers had to respond they could drive Southbound in the Northbound lanes. I was staged in this area when it was advised shots were fired and an officer was down. I responded to the scene and began assisting other officers rendering first aid to the suspect and eventually moved into an ambulance. Once the suspect was transported I waited for TBI and other investigative units to process the crime scene as my vehicle was parked inside the crime scene.

I HEARD OVER THE RADIO THAT THE WAS ON A TRAFFIC STOP ON I-65 NORTH NEAR HARDING PLACE AND THAT THE CALL WAS UPGRADED TO A CODE 5000. I INFORMED DISPATCH THAT I WOULD START THAT WAY FOR ASSISTANCE. I ARRIVED NEAR THE LOCATION AND I PARKED ON THE SOUTHSIDE OF THE BARRIER WALL MM 76.1. I OBSERVED A MALE WHITE STANDING ON THE ROAD WITH WHAT LOOKED LIKE A KNIFE IN HIS LEFT HAND AND HIS RIGHT WAS INSIDE A JACKET POCKET. OFFICERS WERE TALKING TO HIM IN AN EFFORT FOR HIM TO COMPLY AND DROP HIS WEAPON. THE SUBJECT HAD BEEN WALKING AROUND MOVING BACK AND FORTH TOWARD DIFFERENT OFFICERS WHEN HE ALL OF A SUDDEN TOOK HIS HAND OUT OF HIS POCKET AS IF TO POINT A WEAPON AT THE OFFICERS IN FRONT OF HIM IN A THREATENING MANNER. THE OFFICERS FIRED TOWARD THE MALE. A MOUNT JULIET OFFICER THOUGHT HE HAD BEEN STRUCK BY A BULLET FROM THE MALE SUBJECT CAME OVER TO THE WALL AND OTHER OFFICERS BEGAN TO CHECK HIM OVER FOR WOUNDS. HE PLACED HIS WEAPON WHICH WAS IN THE HOLSTER ON TOP OF THE WALL WHILE HE WAS GIVEN AID AND LAYING ON THE PAVEMENT. FOR SAFE KEEPING I PLACED THE WEAPON WHICH WAS IN THE HOLSTER IN MY VEHICLE UNTIL TURNING IT OVER TO SWAT. THE OFFICER ASKED ME TO CALL HIS CAPTAIN WHICH I DID. THE OFFICER SPOKE WITH HIS CAPTAIN AND SHORTLY AFTER, CAPTAIN CHANDLER ADVISED THEY WOULD SEND SOME ONE DOWN FOR THEIR OFFICER. THIS WAS MY INVOLVEMENT. I SPOKE WITH COMMAND AND THEN RETURNED TO THE OFFICE TO CHANGE CAMERAS FOR A CRITICAL INCIDENT UPLOAD.

<p>On 01/27/22, at 1358 hrs. I responded to a code 5000 on I 65 North at mile marker 76. Once on scene, I observed several police officers already out of their vehicles and talking to the suspect. Having worked that area, I knew that Franklin Pike Circle ran parallel to where to suspect was at on the interstate. I took up a position just south of the scene on Franklin Pike Circle. I used my car and cones to keep traffic from going north toward Regent Dr.</p>

I was dispatched to a code 5000 on I-65 between the Harding and Old Hickory Blvd exits. I was on a fixed post on I-65 S diverting traffic off of the interstate and onto Harding. After the incident took place my fixed post was moved to the I-65s on-ramp where myself and one other officer had the two on-ramps shut down. When we re-opened I-65 I was then on a post blocking the number 3 and 4 lanes at the scene of the incident. I did not witness any of the incident taking place.

<p>On Thursday January 27th, 2022, I was informed of an officer involved shooting involving MNPB personnel. The incident occurred on I-65 North between Old Hickory Blvd and Harding place. I drove to the incident location along with Captain Lee Kendall in his assigned MNPB vehicle. Once on scene, I collected the names of the involved officers for MNPB, THP, and MJPB. I supplied that information to command staff at their request. I also recorded the weapon type, caliber, and if the weapon was equipped with a light. I provided the aforementioned information to Commander Scott Byrd of the MNPB training academy as well as TBI Agent Bobby Simmons. I notified Lt. Garret Davidson with the Officer of Professional accountability and Lt. Samuel Tetterton with the BWC/ICC unit of the incident. I remained available on scene until approximately 1630hrs, at which time I was relieved and returned to my duty station.</p>

I responded to a code 5000 on I-65 N at approximately 1415 hrs. A call out for on duty negotiators was initiated. I responded to that call as a negotiator to assist. I was driving down the ramp of I-65 headed southbound in the north bound lanes when Officers on scene stated "shots fired". I still proceeded to the incident location to assist in any way possible. I arrived on scene and pulled my patrol vehicle between the male who was shot and the citizens on scene. After ambulance had transported the male I was informed by TBI Agents my vehicle could not be moved due to it having spent shell casings all around it. I then spoke with Brentwood Officers who arrived to assist in any way they could. I coordinated with them to have them assist TDOT with directing and diverting traffic on the interstate. I stayed on scene until TBI had finished processing the crime scene.

On 1/27/22 I responded to the area of I65 N between Harding Ave and OHB to assist officers who were asking for backup. As I monitored radio traffic I was aware the officers were dealing with a subject armed with a knife and standing in the lanes of travel on I65 N. On arrival I observed numerous officers set up in a loose containment perimeter near the subject while talking to him. At no point could I hear the conversation. I observed multiple officers with weapons drawn and at least one officer with a Taser out. The subject had an object in his right hand that appeared to be a knife. I moved around the outer perimeter on the southbound lanes coordinating with others and I adjusted the perimeter at one point to set up a better L on the subject for backstop safety. Several moments later I observed the subject rapidly raise his arm with a silver looking object in it. Shots were fired at that point. Initially I believed the suspect may have produced a gun because the silver object was different from the knife I had observed prior. I then transitioned into medical care, first checking an officer who thought he had been hit, then working

On 01-27-2022 at approximately 1410 hrs, I started en route to the "Code 5000" call on I65N near mile marker 76. Prior to my arrival, I heard "shots fired" put out on the radio and that the suspect was deceased. I arrived on scene with other SRT officers and assisted those already rendering medical aid to the suspect. I continued assisting until the suspect was turned over to paramedics.

ON 1-27-2022 I was on duty, working as a detective assigned to SID. After hearing of a 5000 on the interstate, I started driving that way to meet with SRT at the scene. Prior to my arrival, the shooting occurred. I did not participate in any portion of this incident, but remained at the scene until released by supervisors.

On 01/27/2022, I responded to a code 5000 in the area of I-65N/MM76. Prior to my arrival, I heard over the radio the suspect was down. Upon arrival, I observed officers rendering medical aid. I assisted rendering aid, by applying a tourniquet to the left leg, and a chest seal to the upper torso. Once the ambulance was on scene, I assisted carrying the suspect on the litter up to the point where he was turned over to NFD personnel.

120.

THP TROOPER EDGE JR WAS NORTH BOUND ON I-65 NEAR THE HARDING PLACE EXIT WHEN HE OBSERVED EASTEP ON THE SIDE OF THE INTERSTATE SITTING ON A GUARD RAIL. TROOPER EDGE STOPPED AND APPROACHED EASTEP WITH THE INTENTIONS OF GIVING HIM A RIDE. DURING THE BRIEF INTERACTION, EASTEP PULLED OUT A BOX CUTTER. TROOPER EDGE RADIOED FOR IMMEDIATE ASSISTANCE. MPD WAS NOTIFIED AND RESPONDED TO THE CODE 5000, "PERSONNEL IN SERIOUS DANGER!" AN OFF DUTY MT JULIET POLICE OFFICER, BJAM LLUKAJ, WAS TRAVELLING NORTH ON I-65 WHEN HE OBSERVED TROOPER EDGE NEEDING ASSISTANCE. OFC. LLUKAJ STOPPED BEFORE THE MNPD ARRIVED. OFC. LLUKAJ ATTEMPTED TO DE-ESCALATE THE SITUATION BY TALKING TO EASTEP. THIS LASTED APPROXIMATELY 30 MINUTES. THE ENTIRE TIME THEY SPOKE, EASTEP HELD THE BOX CUTTER IN HIS LEFT HAND AND KEPT HIS RIGHT HAND IN HIS POCKET.

DURING THE DIALOG WITH OFC. LLUKAJ, A THP OFFICER AND MNPD OFFICERS BEGAN ARRIVING AND TAKING UP POSITIONS TO ASSIST IN THE CONTAINMENT OF EASTEP. THP TROOPER CHARLES ACHINGER ARRIVED AS WELL AS MNPD OFFICERS JAMES KIDD, JUSTIN

PINKLETON, EDIN PLANCIC, SEAN WILLIAMS, STEVEN CARRICK AND BRIAN MURPHY.

DURING THE DIALOG WITH OFC LLUKAJ, EASTEP SUDDENLY FACED OFFICERS KIDD AND LLUKAJ AND TOOK A SHOOTING STANCE WHILE SIMULTANEOUSLY PULLING HIS RIGHT HAND FROM HIS POCKET (THE HAND HE HAD KEPT CONCEALED IN HIS POCKET), HOLDING AN OBJECT THEY BELIEVED TO BE A HANDGUN (LATER LEARNED TO BE A CYLINDRICAL TUBE), AND POINTED IT AT THEM. THE OFFICERS FIRED THEIR WEAPONS IN DEFENSE OF THEMSELVES AND EACH OTHER.

EASTEP WAS STRUCK MULTIPLE TIMES AND FELL TO THE PAVEMENT. OFFICERS IMMEDIATELY BEGAN TENDING TO EASTEP'S INJURIES AND CALLED FOR MEDCOM. EASTEP WAS TRANSPORTED BY NFD TO VANDERBILT EMERGENCY ROOM WHERE HE WAS PRONOUNCED DEAD. THE METAL CYLINDRICAL OBJECT EASTEP PULLED FROM HIS POCKET WAS FOUND TO NOT BE A HANDGUN.

THE TENNESSEE BUREAU OF INVESTIGATION IS CONDUCTING THE INVESTIGATION. THE INFORMATION CONTAINED IN THIS REPORT IS BASED ON BRIEFINGS AND BODY WORN CAMERA (BWC) FOOTAGE. AS THE INVESTIGATION CONTINUES, MORE INFORMATION MAY BE ADDED.

FOR IMMEDIATE RELEASE

Chief John Drake this afternoon directed that the MNPD Training Academy begin an immediate review of the response to Thursday afternoon's multi-agency incident on I-65, as well as the tactics and procedures used by MNPD personnel.

Multiple MNPD officers responded to a "Code 5000" (Personnel in Serious Danger) dispatch after Landon Eastep, 37, reportedly pulled a boxcutter on a Tennessee Highway Patrol trooper on the shoulder of the interstate. An off-duty Mt. Juliet police officer stopped to assist and was attempting to engage Eastep in dialogue when MNPD officers arrived.

Nine law enforcement personnel, six MNPD officers, two Tennessee Highway Patrol troopers and the Mt. Juliet officer fired on Eastep after he drew what turned out to be a metal cylindrical object from his pocket and took a stance as if it was a firearm.

"While the TBI conducts its investigation of the shooting on behalf of the District Attorney, I have directed that our Training Academy staff thoroughly examine how our officers positioned themselves in this multi-agency response and as well review the tactics and procedures used in relation to those that we teach," Chief Drake said. "This department regularly reviews critical incidents, and the work on this one has begun. I am saddened by any loss of life, and I send my condolences to the Eastep family"

Chief Drake, in a meeting with his Deputy Chiefs this afternoon, directed that Officer Brian Murphy, a 25-year MNPD veteran, be decommissioned (loss of police authority) pending a review and the investigation of his actions at the scene on Thursday. Murphy has been identified as the individual who fired the final two shots from a rifle in this incident.

The other five MNPD members who fired, Officer Justin Pinkelton, a 25-year MNPD veteran, Officer Sean Williams, a 17-year MNPD veteran, Officer Edin Plancic, a six-year MNPD veteran, and Officer James Kidd, who joined the department last February, and Sgt. Steven Carrick, an eight-year MNPD veteran, are on routine administrative assignment at this early stage of the investigation.

Chief Drake today also announced that the pilot co-response program that pairs mental health clinicians with certain officers in the Hermitage and North Precincts will be expanded in the near future to include the Central (downtown) and Midtown Hills Precincts.

I RESPONDED TO A CALL FOR ASSISTANCE IN THE AREA OF MM76 ON I65N. WHEN I ARRIVED, LANES 1 AND 2 OF I65S WERE BLOCKED BY EMERGENCY VEHICLES. I OBSERVED SEVERAL OFFICERS AND THP TROOPERS ATTEMPTING DIALOGUE WITH A MALE SUBJECT. I INITIALLY WORKED TO SUPPORT THE OFFICERS IN THE NORTHBOUND LANES AND REMOVED AND PREPARED MY AR-15. I REMAINED IN THE SOUTHBOUND LANES BEHIND THE CONCRETE MEDIAN. WHILE OBSERVING THE SITUATION, I NOTICED A TREE LINE, A WHITE HOUSE AND VEHICULAR TRAFFIC ON THE ROAD BEHIND THE SUBJECT. I REALIZED THAT TRAFFIC NEEDED TO BE SHUT DOWN FOR SAFETY PURPOSES AND TO SECURE A PERIMETER. I KNEW THAT ROAD TO BE FRANKLIN PIKE CIRCLE. I LEFT THE IMMEDIATE SCENE AND DROVE TO FRANKLIN PIKE CIRCLE TO SHUT DOWN THE ROAD TO VEHICULAR TRAFFIC. AFTER MAKING SURE THE NORTH SIDE OF FRANKLIN PIKE CIRCLE WAS SHUT DOWN BY OFFICERS AT REGENT DR., I WENT TO THE SOUTH SIDE AT HILL RD TO ASSIST IN STOPPING VEHICULAR TRAFFIC. I REMAINED THERE UNTIL THE CONCLUSION OF THE INCIDENT. AFTER TRAFFIC WAS REOPENED, I WENT TO THE WHITE HOUSE ON FRANKLIN PIKE CIRCLE ALMOST DIRECTLY BEHIND THE INCIDENT SCENE. On February 17, 2022, Detective Mike Roland of the Metropolitan Nashville Police Department (MNPd) dropped off two flash drives at the front desk of the TBI headquarters located at 901 R.S. Gass Blvd in Nashville, TN to release to SA Graves. Data included on the flash drives consisted of the CAD card, radio traffic, and MNPd personnel files for the MNPd officers who fired their weapons in the I-65 officer-involved shooting of LONDON EASTEP. SA Graves later retrieved the flash drives from the uniformed officer's office.

Due to the voluminous amount of data on the flash drives, all data will be retained in the hard case file.

OFFICER'S STATEMENT AS TO WHAT HAPPENED, IN DETAIL

On January 27, 2022, I was dispatched to I65 North at mile-marker 76 in Davidson County at 1353 hours to assist Trooper Edge. I arrived on the scene at 1357 hours and observed that Trooper Edge had a white male later identified as Landon Eastep at gunpoint. I observed that Eastep had a box cutter in his left hand. I observed all traffic was stopped on I65 North and observed a Metro Police officer with his gun drawn and plainclothes off duty Mount Juliet officer with his gun out and communicating with Eastep. I originally had my state-issued impact weapon in my left hand and my chemical spray in my right hand. Eastep had his right hand inside his jacket pocket and Trooper Edge informed me that he observed something poking out from the jacket pocket. I then transitioned from my chemical spray to my firearm in my right hand. I pointed my firearm at Eastep to defend myself and the public from a possible firearm in his right jacket pocket. While keeping Eastep at gunpoint I waited for my supervisor and further instructions. Sergeant Achinger arrived on the scene at 1404 hours and assumed command of the scene. No physical force was ever used by me. I only pointed my firearm at Landon Eastep.

Title 11: Use of Force

11.10 Use of Force

The Metropolitan Nashville Police Department recognizes and respects the value and special integrity of each human life. When investing police employees with the lawful authority to use force to protect the public welfare, a careful balancing of all human interests is required.

- 11.10.010** It is the policy of the Metropolitan Nashville Police Department that authorized employees shall use only that force that is reasonably necessary to effect lawful objectives. Therefore, intentional misuse of the authority granted under this policy is grounds for disciplinary action up to and including those outlined in category A of established policy for Discipline and Corrective Action.

This policy is for Metropolitan Nashville Police Department use only and does not apply in any criminal or civil legal proceedings. This department policy should not be construed as the creation of a higher legal standard of care. Violation of this directive will only form the basis for departmental administrative sanction.

11.10.020 Definitions Specific to Use of Force

- A. **Absolutely Necessary:** All other options have been exhausted, unavailable, or are not feasible.
- B. **Active Aggression:** Where the employee's attempt to gain lawful compliance has culminated in the perception of an attack, or the potential for such an attack, on the employee or others. The employee makes the reasonable assessment that such actions by the subject would not result in serious bodily injury or death to the employee or others.
- C. **Active Resistance:** A subject whose non-compliance includes resistive movements or physical defiance.
- D. **Aggravated Active Aggression:** Where the employee's attempt to gain lawful compliance has culminated in the perception of an attack or the potential for such an attack on the employee or others. The employee makes the reasonable assessment that such actions by the subject could result in serious bodily injury or death to the employee or others.

- E. **Authorized Weapons and Ammunition:** Weapons and ammunition approved by the Metropolitan Nashville Police Department Chief of Police and the Training Division for which authorized employees receive departmentally approved safety and proficiency training.
- F. **Conducted Energy Device (CED):** A hand-held device that is designed to subdue persons and/or animals. The device uses a low dose electrical current to temporarily stun and immobilize. Currently, the departmentally approved CEDs are the Taser® Model M26, Taser® Model X26 or Taser® Model X26P.
- G. **Deadly Force:** Any use of force reasonably calculated to produce death or serious bodily injury.
- H. **Defensive Force:** Use of hands, feet, or any other defensive equipment to overcome violent resistance or to protect self or others from assault or injury.
- I. **Excited Delirium:** A state of extreme mental and physiological excitement, characterized by extreme agitation (including shouting and disruptive behavior), hyperthermia, excessive watering of the eyes, hostility, paranoia or panic, inappropriate nudity, exceptional strength and endurance without fatigue.
- J. **Force-Continuum:** Broad categories of force, in identifiable escalating/de-escalating stages of intensity, in response to a subject's action. They are commonly identified as official presence, verbal direction, soft empty-hand control, hand-held chemical spray/conducted energy device, hard empty-hand control, batons, and firearms. A subject's action may be defined in broad categories including full compliance to commands, verbal uncooperativeness, passive resistance, active resistance, active aggression, and aggravated active aggression (deadly force).
- K. **Injury:** Includes any physical pain, illness, or any impairment of physical condition.
- L. **Less Lethal Devices:** A device that is designed to reduce the potential of causing serious bodily injury or death.
- M. **Lethal Weapon:** Any weapon reasonably calculated to produce death or serious bodily injury.
- N. **Non-Deadly Force:** Any use of force other than that which is considered deadly force.

- O. **Passive Resistance:** A non-compliant subject who offers no sign of physical defiance or resistive movement towards an employee's efforts.
- P. **Physical Force:** The application of a technique, action, or device to compel a change in the actions of another person; usually compliance with a desired behavior, submission to authority, or to de-escalate a threatening behavior.
- Q. **Positional Asphyxia:** Positional asphyxia is a position that can produce unconsciousness or death caused by a lack of oxygen or an increase of carbon dioxide in the blood.
- R. **Reasonable Belief:** The facts or circumstances the employee knows, or should know, are such as to cause an ordinary and prudent person to act or think in a similar way under similar circumstances.
- S. **Restraining Force:** Force which is limited to holding and restraining persons, which shall include arm-lock and takedown holds, but shall not include neck restraints.
- T. **Serious Bodily Injury:** Bodily injury that creates a substantial risk of death, causes serious permanent disfigurement, or results in long-term loss or impairment of the functioning of any bodily member or organ.
- U. **Verbal Uncooperativeness:** A compliant subject who offers no sign of physical defiance or resistive movement towards an employee's efforts, yet verbalizes resistance to instructions.

11.10.030 Parameters for Non-Deadly Force

- A. When the use of force is needed, if feasible, authorized employees will identify themselves and determine which options in the force continuum will best de-escalate the situation in the most safe, reasonable, and prudent manner possible.

When communicating with any individual(s) wherein the use of force is likely, officers should be aware of any type of issue that may interfere with the subject's ability for communication and/or comprehension of the officer's instructions and/or commands.

Issues interfering with communication/understanding may include hearing impairment, but also cognitive deficits (e.g. dementia), or other apparent behavioral/mental impairment.

- B. Authorized employees are permitted to use department authorized non-deadly force techniques and equipment for resolution of incidents to:
 - 1. Protect themselves or another from bodily injury;
 - 2. Restrain or subdue a resistant person for whom there is probable cause to arrest or reasonable suspicion to stop;
 - 3. Prevent damage to property; and/or
 - 4. Bring an unlawful situation in which there is lawful authority for the employee to intervene, safely and effectively under control.
- C. Authorized employees may use department issued or approved hobble restraints and approved custodial restraint techniques on subjects who have been combative to reduce the likelihood of self-inflicted injury or to control further resistance while handcuffed. Employees are **not** permitted to use hobble restraints, leg shackles, plastic ties, or any other device to place any subject in a manner which is likely to produce positional asphyxia.
- D. Any use of force on subjects who are handcuffed or otherwise in custody is prohibited unless physical resistance must be overcome. Such uses of force must be specifically articulated-with an emphasis on why a particular level of force used was necessary to obtain compliance.
- E. Authorized employees are permitted to use only that force which is reasonable and necessary under the particular circumstances to protect themselves or others from bodily injury, and only after other reasonable alternatives have been exhausted or it is determined that such alternative action(s) would be ineffective under the circumstances.
- F. Flight alone shall not justify the use of any level of force beyond official presence or verbal direction on a suspect. An officer must have reasonable suspicion or probable cause to believe that the suspect has committed or is about to commit a criminal offense before utilizing force greater than verbal direction.

11.10.040 Use of Chemical Spray

- A. When discharging chemical spray on an individual or animal that is within the parameters for the use of non-deadly force, the authorized employee shall:

1. Give the verbal warning of "**clear**" to alert other personnel that the spray is about to be used so they can create a safe distance between themselves and the target of the spray; and
2. Use a short burst and only the number of bursts necessary to achieve the desired effect of temporarily immobilizing the individual being sprayed; and
3. Use at a maximum distance of fifteen (15) feet, and a minimum distance of three (3) feet from the target person; and
4. When possible, discharge the spray from his/her strong hand; and
5. Follow all other techniques and/or instructions taught or disseminated by Metropolitan Nashville Police Department Training Division personnel.

2. All Metropolitan Nashville Police Department sworn personnel and other authorized employees shall receive training and updates in the use of chemical spray on a biennial basis.
3. Authorized employees are only allowed to carry departmentally issued chemical sprays.
4. Chemical spray is to be carried only in a department approved holster, on the front side of the utility belt in a manner consistent with established training.
5. Authorized employees will be issued one container of chemical spray by Training Division personnel and can obtain another

container after a discharge (when over half of a can is used), if he/she brings the used container to the Training Division. Training Division personnel will attempt to verify that an MNPD Form 108, Use of Force Report is on file that describes the employee's use of the chemical spray before issuing the new container.

6. Carrying of a chemical spray while off-duty shall be at the discretion of the employee.
7. Authorized employees will not carry a chemical spray onto any airplane or helicopter.
8. Prior to using the chemical spray on an individual driving or in physical control of a vehicle, the employee(s) shall immobilize the individual's vehicle to prohibit it from moving during the incident, or ensure the vehicle would not pose an unreasonable risk to persons or property should chemical spray be deployed. All incidents of use will be consistent with established departmentally approved training.
9. Authorized employees should not use a chemical spray in the vicinity of infants.
10. Any use of a chemical spray not consistent with established departmental policy or departmental training is expressly prohibited, and may result in disciplinary action.
11. Violation of departmental policies or training governing the use of chemical spray by an employee may result in remedial training, corrective or disciplinary action.

11.10.050 Use of Conducted Energy Device Taser®

- A. The department may issue or make available a Conducted Energy Device (CED) to **authorized** employees who have successfully completed specialized training and qualification in the operation and use of these devices.

Currently, the only departmentally approved CED is the Taser® Model M26, Taser® Model X26P or the Taser® Model X26. All Tasers® shall be equipped with a camera that can record both audio and video data.

- B. CEDs should be fired from the strong hand only. Additionally, CEDs should NEVER be held in the hand at the same time as the pistol.

- C. Authorized employees who are qualified by the MNPD to carry a Taser® may individually purchase and carry a departmentally approved Taser®.

11.10.060 Taser® / CED Training & Certification

- A. Taser® training shall be provided by the Metro Police Training Division to authorized employees. Such training shall be consistent with approved lesson plans.
- B. Only those authorized employees who successfully complete and maintain certification may carry and/or deploy the Taser®.

11.10.070 Taser® Inspection & Storage

- A. If a Taser® is individually assigned, the employee will perform a spark test at the beginning of each shift to ensure that the device is charged and properly functioning and/or other such inspection as recommended by the manufacturer.
- B. If a Taser® is not individually assigned, the supervisor of the assigned unit will ensure that a spark test is performed at the beginning of each shift to ensure that the device is charged and properly functioning and/or other such inspection as recommended by the manufacturer.
- C. Storage & Security
 - 1. The Taser® shall be securely stored at all times when not in use.
 - 2. An employee storing a Taser® shall be responsible for the safety and security of the Taser® unless another employee assumes responsibility for the device.
 - 3. An employee shall keep the Taser® and cartridges out of reach of children at all times.
- D. The Taser® shall be inspected, and its information noted, consistent with established policy and procedure governing departmental inspections.

11.10.080 Taser® Deployment

- A. Deployment

1. The Taser® may be deployed consistent with established policy and procedure governing the force continuum. The Taser® is considered an “intermediate” level of force between soft empty-hand control techniques and hard empty-hand control techniques and may be deployed as appropriate.
 2. Fleeing Suspect: All other provisions of this order notwithstanding, there must be probable cause to justify the arrest of a fleeing suspect for a criminal offense prior to utilizing the Taser® to effect the arrest.
- B. When deploying the Taser®, probes or stun, at or upon an individual or animal that is within the parameters for the use of non-deadly force, the authorized employee shall:
1. Whenever possible, give the verbal warning of “**Taser!**” to alert other personnel that the Taser® is about to be used so they can create a safe distance between themselves and the target;
 2. Deploy the Taser® consistent with department-approved training. Use only the minimum number of bursts and the minimum duration reasonably necessary to achieve the desired effect of temporarily immobilizing the individual or animal;
 3. When possible, one authorized employee should deploy the Taser® while a cover employee is prepared with a standard weapon;
 4. Employees should take the suspect into custody as soon as possible after deploying the Taser® thereby minimizing the number and duration of bursts necessary while realizing that the suspect may not be able to respond to commands during or immediately following a burst;
 5. Follow all other techniques and/or instructions taught or disseminated by Metropolitan Nashville Police Department Training Division personnel; and
 6. Employees shall be aware that first responders from the Metropolitan Fire Department have developed specific protocols when responding to calls where the Taser® has

been utilized. To ensure the safety of suspects where a Taser® has been deployed, officers shall:

- a. Where feasible, notify the Metropolitan Fire Department prior to deploying the Taser® on a subject exhibiting behavior characteristic of, or similar to, Excited Delirium; or
 - b. When prior notification is not possible on a subject that is exhibiting behavior similar to Excited Delirium, notify the Metropolitan Fire Department immediately after the Taser® has been utilized.
7. None of the above provisions shall preclude an employee from notifying the Metropolitan Fire Department and request assistance in any other circumstance wherein the presence of medical personnel may be appropriate.

C. Further provisions regarding the Taser®:

1. Authorized employees are only allowed to carry the departmentally authorized Taser® units and **only** departmentally issued Taser® cartridges while on or off duty.
2. The Taser® is to be carried in a department approved holster (on the front side of the utility belt in a cross-draw position), secured in the vehicle, or other approved method.
3. Carrying of the Taser® while off-duty shall be at the discretion of the authorized employee.
4. Prior to using the Taser® on an individual driving or in physical control of a vehicle, the employee(s) shall immobilize the individual's vehicle to prohibit it from moving during the incident, or ensure the vehicle would not pose an unreasonable risk to persons or property should the Taser® be deployed. All incidents of use will be consistent with established departmentally approved training.

The Taser® shall not be used on persons known to have been exposed to flammable liquids or sprayed with a chemical spray containing a flammable propellant, or in a location near flammable liquids or where flammable gasses are known to be present.

5. The Taser® should not be used on persons who are visibly pregnant or are at the extremes of age or physically disabled

UNLESS there are compelling reasons to do so which can be clearly articulated.

6. The normal reaction of a person exposed to the discharge of a Taser® is the loss of some voluntary muscle control resulting in the subject falling to the ground or 'freezing' on the spot. For this reason, there is clearly a possibility of some secondary injury to the 'Tasered' subject, caused by falling and striking a hard surface. Particular attention should therefore be paid to the immediate environment and to assessing any additional risk factors (i.e. age, physical condition of the subject, objects being held by subject, etc.).
7. A Taser® shall not be used in cases of passive resistance, unless a lesser means of force:
 - a. Has been attempted and failed;
 - b. Is not an option due to exigent circumstances; or
 - c. If attempted, could result in a significant possibility of injury to the employee or suspect.
 - d. Where feasible, supervisory approval should be obtained before a Taser® is used to effect the arrest of a subject who is passively resisting.
8. Any use of the Taser® not consistent with established departmental policy or training is expressly prohibited, and may result in corrective or disciplinary action.
9. Violation of policies or training governing the use of the Taser® by an employee may result in remedial training, corrective or disciplinary action.

11.10.090 Taser® Maintenance

A. Replacement Cartridges:

Upon use of a cartridge, the deploying personnel shall submit a copy of the completed Taser® Use Report-MNPD Form 108T detailing the use of the Taser® to the Police Training Division. Upon review of the supporting documentation, the Training Division will provide authorized replacement cartridges. Only cartridges provided by the Training Division are authorized for use.

- B. All Tasers shall be downloaded on a quarterly basis by designated supervisory personnel at the precinct or unit where Tasers are assigned. The download will include both department issued and

personally owned Tasers. Such download data shall be stored on a network based drive, as identified by Police Information Technology Division, and shall be maintained at least five (5) years.

- C. **Any Taser® which may require service, repair, or maintenance shall be delivered to the Police Training Division as soon as practical. The Academy shall, when available, issue a temporary replacement Taser® until such assigned Taser® can be returned.**

11.10.100 Reporting & Documentation of Taser® Use

- A. Personnel shall report all use of force incidents for the purpose of determining their justification. Consistent with established policy, when force is applied through the use of the Taser®, the employee shall complete the Use of Force Report-MNPDP Form 108 and a Taser® Use Report-MNPDP Form 108T.
- B. As with any application of force, multiple applications/bursts of the Taser®, in any mode, is a separate application of force within the overall force incident and justification for each must be clearly articulated.
- C. Personnel shall report the display of a Taser® when such display has had the effect of reducing or eliminating the need for additional use of force. Reporting of such displays shall be by the completion of a Taser® Use Report-MNPDP Form 108T (if no other force is used, a Use of Force Report-MNPDP Form 108 is not required). For purposes of this section, display is defined as: drawing and aiming, or indicating potential use, without application, of a Taser® in circumstances where any person perceives the action as a use of force or threat of a use of force, whether or not this is accompanied by a verbal warning, sparking of the device or placing of the laser sight red dot onto a subject. Reports generated under this section will be submitted through the established chain of command and a copy submitted to the Director of the Training Division.
- D. Personnel shall immediately notify a supervisor anytime their Taser® is activated except for a spark test or formal training exercise. Upon the deactivation of the safety, the Taser® is activated and will begin recording dataport information. The laser sighting and led lighting will also occur. Should the incident not require a 108 or 108T, it will be documented on an MNPDP supplement form 104. A supervisor shall download the dataport record of this event when appropriate and consistent with established training.
- E. The original Taser® Use Report-MNPDP Form 108T shall be processed with the original Use of Force Report-MNPDP Form 108 consistent with

established policy. When appropriate, the download report may be included with the submission packet.

F. Evidence Collection & Maintenance

1. Taser® Cartridge(s) and Probes

Expendable Taser® Cartridge(s) and Probes may be placed into property as evidence or disposed of as bio-hazardous waste consistent with established procedure.

2. Photographs

When appropriate, photographs should be made of a subject's injuries/condition.

G. The Police Training Division will maintain a database of Taser® equipment assigned by the MNPD, as well as personally owned Tasers®, and their use consistent with established policy and procedure. Such database will include, at a minimum, the name of the personnel receiving the Taser®, the serial number(s) of assigned Taser®, serial number(s) of assigned/expendable cartridges, complaint numbers of incidents related to expendable cartridges, and the relevant dates and times relating to issuance of such equipment.

H. Precinct/Division Commander Review

1. Whenever the Taser® is displayed or utilized and the MNPD Form 108T, Taser® Use Report is completed, the Precinct/Division Commander shall review that form and all associated documents.
2. After review, the Precinct/Division Commander shall make a determination whether or not to authorize the officer to continue to carry/utilize the Taser®. If the employee's Precinct/Division Commander is not available to review and approve the MNPD Form 108T (on vacation, sick leave, etc.), another Precinct/Division Commander in that Bureau will review and approve or disapprove the MNPD Form 108T. The MNPD Form 108T cannot be approved by an Acting Precinct/Division Commander. For the purpose of this directive, Precinct/Division Commanders are Police Captains or Police Commanders. If the Precinct/Division Commander disapproves the employee's continued use of the Taser®, he/she shall complete a detailed narrative supporting his/her decision and attach it to the MNPD Form 108T.
3. The Precinct/Division Commander shall immediately notify the following departmental elements should an employee's authorization to carry the Taser® be suspended:

- a. The employee's chain of command;
- b. The Director of the Training Academy; and
- c. The Chief of Police

- B. After any use of force, employees should inquire of the subject as to injuries or pre-existing medical conditions, regardless of whether they are obvious. Where employees are informed or have reason to believe that a person, to whom any use of force has been applied, has an injury or pre-existing medical condition which places the subject at an increased risk of developing a medical crisis, employees shall provide immediate aid by transporting the injured person to the hospital, and/or by summoning emergency medical personnel.
- C. After any use of force on an individual who has exhibited signs or symptoms of excited delirium, extreme drug/alcohol intoxication, extreme hyperactivity, or similar uncontrolled behaviors, employees shall provide immediate aid by summoning emergency medical personnel and/or by transporting the person to the hospital.

Board members shall be advised that the investigative reports are not to be reviewed by anyone other than board members, and all reports must be returned at the conclusion of the board review.

4. Findings of the Force Review Board:

The Force Review Board, as a result of its review process, shall report three findings at the conclusion of each hearing. The board shall make the following findings:

a. In Policy or Out of Policy

The board shall make a finding as to whether the use of force was consistent with established departmental policy or procedure. The finding shall be reported as follows:

- (1) In Policy: The application of force was consistent with established departmental policy or procedure, or
- (2) Out of Policy: The application of force violated established departmental policy or procedure. The board, in its findings, shall specify which policy or procedure was violated.

b. Intentional, Negligent, or Accidental

The board shall make a finding as to whether the use of force was intentional, negligent, or accidental.

c. Associated Recommendations

The board shall make such recommendations it deems necessary, to include but not limited to:

- (1) the need for remedial training;
 - (2) the need to review or revise departmental policy, procedure, or training;
 - (3) the need for corrective or disciplinary action; or
 - (4) any other recommendation the board deems relevant.
5. A report of findings shall be submitted to the Chief of Police. This report should also include:
 - a. The relevant facts and circumstances surrounding the incident;
 - b. A conclusion as to whether the use of force complies with departmental policies and procedures; and
 - c. Any other documentation as needed.
6. When the board has reviewed the circumstances of the use of force and formulated their conclusions, the chairperson will cause the preparation of a report for the Chief of Police, detailing the board's conclusions and any recommendations. This report will be forwarded to the Chief of Police within fifteen (15) working days after the conclusion of the Force Review Board hearing. Should the voting members fail to unanimously agree regarding the board's conclusions and recommendations, each dissenting opinion shall be fully reported.

Within fifteen (15) working days after the Force Review Board issues its report to the Chief of Police, the representative from the Office of Professional Accountability may forward a separate opinion regarding the conclusions and recommendations of the Force Review Board to the Chief of Police.
7. The chairperson will retain all records, notes, and reports associated with the board hearing.

G. Responsibilities

1. The Chief of Police shall be the final authority within the department as to the disposition of each incident. The Chief of Police shall review all relevant reports and take one of the following actions:
 - a. Adopt the findings of the Force Review Board as stated in its report; or
 - b. Modify the findings of the Force Review Board and, if appropriate, issue an addendum to the report indicating the manner in which the findings have been modified; or

- c. Request the Force Review Board reconvene for the purpose of making additional findings and reporting them to the Chief of Police. In such an event, the Chief of Police shall instruct the board in writing as to what additional findings are needed.
2. The Chief of Police shall, upon a determination that a use of force incident was out-of-policy, refer the matter to the Office of Professional Accountability or the employee's chain of command for processing in accordance with the department's corrective or disciplinary action procedures.
3. Should the Chief of Police find that a need for additional or remedial training exists, either for the affected employee or throughout the department, the Director of the Training Division shall be responsible for providing the appropriate additional and/or remedial training and maintain a record of such training as a part of the departmental training records.
4. It will be the responsibility of the involved employee's component commander to have:
 - a. MNPD Form 343, Remedial Training Request, completed and forwarded to the Director of the Training Division;
 - b. Ensure the employee successfully completes any recommended remedial training; and
 - c. Forward documentation of the employee's successful completion of the recommended remedial training to the Office of the Chief of Police for inclusion in the employee's Force Review Board file.
5. The Office of the Chief of Police shall maintain a file for all cases reviewed by the Force Review Board.
6. The Office of the Chief of Police shall cause the Director of the Training Division to be notified of the final results and approved dispositions of all force incidents reviewed by the Board. The Director shall review all incidents to identify training issues or needs.
7. If the Chief of Police makes a recommendation calling for action by a component of the department, that component's Deputy Chief shall be responsible to ensure that the proper follow-up action is taken.

That Deputy Chief shall provide a report to the Chief of Police detailing what action was taken.

8. The Chief of Police has the ultimate responsibility for reviewing use of force incidents.

H. In addition to reports from Force Review Boards occurring throughout the year, the Chief of Police may schedule a Departmental Force Review Board annually. The core members shall review each use of deadly force and all cases reviewed by the Force Review Board for the purpose of identifying any potential patterns and/or systemic problems and to report their findings and recommendations to the Chief of Police.

1. Core members of the annual Departmental Force Review Board shall include the Chief of Police, the Deputy Chiefs, the Director of the Training Division, the commanding employee of the Homicide Section, and a representative from the Office of Professional Accountability. Other persons may be present at the discretion of the Chief of Police.
2. The Executive Officer of the Community Services Bureau will annually provide the Chief of Police and members of the Departmental Force Review Board with a use of force analysis to assist in identifying any potential patterns and/or systemic problems in regard to the department's use of force incidents.

On January 27, 2022 I was dispatched to the I-65 / Old Hickory Boulevard / Harding Place area regarding a THP officer who needed assistance which was called in by an off duty Mt. Juliet officer who stated the THP officer had a suspect at gunpoint and needed assistance.

When I arrived on scene I was advised by Officer Williams to speak with the wife of the Mt. Juliet officer and have her move off the interstate away from danger. After speaking with her, I was advised officers were needed to block off the road which parallels the interstate to keep everyone away from the line of fire. I went to help with that and then assist with the flow of traffic until I was released.

On 01/27/2022 I responded to what would become the officer involved shooting on I65 (20220039998). I self-initiated my response to the incident by volunteering to respond through North Dispatch. I was a significant distance away from the scene, approximately 20 minutes travel time if there were no traffic, and became delayed significantly by the halted traffic from all directions to the scene. By the time I was able to enter the relevant area all intersections were sufficiently staffed and entry into the inner cordon was not possible. I maintained a standby for several minutes waiting for a request for staffing to be announced over the command channel. When no such request for additional personnel was received I returned to North without having contributed any significant service to the incident. My body camera footage reflects the above stated information.

Additionally, there is a 0.3 x 0.3 centimeter abrasion that extends out 0.6 centimeters from the 5 o'clock position. No soot or stippling is associated with this wound.

The projectile perforated through the soft tissue of the abdomen and perforated through the iliac crest of the right hip bone. The projectile then penetrated into the soft tissue of the right buttock. A deformed projectile (labeled "projectile from right buttock") is recovered from this area, 35 inches below the top of the head and 5-1/2 inches to the right of the posterior aspect of the midline on the right buttock. A 4 x 2 centimeter contusion is overlying this projectile on the right buttock.

Associated with the path of this projectile is soft tissue hemorrhage and a fracture of the iliac crest of the right hip.

The direction of the path of the projectile is front to back, left to right, and downward.

PERFORATING GUNSHOT WOUND OF THE PELVIS:

An entrance-type gunshot wound (labeled "10" in the diagrams and photographs) is 31-1/2 inches below the top of the head and 10-1/4 inches to the left of the anterior aspect of the midline on the anterior lateral aspect of the left hip. The 0.6 x 0.5 centimeter defect has a 1.5 centimeter abrasion at 12 o'clock. A 0.3 centimeter abrasion surrounds the remainder of the wound. There is a 5.5 x 2 centimeter contusion at the 6 o'clock position. No soot or stippling is associated with this wound.

The projectile perforated through the soft tissue of the left side of the pelvis and crossed the midline through the rectum. The projectile then perforated through the soft tissue of the right side of the pelvis and exited the body through an exit-type gunshot wound (labeled "22" in the diagrams and photographs) 28-1/2 inches below the top of the head and 5-1/2 inches to the right of the posterior aspect of the midline near the flank region of the right side of the posterior torso. The 0.7 x 0.7 centimeter defect has a 0.2 centimeter laceration at 1, 5, 7 and 11 o'clock. No soot or stippling is associated with this defect. No projectile fragments are recovered from the path of this projectile.

Associated with the path of this projectile is soft tissue hemorrhage of the pelvis as well as severance of the rectum.

The direction of the path of the projectile is left to right, front to back, and slightly upward.

PERFORATING AND PENETRATING GUNSHOT WOUNDS OF THE CHEST:

There are three entrance-type gunshot wounds of the anterior aspect of the chest and two exit-type gunshot wounds to the posterior aspect of the chest. The pathways of these projectiles cross and intermix and it cannot be determined the exact pathway of each one of these gunshot wounds. The first entrance-type gunshot wound (labeled "3" in the diagrams and photographs) is 13 inches below the top of the head and 5 inches to the right of the anterior aspect of the midline on the right side of the chest. The 0.2 x 0.1 centimeter defect has a 0.7 centimeter abrasion from 7 to 10 o'clock and a 0.2 centimeter abrasion surrounding the remainder of the wound. No soot or stippling is associated with this area.

The projectile from gunshot wound "3" entered the right side of the chest through the anterior aspect of the right third intercostal space and then perforated through the upper lobe of the right lung.

The next entrance-type gunshot wound (labeled "8" in the diagrams and photographs) is 16 inches below the top of the head and 7-3/4 inches to the left of the anterior aspect of the midline on the left side of the chest. The 1 x 0.5 centimeter defect has a 0.4 centimeter abrasion from 7 to 9 o'clock and 0.1 centimeter abrasion surrounding the remainder of the wound. A 4 x 4 centimeter contusion extends out from the 1 to 4 o'clock position. No soot or stippling is associated with this wound.

The projectile from this entrance wound perforated through the anterior aspect of the left 4th rib and intercostal space. The projectile then perforated through the left lung.

The projectile from this entrance gunshot wound entered the body through the anterior aspect of the left 5th rib and then perforated through the left lung.

There are two exit-type gunshot wounds. The first exit-type gunshot wound (labeled "18" in the diagrams and photographs) is 12 inches below the top of the head and 3 inches to the right of the posterior aspect of the midline on the upper aspect of the posterior torso. The 1.9 x 0.8 centimeter defect has a 0.3 centimeter circumferential abrasion surrounding the wound. No soot or stippling is associated with this wound.

Associated with the pathways of these projectiles are fractures of the anterior aspect of the right 3rd rib, the anterior aspect of the left 4th rib, and the anterior aspect of the left 5th rib as well as fractures of the posterior aspect of the right 2nd rib. There is soft tissue hemorrhage within the anterior right 3rd intercostal space and the posterior aspect of the right 2nd intercostal space. Additionally, there is soft tissue hemorrhage within all of the bilateral lung lobes, the pericardial sac, the heart, as well as the aorta. There is a fracture of the 3rd thoracic vertebra. Reference Comments:

4-ANPP (Despropionyl fentanyl) - Femoral Blood:

4-ANPP (despropionylfentanyl) is a precursor chemical used in the production of fentanyl/fentanyl related analytes and is also a fentanyl metabolite and may be a metabolite of other fentanyl-related analytes. It is considered to be pharmacologically weak.

Amphetamine - Femoral Blood:

Amphetamine (Adderall, Dexedrine) is a central nervous system stimulant. Amphetamine is also a metabolite of methamphetamine, benzphetamine and selegiline. It is used therapeutically in the treatment of narcolepsy and obesity and also in the treatment of attention-deficit hyperactivity disorder (ADHD). Amphetamine has a high potential for abuse. At low doses, amphetamine causes mild stimulation, offset of fatigue, and increase in alertness. It also causes changes in attitude, judgment and impulsivity. At higher doses, amphetamine causes euphoria, excitation, agitation, hypervigilance, rapid speech, dilated pupils which react slowly to light and increased motor restlessness. Pulse and blood pressure may be elevated. Withdrawal from amphetamine following abuse can result in extreme fatigue and uncontrollable sleepiness, agitation, and depression. In the treatment of narcolepsy, amphetamine is administered in daily divided doses of 5 to 60 mg. In abuse doses of several grams may be used on a daily basis in 'runs' lasting a week or more.

Following a single oral dose of 10 mg amphetamine sulfate, a reported peak blood concentration of 40 ng/mL was reached at 2 hr. Following a single 30 mg dose to adults, an average peak plasma level of 100 ng/mL was reported at 2.5 hr. A steady-state blood level of 2000-3000 ng/mL was reported in an addict who consumed approximately 1000 mg daily.

Overdose with amphetamine can produce restlessness, hyperthermia, convulsions, hallucinations, respiratory and/or cardiac failure. Reported blood concentrations in amphetamine-related fatalities ranged from 500-41000 ng/mL (mean 9000 ng/mL).

Cotinine (Nicotine Metabolite) - Femoral Blood:

Cotinine is a metabolite of nicotine and may be encountered in the fluids and tissues of an individual as a result of tobacco exposure. Concentrations may be variable in blood and urine depending on the route of exposure and length of exposure. Cotinine plasma/serum concentrations in non-smokers are reported to be typically less than 15ng/mL. Tobacco users and transdermal patch wearers have typical cotinine plasma/serum concentrations of less than 1000ng/mL. Anabasine is a natural product occurring in tobacco, but not in pharmaceutical nicotine and a separate test for anabasine can be used to distinguish tobacco from pharmaceutical nicotine use.

Reference Comments:

4. Diphenhydramine (Benadryl®; Ingredient of Benylin and Panadol; Nytol; Unisom) - Femoral Blood:

Diphenhydramine is an antihistamine with sedative and anti-emetic effects. It is rapidly absorbed following oral administration; however, it is frequently given IV. Patients taking this medication are usually warned against the operation of complicated machinery, because of its strong sedative effects.

Following a single 50 mg oral dose of diphenhydramine, peak plasma concentrations at 2.3 hr averaged 66 ng/mL.

Signs and symptoms of acute diphenhydramine toxicity include tremor, seizures, fever, respiratory depression and cardiac arrhythmias. The average blood diphenhydramine concentrations reported in fatal overdoses were 1400 ng/mL in infants, 4400 ng/mL in children and 15000 ng/mL in adults.

The blood to plasma concentration ratio for diphenhydramine is approximately 0.80.

5. Fentanyl (Duragesic®; Sublimaze®) - Femoral Blood:

Fentanyl is a prescription opioid commonly used as an anesthetic/analgesic. It is reported to be 80 to 200 times as potent as morphine and has a rapid onset of action as well as addictive properties. Illicit fentanyl is readily available due to low production cost and its high potency. It is often sold as heroin and is commonly found in combination with other illicit drugs. Signs associated with fentanyl toxicity include severe respiratory depression, muscle rigidity, seizures, hypotension, coma and death.

When used clinically as a transdermal preparation (25-100 mcg/hour patch), serum fentanyl concentrations up to 3.8 ng/mL have been reported within 24 hours. Following removal of the patch, serum fentanyl concentrations are reported to decrease with a mean elimination half-life of 17 hours (range, 13-22 hours). The mean peak plasma serum fentanyl concentration in adults given an 800 mcg oral transmucosal fentanyl preparation over 15 minutes is reported at 2.1 ng/mL (range, 1.4-3.0 ng/mL) at approximately 0.40 hours.

It is reported that patients lost consciousness at mean plasma levels of fentanyl of 34 ng/mL when infused with 75 mcg/Kg over a 15 min period; peak plasma levels averaged 50 ng/mL. In fatalities from fentanyl, blood concentrations are variable and have been reported as low as 3 ng/mL. Postmortem blood fentanyl concentrations ranged from 0.30-110 ng/mL (median 11 ng/mL) in 301 femoral blood specimens obtained from accidental drug overdose death investigations. These concentrations ranged from 9.7-41.3 ng/mL (median 17.2 ng/mL) in 7 fentanyl only cases in another published case series.

The blood to plasma ratio for fentanyl is approximately 0.80-1.0.

Methamphetamine - Femoral Blood:

d-Methamphetamine is a DEA schedule II stimulant drug capable of causing hallucinations, aggressive behavior and irrational reactions. Chemically, there are two forms (isomers) of methamphetamine: l- and d-methamphetamine. The l-isomer is used in non-prescription inhalers as a decongestant and has weak CNS-stimulatory activity. The d-isomer has been used therapeutically as an anorexigenic agent in the treatment of obesity and has potent CNS-, cardiac- and circulatory-stimulatory activity. Amphetamine and norephedrine (phenylpropanolamine) are metabolites of methamphetamine. d-Methamphetamine is an abused substance because of its stimulatory effects and is also addictive.

A peak blood concentration of methamphetamine of 20 ng/mL was reported at 2.5 hr after an oral dosage of 12.5 mg. Blood levels of 200-600 ng/mL have been reported in methamphetamine abusers who exhibited violent and irrational behavior. High doses of methamphetamine can also elicit restlessness, confusion, hallucinations, circulatory collapse and convulsions.

*In this case, the level of methamphetamine determined has not been differentiated according to its isomeric forms. Differentiation of the isomers of methamphetamine is available upon request.

Mitragynine (Kratom) - Femoral Blood:

Mitragynine is an alkaloid found in the plant Kratom which originates from Asia and is considered an atypical opioid agonist. The leaves of the plant are traditionally chewed or brewed into a tea, however, Kratom powders and leaf extracts are also sold and may be subject to abuse. The effects of Kratom are dose dependent, with lower doses resulting in stimulant-type effects and higher doses resulting in opioid-type effects. Reported adverse effects include seizures, psychosis, and liver toxicity.

Over a 27 month-period, mitragynine was reported in 1001 blood specimens submitted during the course of medicolegal investigations; concentrations ranged from 5.6-29,000 ng/mL. In three cases which ruled mitragynine as the sole drug in the cause of death, postmortem peripheral blood concentrations ranged from 1590-3420 ng/mL.

METROPOLITAN NASHVILLE DAVIDSON COUNTY

FOR IMMEDIATE RELEASE: Sept. 16, 2022

The Tennessee Bureau of Investigation has concluded its investigation of the January 27, 2022 Officer Involved Shooting of Landon Dwayne Eastep. The TBI file will become a public record pursuant to T.C.A. 38-8-311 and will be posted on the Website of the Nashville District Attorney's Office.

The facts, as established by the attached body cam videos and still pictures, include the following:

1. At approximately 1:45 pm on January 27, 2022, Tennessee Highway Patrol Trooper Reggie Edge, Jr. observed Landon Eastep walking southbound on the shoulder of Interstate 65 Northbound near the Harding Place exit.

Trooper Edge exited his vehicle and approached Landon Eastep. Trooper Edge advised Eastep that he would transport him to his stated destination in Brentwood.

2. Trooper Edge attempted to pat down Eastep for weapons before allowing Eastep to enter the patrol vehicle. At that point Eastep pulled out a box cutter, physically threatened Trooper Edge and did not comply with Trooper Edge's commands to put the weapon down.
3. Off duty Mt. Juliet Police Officer Fabjan Llukaj observed the incident as he was driving by and stopped to aid Trooper Edge. Several members of the Metropolitan Nashville Police Department and THP arrived on the scene.
4. Over the next 43 minutes, Eastep refused to comply with law enforcement commands to take his right hand out of his pocket, to put the box cutter down or to get on the ground. During this time Trooper Edge and MJPO Llukaj had their weapons drawn as they issued these unheeded commands to Eastep.

For the last 30 minutes of the encounter, MNPd had officers near Eastep. These officers also had their weapons drawn.

5. At 2:28 pm, Landon Eastep – without complying, speaking or providing any warning – jerked his right hand out of his pocket. In his hand, Eastep had a silver metal tube extended from his fist in the manner of a gun barrel. He raised his arm quickly into a “firing” position and “aimed” at the nearest police officer.
6. Officers immediately reacted to this perceived threat and fired. Numerous bullets struck Eastep, who died from his wounds.
7. An autopsy revealed that Landon Eastep had Amphetamine, Methamphetamine and Fentanyl in his system at the time of the incident.

After a review of the TBI investigation, and in particular the body camera footage of the scene at the time of the shooting, District Attorney Glenn Funk has concluded that Landon Eastep's actions were designed to cause officers to perceive an immediate threat and his actions did cause officers to reasonably perceive an immediate threat. Therefore, all shots fired were legally justified.

No criminal charges will be filed against any of the law enforcement officers in this incident. District Attorney Glenn Funk has today issued the attached letter directing the TBI to close this investigation.
