**Description:** Preliminary Investigative Report

(LE-A) DYLAN JOSEPH RAMOS, H/M, DOB:

(O-A) OBOB OMAN OCHAN, B/M, DOE

This case is predicated on a verbal request by District Attorney General (DAG) for the 20<sup>th</sup> Judicial District, Glenn Funk. DAG Funk requested agents of the Tennessee Bureau of Investigation (TBI) investigate the facts and circumstances surrounding the officer-involved shooting (OIS) involving Officer DYLAN RAMOS of the Metro Nashville Police Department (MNPd) and OBOB OMAN OCHAN on the evening of January 29, 2023. This incident occurred along the 900 block of Buchanan Street in Nashville, Davidson County, Tennessee.

On Sunday, January 29, 2023, at approximately 7:26 PM, TBI Special Agent (SA) Jonathan McGowen received a call from Special Agent in Charge (SAC) Josh Savley. SAC Savley advised there had been an officer-involved shooting on Buchanan Street in Nashville and requested SA McGowen respond and lead this investigation.

While enroute to the location, SA McGowen learned from SAC Savley the following preliminary information: A male named OBOB OMAN OCHAN was near a nightclub along Buchanan Street acting erratic. Security at the nightclub contacted the Metro Nashville Police Department (MNPd) for assistance. Officer DYLAN RAMOS responded and engaged with OCHAN near the nightclub. At some point, OCHAN put a handgun down on the ground after repeated requests from Officer RAMOS. Moments later, OCHAN allegedly picked up the handgun and pointed it at Officer RAMOS. Officer RAMOS subsequently fired his service weapon upon OCHAN, striking him multiple times. OCHAN was transported to Vanderbilt University Medical Center but was pronounced deceased.

At approximately 8:15 PM, SA McGowen arrived at the intersection of Buchanan Street and 9<sup>th</sup> Avenue North. SA McGowen observed a heavy police presence with multiple marked MNPd vehicles blocking the roadway. SA McGowen observed yellow crime scene tape within the immediate areas along the 900 block of Buchanan Street extending to areas near 10<sup>th</sup> Avenue North. SA McGowen approached the scene on foot by going around behind 911 Buchanan Street towards the area of Buchanan Street and 10<sup>th</sup> Avenue North. Upon arrival, SA McGowen noted SA Kendall Henderson was already on the scene.

SA McGowen made contact with Attorney John Brown, who advised that he would be representing MNPd Officer DYLAN RAMOS. Attorney Brown advised that RAMOS would not be providing a statement at the scene but would be willing to speak to TBI Agents on Wednesday, February 1, 2023, concerning what had occurred.

SA McGowen then made contact with MNPd Lieutenant Pat Taylor, of the Cold Case and Missing Persons Unit. Lieutenant Taylor advised that the preliminary information is that OCHAN had been thrown out of a nearby night club and officers were later dispatched to the area in relation to a disorderly person armed with a handgun. Lieutenant Taylor advised that MNPd Cold Case Detective Anthony Chandler would be the departments liaison for this incident. Lieutenant Taylor also reported that a business named Slim and Huskey's had this incident on video surveillance, and Lieutenant Tetterton was working on providing agents with any related body-worn camera videos.

SA McGowen also made contact with Detective Ron Carter of the MNPd Office of Professional Accountability Unit. SA McGowen provided Detective Carter with his contact information.

At approximately 9:25 PM, SA McGowen made contact with Detective Anthony Chandler in relation to gathering relevant MNPd records and documents related to this incident. SA McGowen also requested assistance in locating any next of kin information related to OBOB OCHAN.

SA McGowen assigned SA Kendall Henderson and SA Jeremy Baker to begin marking and processing the crime scene. At approximately 9:36 PM, SA McGowen attended a crime scene walk-through led by SA Henderson. SA Henderson pointed out any relevant items of evidence which had been located at that time. A Crime Scene Investigation Report and Crime Scene Diagram Report will be later serialized separately within this case file. SAC Savley requested SA Andrew Graves to respond to Vanderbilt University Medical Center in relation to OBOB OCHAN.

This investigation is ongoing and is being led by TBI SA Jonathan McGowen. All supplement reports and investigative findings will be forwarded to this case file as they are developed.

**Description:** Recovery of Evidence - Video Surveillance - Slim and Husky's Pizza - 911 Buchanan Street

(LE-A) DYLAN JOSEPH RAMOS, H/M, DOB:

(O-A) OBOB OMAN OCHAN, B/M, DOB:

On January 29, 2023, at approximately 8:27 PM, TBI Special Agent (SA) Jonathan McGowen responded to the Slim and Husky's Pizza restaurant located at 911 Buchanan Street in Nashville, Tennessee. The purpose of this visit was to locate any relevant video surveillance which may assist in this investigation.

SA McGowen made contact with Stanley Ross, Slim and Husky's Director of Security. Mr. Ross advised the location has video surveillance which captured the officer involved shooting which occurred along the sidewalk in front of the location. Mr. Ross showed SA McGowen and SA Matthew Massingill the related video surveillance and advised he had already bookmarked the video to provide to agents.

From a review of the locations video surveillance views, it appears that Cameras 6 and 13 captured this related incident.

Stanley Ross provided the below listed video surveillance digital data via TBI USB drive:

1. Digital Data – Video Surveillance
  - a. BACKUP folder (Approximately 2.38 GB)
    - i. Containing five (5) related folder files of video surveillance

Upon observation of video surveillance system time, SA McGowen noted at 9 PM, the video surveillance system time displayed 21:44 hours (9:44 PM). SA McGowen noted the video surveillance system time appeared to be approximately 44 minutes faster than actual time.

Due to the voluminous nature of this digital data, it will be maintained in the digital case file. A property receipt was completed and will be serialized separately within the case file.

At the request of District Attorney General (DAG) Funk, a copy of this restaurant video surveillance was also digitally provided to DAG Investigator David Zocolla. A property receipt was completed and will be serialized separately within the case file.

# TENNESSEE BUREAU OF INVESTIGATION INVESTIGATIVE REPORT

Case # : NA-5U-000054

IR # : 6

**Author:** Anderson, Joshua

**Activity Date:** 01/29/2023

**Case Agent:** McGowen, Jonathan

**Report Date:** 01/31/2023

**SAC/ASAC:** Neese, Nathan L

**Approved By:** Savley, Joshua Paul

**Description:** Investigative Activity - Willie B's Kitchen and Lounge

(LE-A) DYLAN JOSEPH RAMOS, H/M DOB

(O-A) OBOB OMAN OCHAN, B/M, DOB

On Sunday, January 29, 2023, at approximately 7:32, Special Agent (SA) Joshua Anderson with the Tennessee Bureau of Investigation (TBI) was contacted by phone by Special Agent in Charge (SAC) Josh Savley regarding a Metro Nashville Officer involved shooting that just occurred. SA Anderson responded to the scene on Buchanan Street in Nashville at approximately 8:48 PM. Upon arrival, SA Anderson was advised a security guard at Willie B's Kitchen and Lounge located at 918 Buchanan Street may have witnessed the incident.

SA Anderson and Assistant Special Agent in Charge (ASAC) Nathan Neese responded to Willie B's. SA Anderson met the security guard identified as Matthew Hyman and Willie B's owner Christopher Jones. Mr. Hyman and Mr. Jones advised some customers alerted them to the fact there was a man outside armed with a gun. Mr. Jones advised they stepped outside just in front of the front porch seating area and saw OBOB OCHAN with the gun. Mr. Jones did not refer to OCHAN by name but was familiar with him from multiple prior encounters with him. Mr. Jones advised they saw OCHAN racking the gun and picking the bullets up off the sidewalk. Mr. Jones advised OCHAN was standing across the street from them, so they yelled at him to leave and go back home. Mr. Jones advised when the officer arrived, the Officer told him several times to stop and put the gun down. Mr. Hyman advised OCHAN turned and pointed the gun at the officer and the officer did what he had to do. Mr. Jones advised this all occurred just prior to closing time at 7:00 PM.

Mr. Hyman provided phone number

Mr. Jones provided phone number

Hyman and Mr. Jones were reluctant to provide any further identifying information.

The remaining details of this interview are contained in an audio recording, which is saved and in the custody of SA Joshua Anderson. A copy of this recording will be provided to the case Agent Jonathan McGowen.

INVESTIGATIVE REPORT****Case # :** NA-5U-000054**IR # :** 7**Author:** Neese, Nathan L**Activity Date:** 01/29/2023**Case Agent:** McGowen, Jonathan**Report Date:** 02/02/2023**SAC/ASAC:** Neese, Nathan L**Approved By:** Savley, Joshua Paul**Description:** Recovery of Evidence - Video Surveillance from Willie B's - Buchanan Street

(LE-A) DYLAN JOSEPH RAMOS, H/M, DOB  
(O-A) OBOB OMAN OCHAN, B/M, DOB:

On January 29, 2023 an interview was conducted with Chris Jones, the owner of Willie B's, about the officer-involved shooting that occurred across from his business. This interview will be serialized separately in this case file. During this interview Chris Jones stated he was unsure if the cameras worked. ASAC Nathan L. Neese provided his business card and asked if Jones could find out if the cameras worked and if he would allow the TBI to download the footage from the incident.

On January 30, 2023 ASAC Neese was contacted by Jones and he stated the cameras did work but he did not know how to operate the system. Jones agreed to allow ASAC Neese attempt to look at the camera system and download the footage from January 29, 2023. Jones was able to login to the camera system and then allowed ASAC Neese to operate the camera. ASAC Neese first noted the camera system itself was running one hour fast. ASAC Neese noted the following times of interest related to this OIS:

DATE	TIME	ACTION
01/29/2023	19:03:42	OCHAN on camera walking toward Slim and Husky's
01/29/2023	19:06:30	OCHAN walks off camera toward Minerva
01/29/2023	19:09:51	OCHAN on camera out front of Willie B's
01/29/2023	19:10:15	OCHAN walks off camera toward Slim and Husky's
01/29/2023	19:12:35	OCHAN walks on camera opposite side of the road from Willie B's walking toward Minerva
01/29/2023	19:13:29	OCHAN walks off camera
01/29/2023	19:16:35	OCHAN slightly on camera and can see his shadow when he is out of sight.
01/29/2023	19:18:00	OCHAN walking towards Minerva
01/29/2023	19:23:25	OCHAN walking toward

This confidential document is the property of TBI.  
Its contents are not to be distributed outside of your agency.

IR # 7  
Page 1

		Minerva on opposite side of road from Willie B's
01/29/2023	19:30:00	Jones and Security Guard are armed telling OCHAN not to come across the street
01/29/2023	19:36:20	LE-A RAMOS arrives on scene

All times listed in the chart above are one hour fast from the real time of events. All should read 1800 for the 6pm hour.

ASAC Neese downloaded the footage from 6:00pm to 7:00pm. The footage was placed on a WD Passport External HD utilizing USB. This HD will be maintained by ASAC Neese. A copy of the video has been put on a digital folder for Special Agent Jonathan McGowen.

Case # : NA-5U-000054

IR # : 8

**Author:** Massingill, Matthew

**Activity Date:** 01/30/2023

**Case Agent:** McGowen, Jonathan

**Report Date:** 01/31/2023

**SAC/ASAC:** Neese, Nathan L

**Approved By:** Neese, Nathan L

**Description:** Interview - Audio - Joshua Seward

(LE-A) DYLAN JOSEPH RAMOS, H/M.

(O-A) OBOB OMAN OCHAN, B/M,

On January 30, 2023, at approximately 11:16 AM, TBI Special Agent (SA) Matthew Massingill interviewed JOSHUA SEWARD, at [redacted] for proper identification and explanation for the interview, SEWARD voluntarily provided the following information. Below is a brief synopsis of that interview (not a transcription):

JOSHUA SEWARD said that on January 29, 2023, he was in the parking lot of Slim and Husky's Pizza at 911 Buchanan St, Nashville, TN 37208, waiting for his girlfriend to get off work at Willie B's Kitchen and Bar. SEWARD stated that he was driving his 2011 gray Infiniti G37 sedan. SEWARD went on to say that his nine-month-old daughter was in the vehicle with him as well.

SEWARD expressed that he was parked on the patio side of Slim and Husky's Pizza close to the bus stop. SEWARD said that he looked over and saw the owner of Willie B's standing outside of Willie B's with his car open like something had been going on. In addition, SEWARD stated that he looked and saw a male across the street from Willie B's in front of Slim and Husky's Pizza.

SEWARD explained that he thought the owner of Willie B's and the male was in an argument. SEWARD recalled that a car in front of his car wanted him to let them out, so he backed his vehicle up to let the vehicle out. SEWARD went on to say that as he backed up, he saw a police car coming around the corner.

SEWARD told this Agent he heard the Police Officer say put the gun down. SEWARD recalled the male the Police Officer was talking to was around ten to fifteen feet in front of his car. SEWARD said that he heard the Police Officer tell the male to stop and put the gun down.

SEWARD said he heard gunshots after the Police Officer told the man to put the gun down. SEWARD stated that he could feel his car being hit by bullets while he was backing up, so he turned and drove to a parking lot across the street next to the Trenches Gallery.

SEWARD explained that he parked his car in the parking lot across the street and ensured his daughter was not shot. SEWARD said that once he knew his daughter was ok, he went to a Metro Nashville Police Officer (MNPd) and told him his car had been shot. SEWARD told this Agent that he gave his information to the MNPd Officer.

SEWARD said he never saw the male with a gun, but he saw him wearing some dirty brown clothes. SEWARD explained that he thought the male looked like a hobo or a junkie.

SEWARD explained that when he went to tell the police about his car being shot, he saw the Police Officers working on the male, and an ambulance was arriving.

**AGENT NOTE: This interview was audio recorded by SA Matthew Massingill, and a copy will be maintained in SA McGowen's working case file. For further details of this interview, please refer to the audio recording in its entirety. A full copy of the audio interview will be provided to the District Attorney's office upon request.**

**Description:** Recovery of Evidence - Projectiles from Vehicle

(LE-A) DYLAN JOSEPH RAMOS, FIVE FIVE SEVEN

(O-A) OBOB OMAN OCHAN, B/M, {

On January 30, 2023, at approximately 11:11 AM, TBI Special Agent (SA) Matthew Massingill and SA Jeremy Baker met with JOSHUA SEWARD at the Madison Precinct of the Metro Nashville Police Department (MNPd). The Madison Precinct is located at 400 Myatt Dr, Madison, TN 37115. SEWARD said that on January 29, 2023, he was in the parking lot of Slim and Husk Pizza at 911 Buchanan St, Nashville, TN 37208, while he waited for his girlfriend to get off work from Willie B's.

SEWARD stated a Police Officer was involved in a shooting and his vehicle, a 2011 gray Infiniti G37 sedan, was struck multiple times. SEWARD gave Agents consent to search his vehicle for any projectiles and take photographs of the vehicle.

Agents observed defects in the hood of SEWARD's vehicle, the driver's side headlight of SEWARD's vehicle, and the driver's side front fender of SEWARD's vehicle. Agents recover two projectiles from under the hood of SEWARD's vehicle. Additionally, this Agent located one projectile lodged in the underside of the hood of SEWARD's vehicle and one projectile sitting on the driver's side front fender of his vehicle.

The following is a list of what was recovered from SEWARD's vehicle:

1. Projectile from car underside of hood
2. Projectile from car driver's side on fender

This Agent transferred custody of all items recovered to SA Jonathan McGowen.

**AGENT NOTE: A property receipt was completed and will be serialized separately from this investigative report. Approximately 22 photos were taken and will be provided to SA Jonathan McGowen to maintain in his working case file.**

**Description:** Interview - Audio - Erin Savidge - MNPDP Officer

(LE-A) DYLAN JOSEPH RAMOS, H/M, :  
(O-A) OBOB OMAN OCHAN, B/M, DOB

On February 1, 2023, at approximately 1:14 PM, TBI Special Agent (SA) Matthew Massingill and SA Jonathan McGowen interviewed ERIN SAVIDGE, .  
proper identification and explanation for the interview, SAVIDGE voluntarily provided the following information. Below is a brief synopsis of that interview (not a transcription):

Agents read ERIN SAVIDGE a TBI Use of Force form that informed her that she was not being compelled to give any statement, answer any question, and that her cooperation was voluntary. SAVIDGE gave Agents verbal consent that she understood and still wanted to speak with Agents.

SAVIDGE told Agents that she is employed by the Metro Nashville Police Department (MNPDP) as a Police Officer 1 (PO1). SAVIDGE told Agents that on January 29, 2023, she had worked B Detail at North Precinct for the MNPDP as a Patrol Officer. SAVIDGE said that B Detail hours are 3 PM to 1 AM. SAVIDGE explained that she graduated from the MNPDP Police Academy on August 2, 2022. SAVIDGE expressed that MNPDP was the only Law Enforcement job she had ever had.

SAVIDGE said she was riding with MNPDP Officer Bowels in a two-person patrol car. SAVIDGE explained that they were dispatched to a man with a weapon at Buchanan St. SAVIDGE told Agents that dispatch was tracking the man walking down the street for them. SAVIDGE went on to say that she could read the dispatch screen because she was riding in the front passenger seat of the patrol car. SAVIDGE stated that she and Officer Bowels had the lights and sirens activated while responding to Buchanan.

SAVIDGE said that the dispatch screen said that a guy was racking off rounds walking down the street. SAVIDGE explained that she arrived on the scene right after the shots were fired but could hear eight gunshots. SAVIDGE stated that Officer Bowels parked their patrol car right at the bus stop. SAVIDGE expressed that a shot male was on the ground near the bus stop booth, and MNPDP Officers Elseworth and Mayfield immediately went to work on the male.

SAVIDGE stated that they got Officer RAMOS away from the situation. SAVIDGE explained that she and several other Officers MNPDP pulled crime scene security. SAVIDGE said that she went into Slim and Husky's Pizza Shop to see if anyone had observed what happened. SAVIDGE told

Agents that no one came forward, but some people said they heard what was going on. SAVIDGE recalled many people in Slim and Husky's Pizza Shop were looking out the window when she was in there.

SAVIDGE said that she returned outside and stood next to a firearm and a magazine that were on the ground. SAVIDGE stated that the firearm and magazine belonged to the male that had been shot. SAVIDGE recalled one of Officer RAMOS' magazines was on the ground. SAVIDGE remembered seeing casings and bullets down the sidewalk.

SAVIDGE explained that she returned to Slim and Husky's and had them shut down. SAVIDGE said that while she was in the business, she obtained witness information from some people. SAVIDGE stated that she went outside and stood by the firearm on the ground for a few hours. SAVIDGE told Agents that she had completed a supplement report.

**AGENT NOTE: This interview was audio recorded by SA Matthew Massingill, and a copy will be maintained in SA McGowen's working case file. For further details of this interview, please refer to the audio recording in its entirety. A full copy of the audio interview will be provided to the District Attorney's office upon request.**

**Description:** Interview - Audio - Madison Rolon - MNPDP Officer

(LE-A) DYLAN JOSEPH RAMOS, F  
(O-A) OBOB OMAN OCHAN, B/M,

On February 1, 2023, at approximately 1:30 PM, TBI Special Agent (SA) Matthew Massingill and SA Jonathan McGowen interviewed MADISON ROLON. After proper identification and explanation for the interview, ROLON voluntarily provided the following information. Below is a brief synopsis of that interview (not a transcription):

Agents read MADISON ROLON a TBI Use of Force form that informed her that she was not being compelled to give any statement, answer any question, and that her cooperation was voluntary. ROLON gave Agents verbal consent that she understood and still wanted to speak with Agents.

ROLON told Agents that she is employed by the Metro Nashville Police Department (MNPDP) and currently holds the rank of Police Officer 1 (PO1). ROLON explained that she graduated from the MNPDP Police Academy in August of 2022 and completed her Field Training at the start of December 2022. ROLON stated that she had not had any other Law Enforcement jobs.

ROLON said that on January 29, 2023, she was assigned to North Precinct B Detail as a Patrol Officer. ROLON explained that B Detail hours are from 3 PM to 1:37 AM. ROLON stated that she was in a two-person unit with MNPDP Officer Elsworth working 625B. ROLON recalled that she and Officer Elsworth were leaving a shots fired call when a 10-54, person with a weapon, call came out.

ROLON said that the call text said a male wearing a camo jacket was walking on Buchanan with a gun and threatening people with it. ROLON explained that Officer Elsworth and she asked for the call and responded with lights and sirens. ROLON recalled other units asked for the call on Buchanan as well.

ROLON expressed that when she arrived Officer RAMOS was parked first, Officer Mayfield was parked behind Officer RAMOS, and Officer Elsworth parked their patrol car behind Officer Mayfield's patrol car. ROLON said that she exited the front passenger seat and Officer Elsworth exited the driver's seat. ROLON explained that when she exited the patrol car, she could hear shots being fired.

ROLON said that she was too far back to see anything. ROLON went on to say that to her it sounded like two people were shooting. ROLON told Agents that she believed that fire was being exchanged. ROLON recalled that she ran up to where the shooting happened, and Officers Elsworth and Mayfield were in front of her.

ROLON said that when she got up to Officer RAMOS, she could see him hand cuffing a male. ROLON recalled that Officers RAMOS, Elsworth, and Mayfield gave aid to the male who had been shot. ROLON remembered that Officer RAMOS said that the suspect had thrown his gun. ROLON told Agents that she went over and stood over the suspect's gun. ROLON told Agents that the gun was different colors and did not look like a MNPd issued gun.

ROLON stated that she was holding security over the gun because there were around fifty people across the street from where they were. ROLON said that the complainant was across the street from her at that time.

ROLON said that she rode in the ambulance with the suspect that was shot. ROLON stated that the ambulance went to Vanderbilt University Medical Center. ROLON told Agents that Officer Jordan followed behind the Ambulance. ROLON recalled that while in the ambulance someone was giving cpr, someone was giving an iv, and someone was intubating the male. ROLON went on to say that she did not assist the workers in the ambulance.

ROLON said that once at Vanderbilt University Medical Center the male was rushed into a trauma room. ROLON stated that she stood outside the room but could still observe the doctors. ROLON recalled that the doctors went through a death check list for the male that had been shot. ROLON explained that a doctor came out of the room and told her that the male was dead.

ROLON went on to say that a team prepared the body for the Tennessee Bureau of Investigation (TBI) and she stayed with the male's body while the team prepared the body. ROLON said that once the body had been prepared it was moved to room 1304. ROLON explained that room 1304 had a locked door and she stayed outside the room with Officer Jordan until a TBI Agent arrived.

ROLON recalled that the TBI Agent took pictures and then released her and Officer Jordan. ROLON said that she did not recognize the male that had been shot.

**AGENT NOTE: This interview was audio recorded by SA Matthew Massingill, and a copy will be maintained in SA McGowen's working case file. Case # : NA-5U-000054

IR # : 13

**Author:** Henderson, Kendall

**Activity Date:** 01/29/2023

**Case Agent:** McGowen, Jonathan

**Report Date:** 01/31/2023

**SAC/ASAC:** Neese, Nathan L

**Approved By:** Neese, Nathan L

**Description:** Crime Scene Investigation - 911 Buchanan Street

(LE-A) DYLAN JOSEPH RAMOS, H/  
(O-A) OBOB OMAN OCHAN, B/M, D \_ \_

On January 29<sup>th</sup>, 2023 at approximately 7:30 PM, Tennessee Bureau of Investigation (TBI) Special Agent (SA) Kendall Henderson was notified by Special Agent in Charge (SAC) Josh Savley requesting assistance on the scene of an officer-involved shooting. SAC Savley advised a male subject had been shot by a Metropolitan-Nashville Police Department (MNPd) officer and the scene was located:

SA Henderson arrived on scene at approximately 8:09 PM. The temperature was in the low 50s and it was beginning to mist. It began raining near the end of the scene processing. The scene was located in the roadway and on the sidewalk in front of 911 Buchanan Street. This location is the address of Slim & Husky's Pizza Beeria of North Nashville. The restaurant is also connected to the east side of the NKA Art Gallery which is located at 915 Buchanan Street. A perimeter of crime scene tape stretched across Buchanan Street at the 10<sup>th</sup> Avenue intersection and between 906 and 905 Buchanan Street. Additional crime scene tape stretched from Willie B's Kitchen and Lounge (918 Buchanan Street) to the northwestern most corner of the NKA Art Gallery. The parking lot east of Slim & Husky's was also taped off with crime scene tape.

Additional TBI Agents responded to the scene including SAC Josh Savley, Assistant Special Agent in Charge (ASAC) Nathan Neese, SA Jeremy Baker, SA Jonathan McGowen, SA Matthew Massingill, SA Andrew Graves, and SA Josh Anderson. Prior to arriving on scene, Agents were provided preliminary information by SAC Savley. This information indicated OBOB OCHAN was at a nightclub in the area and had a firearm. Security personnel at the nightclub contacted dispatch and requested assistance from MNPd. Officer DYLAN RAMOS responded and made contact with OCHAN outside the nightclub. Officer RAMOS requested OCHAN put the weapon down. OCHAN abided but eventually retrieved the weapon from the ground. OCHAN picked the weapon up and pointed the weapon at Officer RAMOS. Officer RAMOS fired numerous times, striking OCHAN. OCHAN was transported to Vanderbilt University Medical Center where he was pronounced deceased.

SA Henderson began her photographs at approximately 8:33 PM. At approximately 8:37 PM, SA Henderson located Officer RAMOS and took photographs of him in the clothing/equipment he was wearing during the shooting. SA Henderson obtained the remaining magazine from his duty belt which contained 17 cartridges, the full capacity of the magazine. At approximately 8:42 PM, SA Henderson photographed RAMOS' duty weapon used during the shooting which was located in the passenger floorboard of MNPd Sergeant Scarbrough's patrol vehicle. The firearm

was a Glock 17 with a serial number of BVGM790. SA Henderson rendered the firearm safe which included ejecting one magazine containing 16 cartridges, and 1 cartridge from the chamber. SA Henderson temporarily secured the firearm in her vehicle for the remainder of processing the crime scene. A property receipt was completed to document this transaction and will be serialized separately within the case file.

Officer RAMOS' marked MNPD patrol vehicle (8186AB) was parked in the right lane at the corner of 10<sup>th</sup> Avenue North and Buchanan Street, facing east. An additional MNPD marked patrol vehicle (8630AH) was parked in the right lane facing east in front of the NKA Art Gallery. A 9mm gold cartridge was located on the sidewalk perpendicular to the patrol vehicle's passenger-front tire. A second gold 9mm cartridge was located in the middle of the bicycle lane in front of the meeting point of NKA Art Gallery and Slim & Husky's. The third gold 9mm cartridge was located in front of Slim & Husky's lying in the right lane of travel near the double yellow line. A total of eight Winchester 9mm casings were located, three of which were on the sidewalk in front of the flowerbed located between the front door and the patio of Slim & Husky's. The remaining four casings were located in the flowerbed. On the sidewalk near the steps to the patio a firearm magazine was located that contained two cartridges. An additional Winchester 9mm cartridge was located on the sidewalk near the magazine. A blue-gray Kel-Tec pistol (serial number [REDACTED]) was located on the sidewalk in front of the patio along with what appeared to be the corresponding magazine containing four 9mm ZSR cartridges. Another Winchester 9mm casing was located on the patio near the railing on the side closest to the sidewalk. A bus stop sat between 9<sup>th</sup> and 10<sup>th</sup> Avenue North (Stop ID: BUC9AEN). The west side wall of the bus stop had been shattered by what appeared to be a bullet defect but remained intact. A gray toboggan style hat was lying on the ground behind the bus stop where it appeared the victim was medically treated. Three projectile fragments were found on the ground of the bus stop. In the parking lot outside the patio, another Winchester 9mm cartridge was located.

SA Henderson took overall photographs of the scene prior to the placement of yellow evidence placards. SA Baker, SA Massingill, and SA Henderson conducted a line search of the area and placed placards to mark all items determined to be evidence. Following another round of overall photographs, additional midrange and close-up photographs were taken to further document the characteristics and relationships of items of evidence.

ASAC Neese, SA Anderson, and SA Baker took measurements of items of evidence. SA Baker will complete a crime scene diagram which will be serialized separately within the case file. Measurements of items of evidence will be reflected in the diagram. Each item was measured and documented prior to collection by SA Henderson. The following items were collected from the scene:

Marker #	Item	Location
1	9mm gold CBC cartridge	On sidewalk near patrol vehicle
2	9mm gold CBC cartridge	In bicycle lane near patrol vehicle
3	WIN 9mm Luger casing	On sidewalk near the front door corner of flowerbed
4	WIN 9mm Luger casing	In flowerbed between front door and patio
5	9mm gold ZSR cartridge	In right lane of travel near double yellow line
6	WIN 9mm Luger casing	On sidewalk in front of flowerbed

7	WIN 9mm Luger casing	On sidewalk in front of flowerbed
8	WIN 9mm Luger casing	In flowerbed between front door and patio
9	WIN 9mm Luger casing	In flowerbed between front door and patio
10	WIN 9mm Luger casing	In flowerbed between front door and patio
11	WIN 9mm Luger cartridge	On sidewalk near steps to patio
12	magazine containing 2 cartridges	On sidewalk near steps to patio
13	Kel-Tec 9mm semi-auto pistol	On sidewalk near steps to patio
14	9mm magazine containing 4 ZSR 9mm Luger cartridges	On sidewalk near steps to patio
15	WIN 9mm Luger casing	On patio near railing closest to the sidewalk
16	Gray Toboggan Hat	Behind bus stop
17	WIN 9mm Luger cartridge	Second parking space from roadway in Slim & Husky's parking lot
18	projectile fragment	On ground inside bus stop
19	copper jacket fragment	On ground inside bus stop
20	copper jacket fragment	Under trashcan attached to bus stop

SA Graves transported items of evidence recovered from Vanderbilt University Medical Center to the scene at approximately 10:18 PM. SA Graves will complete a report detailing the evidence recovered. SA Graves transferred all items to SA McGowen at approximately 12:10 AM on January 30<sup>th</sup>, 2023. SA Henderson transferred all items of evidence, including the officer's duty weapon, to SA McGowen at approximately 11:56 PM on January 29<sup>th</sup>, 2023.

Dispositions of evidence will be detailed in SA McGowen's reports. Property receipts documenting the transfer of evidence will be serialized separately within the case file. 168 photographs were taken by SA Henderson in total and will be maintained in the working case file.

**Description:** Investigative Activity - Photograph Deceased at Vanderbilt University Medical Center and Recovery of Evidence

(LE-A) DYLAN JOSEPH RAMOS, H/M,

(O-A) OBOB OMAN OCHAN, B/M, DOi

On January 29, 2023, Special Agent (SA) Andrew Graves traveled to Vanderbilt University Medical Center (VUMC) in Nashville, TN. The purpose of this visit was to photograph the injuries on the deceased, OBOB OCHAN and to collect any items of evidentiary value and/or items belonging to OCHAN.

Upon arrival at 9:27 pm, SA Graves met with Metropolitan Nashville Police Department (MNPd) Officers Tyler Jordan and Madison Rolon. Officer Jordan and Officer Rolon were assigned to remain at VUMC until personnel from TBI arrived. Officer Jordan provided SA Graves with a pair of hinged handcuffs that had been used to restrain OCHAN. SA Graves received the pair of handcuffs at 9:41 PM. A property receipt form was also filled out and submitted to the case file.

SA Graves also met with Olivia Hobbs, a registered nurse at VUMC. Ms. Hobbs escorted SA Graves to a secure room where the body of OCHAN was being stored until OCHAN could be transported to the medical examiner's office. SA Graves observed OCHAN to be in a body bag and his hands had been placed in paper bags.

SA Graves photographed OCHAN and his injuries sustained during the previous incident. 15 photographs were taken at the hospital by SA Graves. SA Graves transferred the photographs to SA McGowen's TBI electronic storage folder.

While at VUMC, SA Graves received the following items from Ms. Hobbs:

- One Bullet
- Camo jacket
- Two boots, two socks, one pair of underwear
- One cell phone, one pair of eyeglasses, one wallet containing multiple cards
- One set of coveralls and two t-shirts

SA Graves also received a VUMC document that showed the injuries to the body of OCHAN. This document was submitted to the case file as well. A property receipt documenting the items received from Ms. Hobbs to SA Graves was also submitted to the case file.

After SA Graves left VUMC, SA Graves went back to the scene and met with SA McGowen. SA Graves provided the above listed items to SA McGowen at the scene.

**Description:** Recovery of Evidence – MNPDP Body Worn Camera and In Car Camera Videos

(LE-A) DYLAN JOSEPH RAMO:  
(O-A) OBOB OMAN OCHAN, B

On January 29, 2023, at approximately 9:23 PM, TBI Special Agent (SA) Joshua Anderson received an email communication from MNPDP Lieutenant Samuel Tetterton in relation to Body Worn Camera and In Car Camera videos related to this incident. The purpose of these communications were for TBI to be provided access to the related videos via a secure online portal. SA Anderson forwarded these email communications to SA Jonathan McGowen.

At approximately 11:35 PM, SA McGowen accessed the secure online MNPDP portal and downloaded, MNPDP Officer RAMOS's Body Worn Camera and In Car Camera videos related to this incident. SA McGowen collected approximately 984 MB (megabytes) of digital data. Due to the voluminous nature of this digital data, it will be maintained in the digital case file.

A copy of the related Watch Guard recording events sheet will be attached to this report as a case document.

For further information, please refer to the complete audio/video recordings in the digital case file.

**Description:** Recovery of Evidence – 911 Calls – Metro Nashville Department of Emergency Communications

(LE-A) DYLAN JOSEPH RAMOS, H/M, ■  
(O-A) OBOB OMAN OCHAN, B/M, DOB:

On January 29, 2023, at approximately 11:27 PM, TBI Special Agent (SA) Jonathan McGowen received two email communications from TBI Special Agent in Charge (SAC) Josh Savley in relation to the two 911 callers related to this incident.

These email communications each contained a related audio data file of 911 call audio. These recordings were sent from Barbara Boske of the Metro Nashville Department of Emergency Communications.

SA McGowen collected the below listed recordings:

1. 01292023 – 918 Buchanan 1<sup>st</sup> Call – WAV audio file (12.3 MB)
2. 01292023 – 918 Buchanan 2<sup>nd</sup> Call – WAV audio file (7.4 MB)

Due to the voluminous nature of this digital recordings, they will be maintained in the digital case file.

**Description:** Investigative Activity – Autopsy of Obob Ochan

(LE-A) DYLAN JOSEPH RAMOS, H/M  
(O-A) OBOB OMAN OCHAN, B/M, DO

On January 30, 2023, at approximately 9:20 AM, TBI Special Agent (SA) Jonathan McGowen arrived at Middle Tennessee Regional Forensic Center located at 850 R.S. Gass Boulevard in Nashville, Tennessee. SA McGowen responded to this location to observe the autopsy of OBOB OMAN OCHAN.

The Medical Examiner's office assigned the autopsy case number: MEC-23-0403. The autopsy was performed by, Associate Medical Examiner, Dr. Miguel Laboy.

At approximately 9:55 AM, SA McGowen entered the autopsy suite.

During the autopsy, Dr. Laboy showed SA McGowen possible projectiles and bullet fragments that were visible during X-Ray. During autopsy, Dr. Laboy recovered one bullet/projectile from OCHAN's abdomen area and another bullet/projectile from the left armpit areas.

Dr. Laboy preliminarily advised of at least seven (7) gunshot wound tracks.

At approximately 11:42 AM, SA McGowen left the autopsy suite.

This is a brief overview of the autopsy, and the complete autopsy report will be forwarded to this case file as a separate investigative report.

**Description:** Recovery of Evidence – ATF E-Trace Results – KelTec – PF9 – 9mm Handgun

(LE-A) DYLAN JOSEPH RAMOS, H/M, I

(O-A) OBOB OMAN OCHAN, B/M, DOB:

On January 30, 2023 at approximately at approximately 1:12 AM, TBI Special Agent (SA) Jonathan McGowen completed a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center Trace Request form (E-Trace) in relation to the KelTec handgun recovered from the crime scene. SA McGowen sent the completed form to Intelligence Analyst Marisha Byrd of the TBI Fusion center via email communication. SA McGowen requested this trace be an urgent priority trace as this weapon was involved in an officer involved shooting incident. A copy of this trace request form will be attached to this report as a case document.

At approximately 7:41 AM, Intelligence Analyst Taylor Leiper provided SA McGowen with a trace number of: T20230052600.

At approximately 11:47 PM, SA McGowen received the requested ATF E-Trace results in relation to the KelTec handgun, 9mm, Model PF-9, bearing serial number: [REDACTED]. A copy of the firearms trace summary will be serialized separately within the case file.

Upon review, SA McGowen learned that this firearm was purchased on February 27, 2018 by a Donnie Lee McElyea of Hazel Green, Alabama. This firearm was purchased at Mr. Big Guns LLC of Huntsville, Alabama. It was noted that this firearm trace information was derived through the secondary market program.

# Instructions For Completing ATF Form 3312.1 - National Tracing Center Trace Request

## General Instructions - \*Required Data Entry Fields And \*\*Available Options/Codes Listed for Reference

The information requested on this form is needed to initiate a trace request. All fields marked with an asterisk (\*) indicate required entry data fields. All areas so marked must be completed in order to effectively and expeditiously execute the trace request. Fields marked with a double asterisk (\*\*) indicate areas of required data entry with available options and codes listed for reference (refer to lists below to determine the appropriate entry and correct nomenclature).

## Required Entry Fields Include

Question 1b\*\* - (Justify Urgent Trace) See Priorities listed below  
 Question 2a\*\* - Include Project Code and list NCIC Code  
 Question 3a\* - Office Organizational Code For Use by ATF Requester Only  
 Question 4a\* - ORI - NCIC Originating Requestor Identifier  
 Question 5a\*, 5c\*, 5d\*, 5e\*, 5f\*, 5g\* & 5h\* - Verify data  
 Question 8a\*, 8h\* & 8j\* - Confirm Recovery data to be submitted

## Question 1B - Trace Priority (Entered Numbered Qualifier to Justify Urgent Trace Request)

NOTE: An urgent trace is deemed necessary when the violations are significant and circumstances warrant or require that the firearm be traced without undue delay. Examples of this are: to hold a suspect, provide a probable cause, officer and public safety, etc. The following are examples of significant violations.

- |                  |                    |                   |                                  |
|------------------|--------------------|-------------------|----------------------------------|
| 1 - Assault      | 3 - Kidnapping     | 5 - Rape/Sex      | 7 - Terrorist Threat             |
| 2 - Bank Robbery | 4 - Murder/Suicide | 6 - Terrorist Act | 8 - Other (specify circumstance) |

## Question 2C - NCIC Crime Codes (Enter one code only. For complete listing refer to NCIC Manual)

0098 Found Firearm	1301 Aggravated Assault (Family)	2899 Stolen Property	5212 Possession of Weapon
0199 Sovereignty	1311 Aggravated Assault (Police)	2999 Damage Property	5399 Public Peace
0299 Military	1399 Assault	3599 Dangerous Drugs	5499 Traffic Offense
0399 Immigration	1499 Abortion	3699 Sex Offense	5599 Health - Safekeeping
0907 Homicide (Police)	1602 Threat (Terroristic)	3799 Obscenity	5699 Civil Rights
0911 Homicide (Suicide)	1702 Material Witness (Federal)	3802 Cruelty Toward Child	5799 Invade Privacy
0999 Homicide (Street)	2099 Arson	3803 Cruelty Toward Spouse	5899 Smuggling (Customs)
1099 Kidnapping	2199 Extortion	3999 Gambling	5999 Election Laws
1101 Rape	2299 Burglary	4099 Commercial Sex	6099 Antitrust
1199 Sexual Assault	2399 Larceny	4199 Liquor	6199 Tax Revenue
1201 Robbery (Business)	2411 Unauthorized Use of Auto	4899 Obstruction Police	6299 Conservation
1204 Robbery (Street)	2499 Stolen Vehicle	4999 Flight-Escape	7099 Crimes Against Person
1211 Bank Robbery	2599 Counterfeiting	5099 Obstruct	7199 Property Crimes
1212 Car Jacking	2699 Fraud	5199 Bribery	7299 Morals
1299 Robbery	2799 Embezzlement	5201 Altering Identification on Firearm	7399 Public Order Crimes
		5211 Explosives	8100 Escape (Juvenile)

## Question 5D - Type of Firearm

C = Combination - A weapon designed to be fired from the shoulder which is fitted with both a rifled barrel 16' or greater in length and a smooth-bore barrel 18' or greater in length with an overall length of 26' or more.

M = Machine Gun - A weapon of handgun, rifle or shotgun configuration designed to automatically fire more than one shot, without manually reloading, by a single function of the trigger.

P = Pistol - A weapon which includes single shot and both single or double-action semiautomatic handguns fitted with a barrel(s) with an integral chamber design or having a chamber(s) permanently aligned with the barrel.

PR = Pistol/Revolver - A weapon which includes both single and double-action handguns having a breechloading chambered cylinder designed with a repetitive function based on rotation.

PD = Pistol/Derringer - A weapon which includes single barrel, super-posed (over/under) and multi-barrel configuration handguns based on a hinged or pivoting barrel small frame pistol design.

R = Rifle - A weapon designed to be fired from the shoulder which discharges a single projectile through one or more rifled barrels 16" or greater in length with an overall length of 26" or more.

S = Shotgun - A weapon designed to be fired from the shoulder which discharge a single or multiple projectiles through one or more smooth-bore barrels 18" or greater in length with an overall length of 26" or more.

Document 2ed: 5451014 Document Title: EPLSC - 04-30-53:hg Paperwork Reduction Act

This request is in accordance with the Paperwork Reduction Act of 1995. The information collection is used by Federal, State and local law enforcement officials to request that the Bureau of Alcohol, Tobacco, Firearms and Explosives trace firearms used or suspected to have been used in crimes.

The estimated average burden associated with this collection of information is 6 minutes per respondent or recordkeeper, depending on individual circumstances. Comments concerning the accuracy of this burden estimate and suggestions for reducing this burden should be addressed to Reports Management Officer, Document Services Branch, Bureau of Alcohol, Tobacco, Firearms and Explosives, Washington DC 20226.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

3\DOC-Officers Handgun Testing Info - 1-30-23.pdf

The questions listed below are designed to facilitate the proper testing sequence of law enforcement firearms within the Forensic Services Division.

Please answer the questions to the best of your knowledge based on the facts known at the time of submittal. If facts you deem pertinent to the investigation are still not known, please alert the Violent Crime Response Team Lead or a Forensic Technician in the Evidence Receiving Unit as soon as possible.

Name of Officer: Dylan Ramos
Make: Glock
Model: 17
Serial Number: 3

1. Do you have reason to believe the listed firearm was handled in any manner by a non-law enforcement (non-LE) participant during this incident? Was an attempt made by any non-LE participant to grab the above listed firearm?  
Yes ☐ No ☒

If so, please describe the circumstances below (e.g., struggle, close contact, grab attempt in holster, etc.):

---

---

---

---

---

---

2. Was the listed firearm handled without gloves by law enforcement personnel during collection and/or packaging of the firearm? Yes ☐ No ☒

If yes, by whom

3. Is there visible blood on the firearm? Yes ☐ No ☒

4. Is electronic media (e.g., body cam, dash cam, surveillance video) available that may clarify any of the facts listed above? Yes ☒ No ☐

Case # : NA-5U-000054

IR # : 34

**Author:** Massingill, Matthew

**Activity Date:** 02/01/2023

**Case Agent:** McGowen, Jonathan

**Report Date:** 02/06/2023

**SAC/ASAC:** Neese, Nathan L

**Approved By:** Neese, Nathan L

**Description:** Interview - Audio - Tristen Mayfield - MNPDP Officer

(LE-A) DYLAN JOSEPH RAMOS, H/     ;     ;  
(O-A) OBOB OMAN OCHAN, B/M, E

On February 1, 2023, at approximately 1:49 PM, TBI Special Agent (SA) Matthew Massingill and SA Jonathan McGowen interviewed TRISTEN MAYFIELD, at:

After proper identification and explanation for the interview, MAYFIELD voluntarily provided the following information. Below is a brief synopsis of that interview (not a transcription):

Agents read TRISTEN MAYFIELD a TBI Use of Force form that informed him that he was not being compelled to give any statement, answer any question, and that his cooperation was voluntary. MAYFIELD gave Agents verbal consent that he understood and still wanted to speak with Agents.

MAYFIELD told Agents that he is employed by the Metro Nashville Police Department (MNPDP) as a Police Officer. MAYFIELD stated that on January 29, 2023, he worked B Detail at North Precinct for the MNPDP as a Patrol Officer. MAYFIELD said that B Detail hours are 3 PM to 1:30 AM. MAYFIELD explained that he has been with the MNPDP since August 2020. MAYFIELD expressed that MNPDP was the only Law Enforcement job he had ever had.

MAYFIELD said that he had just left a call for service in the area of Henry Hale Apartments off of Charlotte Pike. MAYFIELD recalled that Officer RAMOS had been assisting him. MAYFIELD explained that a vehicle had been shot, and he was going to complete a report on it.

MAYFIELD explained he and Officer RAMOS were on their way to a parking lot to complete a report for the call they had just left when dispatch put out a man in a camo jacket with a gun near Slim and Husky's. MAYFIELD went on to say that dispatch put out that the man had a gun and was threatening people with it.

MAYFIELD stated that Officer RAMOS took the call but did not say anything on the radio due to the amount of radio traffic. MAYFIELD said that he had just headed to the call with Officer RAMOS. MAYFIELD recalled that he was behind Officer RAMOS on the way there, but he took a second to slow down and get his patrol rifle.

MAYFIELD said that Officer RAMOS did not slow down when he did, and Officer RAMOS got around an 80-yard lead on him. MAYFIELD said that he and Officer RAMOS turned off their lights and sirens just before they arrived at the scene. MAYFIELD recalled that when he got on

the scene, he observed a black male in a camo jacket walking away from Officer RAMOS's vehicle. MAYFIELD went on to say that Officer Ramos was already out of his patrol car when he arrived on the scene.

MAYFIELD stated that the male had his hands in front of his coat and could not see his hands. MAYFIELD said that he heard gunshots being fired as he exited his vehicle and shut the door. MAYFIELD recalled that they were really fast gunshots. MAYFIELD told Agent that due to the cadence of gunfire, he thought both Officer RAMOS and the male were shooting.

MAYFIELD expressed that he went to the back of his patrol car and used it for cover until the shots stopped. MAYFIELD recalled after the shooting stopped, he went around the side of his vehicle and observed Officer RAMOS with the subject lying down on the ground. MAYFIELD said Officer RAMOS still had his gun pointed at the subject. MAYFIELD stated that he, Officer Ellsworth, and Officer Rolon ran up to Officer RAMOS's position.

MAYFIELD recalled that he observed a handgun on the sidewalk on the way to Officer RAMOS. MAYFIELD said that it was not an issued MNPD firearm. MAYFIELD told Agents that while they were running up, Officer Ellsworth's taser came out of his holster and slid across the sidewalk. MAYFIELD expressed that Officer Ellsworth and Officer RAMOS got the subject into handcuffs. MAYFIELD stated that he and Officer Ellsworth rendered aid to the male that was shot until the Nashville Fire Department (NFD) arrived on the scene.

MAYFIELD recalled that he and Officer Ellsworth applied a tourniquet to the subject along with chest seals and gauze. MAYFIELD explained that the subject had multiple gunshot wounds. MAYFIELD recalled that the NFD transported the subject from the scene. MAYFIELD expressed that an Officer rode in the ambulance to Vanderbilt University Medical Center with the subject.

MAYFIELD said that night, he was wearing an MNPD-issued patrol uniform. MAYFIELD stated that he did not know the male that was shot. MAYFIELD told Agents that he talked to Officer RAMOS that night but did not remember if it was after they both had turned their body cameras off.

MAYFIELD expressed that he spoke with people at Slim and Husky's about the incident. MAYFIELD said that people heard it but did not see the shooting occur. MAYFIELD was told that he did not need to complete a supplement because the TBI would interview him, but he wrote a narrative while on the scene.

**AGENT NOTE: This interview was audio recorded by SA Matthew Massingill, and a copy will be maintained in SA McGowen's working case file. For further details of this interview, please refer to the audio recording in its entirety. A full copy of the audio interview will be provided to the District Attorney's office upon request.**

**Description:** Interview - Audio - Austin Bowles - MNPDP Officer

(LE-A) DYLAN JOSEPH RAMOS, H/M, DOB [REDACTED]

(O-A) OBOB OMAN OCHAN, B/M, DOB [REDACTED]

On February 2, 2023, at approximately 12:56 PM, TBI Special Agent (SA) Matthew Massingill and SA Jonathan McGowen interviewed AUSTIN BOWLES, at 901 R.S. Gass Blvd, Nashville, TN 37216. After proper identification and explanation for the interview, BOWLES voluntarily provided the following information. Below is a brief synopsis of that interview (not a transcription):

Agents read AUSTIN BOWLES a TBI Use of Force form that informed him that he was not being compelled to give any statement, answer any question, and that his cooperation was voluntary. BOWLES gave Agents verbal consent that he understood and still wanted to speak with Agents.

BOWLES told Agents that he is employed by the Metro Nashville Police Department (MNPDP) as a Police Officer. BOWLES stated that on January 29, 2023, he worked B Detail at North Precinct for the MNPDP as a Patrol Officer. BOWLES said that B Detail hours are 3 PM to 1:37 AM. BOWLES explained that he has been with the MNPDP since 2020. BOWLES expressed that MNPDP was the only Law Enforcement job he had ever had.

BOWLES said that he drove car number 8894AM, and his call sign was 623B on January 29, 2023. BOWLES recalled that a 54P, person with a weapon, call had been dispatched out. BOWLES stated that he was informed that the person with a weapon was waving a gun around, trying to cock it, and threatening people with it. BOWLES expressed that he responded to the call along with other officers that were working that night.

BOWLES explained that he believed that the original address that was given out was 918 Buchanan St. BOWLES said that he was responding from the County Hospital Rd area. BOWLES recalled that when he arrived on the scene, he could see other Officers running to where the incident occurred. BOWLES stated that he saw Officer RAMOS putting the suspect into custody. BOWLES expressed that he saw Officers Mayfield and Ellsworth start performing medical help on the suspect.

BOWLES said that he pulled Officer RAMOS to the side, and BOWLES started to secure the scene. BOWLES stated that he blocked off 10<sup>th</sup> and Buchanan as well as 9<sup>th</sup> and Delta. BOWLES recalled that he started to put up crime scene tape. BOWLES expressed that he had

an idea of what had happened, and Officer RAMOS seemed shaken up but never said anything to BOWLES.

BOWLES told Agents that he saw a gun on the ground near the suspect but that it was not an MNPd-issued Glock 22 or Glock 17. BOWLES said it was a black and green pistol on the ground. BOWLES stated that he did not recognize the male that had been shot. BOWLES expressed that he heard from witnesses on the scene that the male had been an issue around the area, but BOWLES had never dealt with him before.

BOWLES said that he spoke to a witness at the scene whose vehicle was struck by some of the rounds that were fired. BOWLES recalled the witness told him that the suspect was walking towards him, and the next thing he knew, the Officer was engaging the suspect, and some of the rounds hit his car. BOWLES told Agents that he passed the witness's name along to the TBI, and he believed it was Joshua Seward.

BOWLES stated he was not wearing any personally owned recording equipment. BOWLES said he was driving a marked patrol car and wearing an MNPd uniform. BOWLES recalled that another Officer was riding with him that day, and it was Officer Erin Savidge. BOWLES expressed that he was driving the patrol car, and Officer Savidge was riding in the front passenger seat.

BOWLES told Agent that when he arrived on the scene, he parked close to where the shooting occurred. BOWLES recalled that there was a line of cars, and he could see Officers running, so he drove up closer.

BOWLES recalled on the way there, Dispatch said the male was a black male wearing a gray hat, camo jacket, brown overalls, and waving a gun and trying to cock it. BOWLES said Dispatch updated them that the male was in the middle of the road in front of Slim and Husky's.

Agents asked BOWLES if he could remember anything else, and he said he thought there was a magazine on the ground. BOWLES recalled that he told an Officer to stand next to the magazine so that no one could mess with it. BOWLES said that the magazine did not look like an MNPd-issued magazine.

**AGENT NOTE: This interview was audio recorded by SA Matthew Massingill, and a copy will be maintained in SA McGowen's working case file. **Description:** Interview - Audio - Benjamin Ellsworth - MNPDP Officer

(LE-A) DYLAN JOSEPH RAMOS, I  
(O-A) OBOB OMAN OCHAN, B/M, I

On February 2, 2023, at approximately 1:30 PM, TBI Agents interviewed BENJAMIN ELLSWORTH. After proper identification and explanation for the interview, ELLSWORTH voluntarily provided the following information. Below is a brief synopsis of that interview (not a transcription):

Agents read BENJAMIN ELLSWORTH, a TBI Use of Force form that informed him that he was not being compelled to give any statement, answer any question, and that his cooperation was voluntary. ELLSWORTH gave Agents verbal consent that he understood and still wanted to speak with Agents.

ELLSWORTH told Agents that he is employed by the Metro Nashville Police Department (MNPDP) as a Police Officer. ELLSWORTH stated that on January 29, 2023, he worked B Detail at North Precinct for the MNPDP as a Patrol Officer. ELLSWORTH said that B Detail hours are 3 PM to 1:30 AM. ELLSWORTH explained that he has been with the MNPDP since February 2022. ELLSWORTH expressed that MNPDP was the only Law Enforcement job he had ever had.

ELLSWORTH explained that he was in a two-person unit that night with Officer Madison Rolon. ELLSWORTH said that he and Officer Rolon had been on a shots-fired call off of Clarksville Pike. ELLSWORTH said that they did not see or hear anything on that call, and it was not a part of the call on Buchanan St. ELLSWORTH recalled that a 54P, a person with a weapon, call came out from dispatch, and Officer RAMOS took the call.

ELLSWORTH stated that he and Officer Rolon took the call along with other Officers. ELLSWORTH said that he drove down Clarksville Pike, using lights and sirens, headed to Buchanan when he saw Officer RAMOS and Officer Mayfield turn right onto Buchanan. ELLSWORTH recalled that he was behind Officer Mayfield, who was behind Officer RAMOS.

ELLSWORTH said that he asked Officer Rolon to get his patrol rifle for him. ELLSWORTH stated that Officer Mayfield stopped, and ELLSWORTH could not keep sight of Officer RAMOS's patrol vehicle. ELLSWORTH stated as he parked, and got out of the vehicle, he chambered a round into his patrol rifle. ELLSWORTH recalled that he heard gunshots being fired and did not know if it was Officer RAMOS or someone shooting at Officer RAMOS. ELLSWORTH went on to say that he could not tell if the gunshots were coming at them or going away from them.

ELLSWORTH told Agents that he, Officer Mayfield, and Officer Rolon made it a priority to get to Officer RAMOS. ELLSWORTH said that he thought that Officer RAMOS was getting shot at. ELLSWORTH stated that he and Officer Mayfield were the first two Officers to get to Officer RAMOS.

ELLSWORTH explained that when he got to Officer RAMOS, Officer RAMOS had the suspect on his side to handcuff him. ELLSWORTH remembered that Officer RAMOS got on the radio and said he needed a supervisor and medical as soon as possible. ELLSWORTH recalled that he and Officer Mayfield started providing medical aid to the male that had been shot. ELLSWORTH said that he told Officer RAMOS to step back to gather himself because he was breathing heavily.

ELLSWORTH said that he put a chest seal on the male that had been shot. ELLSWORTH recalled that he worked with Officer Mayfield to put a tourniquet on the male and pack his wounds. ELLSWORTH stated that when the paramedics arrived, they took over giving aid. ELLSWORTH went on to say that Officer Rolon got in the ambulance with the male and rode to the hospital with him.

ELLSWORTH said that other Officers had arrived and started putting up crime scene tape and securing the scene. ELLSWORTH expressed that night that he was driving a marked patrol car, and Officer Rolon was riding in the front passenger seat. ELLSWORTH recalled that he was wearing an issued MNPd patrol uniform.

ELLSWORTH said that dispatch updated them on the way to the call that there was a man with a gun, and the man was pointing the gun at the security guards going up and down the street. ELLSWORTH stated that he knew there were nightclubs in that area. ELLSWORTH went on to say that it seemed like the call needed an urgent response because people out there could get hurt if they did not get there.

ELLSWORTH remembered that right before he got to the male that had been shot, he saw what appeared to be a sub-compact Ruger and a magazine on the ground. ELLSWORTH stated that the gun was not an MNPd-issued weapon. ELLSWORTH said that his yellow taser had also fallen from his holster onto the ground. ELLSWORTH recalled that he collected his taser when he got done giving medical aid.

ELLSWORTH said that he did not recognize the male that was shot. However, ELLSWORTH recalled that he did speak with a witness, maybe the one that called 911, and he said that the male did not give the Officer any other option. ELLSWORTH said that supervisors told him that he did not need to do a supplement since TBI would interview him, but he did type one up.

**AGENT NOTE: This interview was audio recorded by SA Matthew Massingill, and a copy will be maintained in SA McGowen's working case file. For further details of this interview, please refer to the audio recording in its entirety. A full copy of the audio interview will be provided to the District Attorney's office upon request.**

(LE-A) DYLAN JOSEPH RAMO ~

(O-A) OBOB OMAN OCHAN, B/I

On January 30, 2023, at approximately 3:11 PM, TBI Special Agent (SA) Jonathan McGowen interviewed Jerome Wilson at Willie B's Kitchen and Lounge located at 918 Buchanan Street in Nashville, Tennessee. Also present was SA Matthew Massingill. The interview was audio-recorded, and a copy will be provided to the District Attorney's Office upon request. After proper identification and explanation of the purpose of the interview, Jerome Wilson, hereafter referred to as JEROME voluntarily provided the following information. The following is a synopsis of that interview:

JEROME WILSON is a manager at Willie B's Kitchen and Lounge on Buchanan Street. He advises he was one of the 911 callers related to the incident on yesterday.

JEROME states that Willie B's was open, yet the location was winding down and about to close at 7 PM. JEROME says the business still had some patrons in the building, yet it wasn't a full house.

JEROME recalls seeing security at the location, getting the owner (Chris Jones), and recalls him going outside and coming back inside to get his vehicle keys. JEROME advises upon seeing the owner run to get his keys; he follows him outside to support him with whatever is going on.

JEROME advises upon exiting the business, he sees a male standing in the street with a gun while Willie B's security is nearby. JEROME recalls the male in the street was "talking shit" and cocking the gun, while talking crazy. JEROME advises that he yelled at the male in the street, to "stop pointing the gun, chill out." JEROME states that he and others were trying to get the male to go on about his business, as they didn't know his mental state and thought he might be homeless. JEROME advises they had seen this male before in the area, yet they had never seen him with a gun before. JEROME says the male had a metal gun, and he heard the male cock it.

JEROME states that initially, he was concerned and wanted to ensure his staff and patrons inside the location were safe. JEROME explains that he didn't want to be the cause for anybody to lose their life.

Its contents are not to be distributed outside of your agency.

IR # 39  
Page 1

JEROME explains he contacted 911, as the male pointed the gun at people. JEROME recalls the Metro Police officer arriving in a marked police car and wearing a police uniform. JEROME remembers being on the phone with the 911 dispatcher when the officer arrived and mentioning that the male with the gun could be mentally ill and homeless. JEROME states that he tried to give the dispatcher as much information as possible so that police wouldn't just arrive and shoot the male.

JEROME recalls the male was wearing brown coveralls, a camouflage coat, and a gray hat.

JEROME recalls upon the Metro Police officer's arrival, the male began to walk away, and the officer started to follow. As the male was walking away, he recalled seeing him pick something up, though he was unsure what it was. JEROME states that he then saw the male swing around with something shiny or chrome in his hand toward the officer. JEROME recalls that maybe a second later, the officer fired upon the male. JEROME believes he heard approximately nine (9) gunshots. He remembers seeing the male fall to the ground near the bus stop.

JEROME explains that once he saw the male turn around quickly, he knew the officer was going to shoot. JEROME recalls the officer taking a firing stance around the time the male picked up the item. JEROME believes upon the officer's arrival, to the shooting time was approximately twenty (20) seconds in total. JEROME recalls being on the phone with the dispatcher when the shots were fired, and recalls himself saying, "don't shoot him." JEROME says that after the shooting, he walked off, as it messed with him emotionally.

JEROME states that he feels the officer could have waited for backup or taken cover behind his car. JEROME says that he wished the officer could have de-escalated the situation. He advises that he and security at the location had enough restraint not to shoot the male prior to police arrival.

JEROME says that he didn't want the male to die, yet he was concerned for the safety of patrons and staff inside the location.

JEROME explains that he is not upset with the involved officer; he just wishes there could have been some additional steps taken. He advises that once the male swung that gun toward the police officer, he knew it wouldn't end well.

He advises that he called 911, as he wanted police to come get the male, before he and others at the location "lit his ass up", as they don't play with guns and want to make it home to their families. JEROME explains that when the male was pointing the gun in their directions, security and a few patrons were armed also, and had means to defend themselves if needed.

This interview was approximately 33 minutes and 19 seconds in length.

The information above is meant to be a summary only and is not intended to be an exact transcript of the interview. A copy of the above-mentioned full audio interview will be maintained on a secure TBI server and with the case agent in the digital case file.

Description: Interview – Telephone – McGarrett Wharton – Second 911 Caller

(LE-A) DYLAN JOSEPH RAMOS, H/

(O-A) OBOB OMAN OCHAN, B/M, D [REDACTED]

On January 30, 2023, at approximately 3:56 PM, TBI Special Agent (SA) Jonathan McGowen telephonically interviewed McGarrett Wharton. The interview was audio-recorded, and a copy will be provided to the District Attorney's Office upon request. After proper identification and explanation of the purpose of the interview, McGarrett Wharton, hereafter referred to as MCGARRETT voluntarily provided the following information. The following is a synopsis of that interview:

**AGENTS NOTE: SA McGowen contacted the second listed 911 caller telephonically, asking to speak to Calvin Ward, per the 911 call records. Upon contact, this caller advised that he initially gave a false name to dispatch as he didn't wish to be involved as he was scared.**

MCGARRETT advises he called 911, as he and his friend were driving by on Buchanan Street near Slim and Husky's Pizza.

MCGARRETT states that he was parked near 10<sup>th</sup> Avenue North and Buchanan Street when the first Metro Police officer arrived. He recalls hearing the officer tell the male to put the gun down, then later heard shots.

MCGARRETT advises he was driving in the area to show a friend the bar across from Slim and Husky's. MCGARRETT advises that while driving by, a male fell out in the street, dropped a gun, and picked it up. MCGARRETT advises he contacted 911 and informed the dispatcher that the male was in the street trying to cock a gun. MCGARRETT recalled the male he was along the Slim and Husky's side of the street when he passed. MCGARRETT states he believed the male was drunk.

MCGARRETT states that he later turned his vehicle around and passed by the male again while providing information to the 911 dispatcher.

MCGARRETT recalls when the first Metro Police officer arrived, he recalled the officer repeating, "don't touch it," and then heard approximately ten (10) gunshots. He states that he

IR # 40  
Page 1

then pulled around Slim and Husky's and saw the male on the ground. He says that later multiple police officers began to flood the area.

MCGARRETT believes the item in the male's hand was a gun, as he dropped it three to four times in the street. He advises that he also saw security at the nearby bar on the phone, likely calling 911 also. MCGARRETT believes the gun was either brown or black and could have been a .380 or 9mm. MCGARRETT advises the gun looked real to him as he passed by.

MCGARRETT apologized for giving a false name to dispatch yet stated he felt he had to contact 911. MCGARRETT believes if the male had gotten that gun loaded, somebody would have gotten shot.

This interview was approximately 12 minutes and 29 seconds in length.

**The information above is meant to be a summary only and is not intended to be an exact transcript of the interview. A copy of the above-mentioned full audio interview will be maintained on a secure TBI server and with the case agent in the digital case file.**

(LE-A) DYLAN JOSEPH RAMOS, H/M.

(O-A) OBOB OMAN OCHAN, B/M, DC

On February 1, 2023, at approximately 9:36 AM, TBI Special Agent (SA) Jonathan McGowen interviewed Dylan Ramos at TBI Headquarters located at 901 R.S. Gass Boulevard in Nashville, Tennessee. Also present was Attorney John Brown and SA Matthew Massingill. The interview was audio-recorded, and a copy will be provided to the District Attorney's Office upon request. After proper identification and explanation of the purpose of the interview, Officer Dylan Ramos, hereafter referred to as RAMOS, voluntarily provided the following information. The following is a synopsis of that interview:

**Prior to this interview, SA McGowen read over the TBI Statement on Use of Force form with Officer Ramos. Officer Ramos signed this form advising he understood the read statements. This signed form was previously serialized within the case file.**

DYLAN RAMOS graduated from Metro Nashville Police Department (MNPD) training academy in August 2020, but has worked with the department since October 2019. He is a Patrolman assigned to the North Precinct B detail. He works the B detail hours of 3 PM to 1:37 AM.

RAMOS states that on the night of January 29 (2023), he was assigned to work in 611 zone, which is where this incident occurred. RAMOS advises that he works in this zone and area a lot. He responded to a dispatched call of a person with a weapon, in the middle of street waving around a handgun. RAMOS states that he took this call immediately as it came out and proceeded enroute to the area. RAMOS recalls dispatch providing a description of a: male black, in green camouflage, brown or dark colored overalls. He remembers while enroute, dispatch updated him of another 911 caller, with a similar description, of a male in the middle of the street threatening people with a handgun.

RAMOS says upon arriving on the scene; he sees the male matching the descriptions. RAMOS exits his vehicle and recalls a security guard nearby stating, "hey, he's got a gun, he's got a gun." RAMOS advises he had interacted with the security guard in the past during previous calls for service in the area. RAMOS states that at this point in the contact, he can not see if the male has a gun. RAMOS advises that he asks the security guard what the male has, to which the security guard responds, "he's got a handgun, and it's on him."

RAMOS advises he calls out to the male black subject, who matches the provided descriptions and is being pointed out by the security guard. RAMOS explains he calls out to the male to attempt to establish some sort of dialogue, yet the male proceeds to walk away. RAMOS advises at some point; the male appears to drop the handgun by accident. RAMOS recalls seeing the handgun fall to the ground and remembers hearing the distinct sound of metal or iron dropping to the sidewalk. RAMOS advises at this point he knows there is a handgun involved and this call is real.

RAMOS says that he tells the male, "don't touch it, don't pick it up," to which the male does the exact opposite and bends over, picks it up, continuing to walk away. RAMOS states at this time he knows for a fact the male is armed, yet the male is facing away from him and continues walking away down the street. RAMOS recalls initially they were in a well-lit area, yet the male kept walking towards a dark parking lot. RAMOS advises that he still can't see the male subject's hands at this point, and it appears the male keeps looking back at him while walking away. RAMOS advises from his time working in this area; he knows families and young people often populate the parking lot and surrounding areas. RAMOS states he gave several commands to drop the weapon, as he knows the subject is armed at this point.

RAMOS says that suddenly the male spins around, squaring up to him, and extends both arms towards him to what RAMOS perceived as a firing position with the handgun. RAMOS states that he discharged his service weapon at the male, to which the subject dropped to the ground. RAMOS explains that he then cuffed the male while requesting an ambulance and supervisor via radio.

When questioned, RAMOS explained that he was driving a marked police vehicle that evening and wearing a standard MNPd patrol uniform. RAMOS says he responded to this location using his police vehicle's lights and sirens. When questioned, RAMOS explained that he had his service weapon drawn upon exiting his vehicle, yet his weapon was not pointed at the male subject at that point. RAMOS recalls initially as he walked toward the male subject, he called out "sir" repeatably as he didn't know the male's name.

When questioned, RAMOS explained that the male subject "scooped it up", the handgun as he continued to walk away in the same direction. RAMOS advises the male subject continued to walk towards the dark parking lot, which concerned him as it was a corner, and he feared if he lost sight of the male, he could be ambushed or someone uninvolved may be hurt. RAMOS explains that upon the male spinning around, squaring up, extending his arms, along with knowing the male had a weapon, he fully believed that he was going to get shot. RAMOS didn't recall how many times he fired his weapon, yet felt the threat was over once the male hit the ground. RAMOS advises, with the assistance of other arriving officers, they began rendering medical aid to the male subject.

When questioned, RAMOS says that his service weapon was not equipped with a weapon light, and he did not have a flashlight out during this interaction. When asked about alternate force options, RAMOS explained that he considered his Taser, but when the subject dropped the handgun and picked it back up, he felt he didn't have another choice.

When questioned, RAMOS stated that he had not reviewed his body-worn camera videos, yet had only seen what was publicly released by the police department.

RAMOS advises that he has had no prior knowledge or known interactions with the involved male black subject prior to this incident.

This interview was approximately 37 minutes and 15 seconds in length.

**The information above is meant to be a summary only and is not intended to be an exact transcript of the interview. A copy of the above-mentioned full audio interview will be maintained on a secure TBI server and with the case agent in the digital case file.**

**AGENTS NOTE:** At the conclusion of the audio recording, Attorney John Brown requested for his client, to be able to view the related MNPB Body Worn Camera and Vehicle Camera views. SA McGowen contacted TBI ASAC Nathan Neese who advised this could be permitted if the interview was completed. At approximately 10:25 AM, Officer Ramos and Attorney Brown were shown the related body worn camera and vehicle camera views.

**Description:** Investigative Activity – Release of Handgun to MNPDP Training Academy

(LE-A) DYLAN JOSEPH RAMOS, H/I

(O-A) OBOB OMAN OCHAN, B/M, D'

On February 2, 2023, at approximately 9:58 AM, TBI Special Agent (SA) Jonathan McGowen responded to the TBI Evidence Management section located within TBI Headquarters. SA McGowen collected a sealed white handgun box containing a MNPDP Glock 17 Handgun from Forensic Technician Abbey Coderre.

At approximately 10:20 AM, TBI Special Agent (SA) Jonathan McGowen responded to the Metro Nashville Police Department (MNPDP) Training Academy located at 2715 Tucker Road in Nashville, Tennessee. The purpose of this visit was to return MNPDP Officer DYLAN RAMOS's service weapon to the MNPDP at the conclusion of TBI Crime Lab forensic testing.

SA McGowen met with Sergeant Jim Reed of the MNPDP Training Division.

SA McGowen released a Glock 17 handgun, bearing serial number: [REDACTED], along with two magazines to Sergeant Reed.

A property receipt was completed and will be serialized separately within the case file.

A MNPDP weapons transaction form was also completed and will be serialized separately within the case file.

**Description:** Recovery of Evidence – MNPDP Recorded Witness Interviews and Patrol Supplements  
– Detective Anthony Chandler

(LE-A) DYLAN JOSEPH RAMOS, H/  
(O-A) OBOB OMAN OCHAN, B/M, L

On February 6, 2023, TBI Special Agent (SA) Jonathan McGowen received email communications from case liaison, MNPDP Detective Anthony Chandler.

SA McGowen collected the below listed items:

1. Witness Statements – Recorded by MNPDP Cold Case Detectives
  - a. Matthew Hyman – Audio Interview (3MB)
  - b. Christopher Jones – Audio Interview (6MB)
2. MNPDP Patrol Supplements
  - a. Officer Alex Mann – Supplement
  - b. Officer Erin Savidge – Supplement
  - c. Officer Joseph Remson – Supplement
  - d. Officer Kyle Eaton – Supplement
  - e. Officer Madison Rolon – Supplement
  - f. Officer Michael Esposito – Supplement
  - g. Officer Tyler Edwards – Supplement
  - h. Officer Tyler Jordan – Supplement
  - i. Captain Zachary Huber – Supplement

Due to voluminous nature of the audio recorded statements, they will be maintained in the digital case file. The related documentary supplement reports will be serialized separately within this case file.

On 01/29/23 at approximately 1840 hours, I responded to 918 Buchanan St for a man with a gun. While en route to the call, officers at scene advised that shots were fired and began requesting additional resources.

Upon arrival at scene, I blocked the street with my patrol vehicle. I then began securing the scene with crime scene tape.

Upon securing the scene, I interviewed an employee (Patton, Kaytlyn) at 915 Buchanan St (Slim and Huskies). She stated that she observed an officer with dark hair fire his weapon, but was unable to provide any further information.

On 01/29/2023, Officers were dispatched to \_\_\_\_\_ or a man with a gun. Upon arrival, Officer Ellsworth and Officer Mayfield were rendering aid to the man who was shot. I started to secure the scene. I walked into Slim and Huskies to get witnesses for the shooting and video footage from the security cameras. I gathered information of people in the restaurant after the shooting. Alexandra Mitchell \_\_\_\_\_ and David Williams \_\_\_\_\_ were in their car directly behind the restaurant during the shooting. They both reported not hearing the shots, and went into the restaurant after their mother told them to come in for safety. Carol Smith \_\_\_\_\_ and her two juveniles heard a bunch of shooting, but did not see anything. They were located in their car in the lot beside the restaurant and came inside when they heard shooting. Security approached me letting me know they had the video footage. Officer Espisito watched footage. I stood by the casings and the firearm until TBI released me and then I kept perimeter.

On 01/29/2023 I, Ofc Remson, responded to 10th Ave N and Buchanan St in reference to an officer involved shooting. Upon my arrival I began setting up a road block with police vehicles to block off the crime scene. I then began setting up crime scene tape at 10th ave and Buchanan st. Once tape was up I canvased for witnesses and spoke with a Jerome Wilson (phone number [REDACTED]) who stated he called police because the suspect was pointing a gun at the security officer of Willie B's and walking around with it in his hand in the street. Mr wilson saw Ofc Ramos pull on scene and give the man commands to drop it. Mr Wilson said the man turned suddenly with the gun the officer fired at the suspect. Mr Wilson gave his info and story to detectives on scene. No other information was provided by others on scene. Secured scene for the duration of the call.

On 1/29/2023 I was dispatched to a 54P with my partner Benjamin Ellsworth along with several other units. When we arrived, we were the third vehicle to arrive on scene. After arriving at the scene, we got out of our vehicle, and I heard several shots go off. Officer Ellsworth, Officer Mayfield, and I ran towards the shots. When I ran up to the scene, I saw the suspects gun on the ground and stood over it to protect the scene while Officer Ellsworth and Officer Mayfield performed first aid. I was standing over the suspects gun when medics arrived. I was tasked to ride with the medics since I was in a two-man unit. I rode with the suspect to the hospital while the medics provided aid. We arrived at Vanderbilt where Officer Jordan met us. We then followed the suspect as they transported him into a trauma room. Once in the trauma room I removed the handcuffs for the medical team. I spoke with Dr. Matthew Lipton after a few minutes, and he pronounced the suspect dead at 1908hrs. Officer Jordan and I stood outside the trauma room as they prepared the suspects body for Tennessee Bureau of Investigations(TBI). The Nurse Olivia Hobbs stated that as she was moving the suspects clothes a bullet fragment fell out of his clothing and onto the floor. She stated that she picked it up with sterile gloves and placed it into a sterile container and would hold it until TBI arrived. The suspect was then transported to room 1304 while we waited for TBI. TBI Officer Andrew Graves arrived and examined the suspects wounds and took photographs. Officer Graves did not print the suspect on the scene due to his hands being wrapped for the Medical Examiner. Officer Graves advised we were no longer needed, and we left Vanderbilt and did not return to the scene.

On 01/29/23 at approximately 1840 hours, I responded to \_\_\_\_\_ or a man with a gun. While en route to the call, officers at scene advised that shots were fired and began requesting additional resources.

Upon arrival at scene, I blocked Buchanan Street outside \_\_\_\_\_ with my patrol vehicle. I approached Ofc Mayfield, Ofc Ellsworth and Ofc Ramos who were rendering medical aid to the suspect. I held a flashlight for them and provided scene security.

Once the suspect was transported via NFD I assisted in securing the scene again. I was waved down by the security guard of Slim and Husky's Pizza who stated he had video of the event. I watched the recording and used my BWC to record the security camera playback. I informed the on scene supervisor of that data and continued to assist in scene preservation and security.

On 1/29/2023 I was enrolled to an unrelated call when I heard an officer call shots fired I the. Went to the officer who called out the shots fired located at I arrived on scene and blocked off part of Buchanan and 9th ave. I then ran to where officer Ramos and the suspect were. Multiple officers were providing medical aid to the suspect so I stood before officers and made sure no one walked up on the officers. After EMS arrived on scene I was told to go stay with officer Ramos. After officer Ramos had more officers come to him I went and stood with 3 witnesses inside of Willie Bs until TBI arrived on scene.

On 01/29/2023 at 1845 hours I officer Tyler Jordan was enroute to an unrelated medical call when I heard over the radio that shots have been fired on a call located off of Buchanan St. I arrived on scene of the officers involved shooting at 18:49 hours and blocked the roadway at Buchanan and 9th Ave N. I stayed at the roadblock for approximately 3 minutes before approaching the scene of the shooting to get keys to the cruiser blocking the roadway incase MNFD EMS was entering from that side.

At 18:54 I entered the MNPd cruiser and followed medic 11 to Vanderbilt Emergency Room with the suspect in the rear of the ambulance. I arrived at Vanderbilt Emergency Room as the suspect exited the ambulance with officer Rolon following, I handed Officer Rolon my handcuff key as Officer Rolon uncuffed the suspect to medical staff could continue to work on him. At 19:15 hours Doctor Matthew Lipton pronounced the suspect deceased, I along with Officer Rolon and Nurse Olivia Hobbs identified the suspect by his Tennessee State issued ID which we compared to his face as Obob Oman Ochan DOB: [REDACTED]

Vanderbilt Emergency Room staff then moved the suspect to another secured location, myself and Officer Rolon sat outside the door awaiting the arrival of Tennessee Bureau of investigation to arrive, at around 21:45 hours the TBI investigator Andrew Graves arrived on scene and took photos of the suspect and gathered all personal belongings from the deceased. I handed Investigator Graves the handcuffs that were removed off the deceased.

Nothing else follows.

On January 19th, 2023 at approximately 1900hrs, Commander Anthony McClain called me and advised Officer Dylan Ramos had been involved in a shooting in which he utilized deadly-force against a subject who was armed with a handgun. I made notifications to DCOP Virginia Carrigan, Sgt. Shawn Heath with Professional Wellness, and Lt. Brandon Tennant with the FOP. I responded to the scene and assisted with various administrative duties to include ensuring patrol operations for North precinct continued uninterrupted. I never entered the crime scene nor did I interview any involved parties. My involvement in the incident was solely administrative.

**Description:** Interview – Audio – Amber Hardison – Oboob Ochan's Girlfriend

(LE-A) DYLAN JOSEPH RAMOS, H/M, D  
(O-A) OBOB OMAN OCHAN, B/M, DOB: [REDACTED]

On February 7, 2023, at approximately 1:12 PM, TBI Special Agent (SA) Jonathan McGowen interviewed Amber Hardison at her residence located at Nashville, Tennessee. Also present was SA Matthew Massingill. The interview was audio-recorded, and a copy will be provided to the District Attorney's Office upon request. After proper identification and explanation of the purpose of the interview, Amber Hardison, hereafter referred to as AMBER, voluntarily provided the following information. The following is a synopsis of that interview:

Before the recording started, Agents notified AMBER that OBOB OCHAN was deceased, and agents were attempting to locate any next of kin information.

AMBER advised agents to check OBOB's cell phone for possible family member contact information. She says that OBOB's mother and brother are in Sudan, while other family members live in Minnesota.

AMBER says that OBOB possibly lives in an apartment around [REDACTED]

AMBER says the last time she saw him was approximately two weeks ago. She advised OBOB took her riding in his white van to get some Chinese food.

AMBER says that she hasn't seen OBOB with a gun.

AMBER advises that OBOB usually checks on her as she is his girlfriend. AMBER says that she recently left him a voicemail looking for him. She advised the message to him spoke about him playing with her emotions and possibly running off after winning on lottery tickets. AMBER believes she left the voicemail approximately two weeks ago. She advised OBOB's phone number was: [REDACTED]

AMBER says that OBOB once mentioned having a daughter in south Nashville, yet never mentioned a name or phone number.

AMBER recalls the last time she saw OBOB was approximately two weeks ago, on a Sunday, when they went and got Chinese food. AMBER says that OBOB dropped her off, which was the last time she spoke to him.

AMBER advises that OBOB often hung out around the "Hood Store" on Delta Avenue. AMBER states that OBOB often went by "Obama" as he claimed he was also from Sudan. AMBER says that OBOB worked somewhere in the construction field. AMBER advised that OBOB often liked to be on Buchanan Street, where he could buy his liquor, beer, and cold drinks.

Agents left a TBI business card in case she recalled any next-of-kin information.

This interview was approximately 11 minutes and 24 seconds in length.

**The information above is meant to be a summary only and is not intended to be an exact transcript of the interview. A copy of the above-mentioned full audio interview will be maintained on a secure TBI server and with the case agent in the digital case file.**

On 01/29/2023 officers were called to the 900 block of Buchanan st. on a disorderly person with a weapon. When officers arrived the victim was observed walking on the side of the road in possession of a handgun. Officer Ramos gave verbal commands the person to drop the gun. The victim turned quickly in a manner that he was about to fire at Officer Ramos. Officer Ramos fired his duty weapon and struck the victim. NFD was quickly called to the scene and transported the victim to Vanderbilt where he was pronounced deceased. TBI was notified and responded to conduct the investigation.

## Part 10 Narrative

120.

On 1/29/2023 the suspect was in the 900 block of Buchanan st. The suspect is known in the area as being belligerent and intoxicated on a regular basis. Victim 2 is the owner of the bar at 918 Buchanan and victim 3 is security for the location. Both victim 2 and 3 are familiar with the suspect, but did not know his name or any personal information about him. The suspect was walking along the sidewalk and yelling and cursing at everyone outside on the street. The suspect was armed with a handgun and continued to point the gun at both victims as well as everyone else that was outside. Police were called to the scene. When victim 1 arrived he observed the suspect on the sidewalk. Victim 1 also observed the suspect in possession of a handgun. Victim 1 gave verbal commands for the suspect to drop his weapon that were heard by victim 2 and 3. The suspect appears to drop the weapon, pick it back up, and then quickly turn toward victim 1. Victim 1 believed he was about to be fired upon so he fired his duty weapon. The suspect was struck multiple times and transported to Vanderbilt where he died from his injuries. During the incident the bus stop maintained by victim 4 was damaged by gunfire. TBI is investigating the officer involved shooting.

Description: Investigative Activity – Cell Phone to TBI CDEU

(LE-A) DYLAN JOSEPH RAMOS, H/I  
(O-A) OBOB OMAN OCHAN, B/M, DO

On February 9, 2023, at approximately 1:35 PM, TBI Special Agent (SA) Jonathan McGowen responded to the TBI Evidence Management Unit located within TBI Headquarters in Nashville, Tennessee. The purpose of this visit was to locate a cell phone which belonged to OBOB OCHAN to assist in efforts of locating next of kin.

SA McGowen received a brown paper bag (Evidence ID# 75250) which contained a cell phone, wallet, and glasses from Evidence Technician Leslie Hall.

At approximately 1:38 PM, SA McGowen opened the brown paper bag and searched a black wallet looking for any information to assist with locating next of kin for OCHAN. Nothing of value was located. SA McGowen observed a black Alcatel cell phone within the bag, this phone had an obvious bullet hole through the device. SA McGowen placed the black Alcatel phone into a new yellow envelope and resealed the related brown paper bag. The related brown paper bag was returned to the Evidence Management Unit for safekeeping.

At approximately 1:55 PM, SA McGowen responded to the TBI CDEU Unit (Cybercrime & Digital Evidence Unit) within TBI Headquarters. SA McGowen made contact with SA Joel Wade requesting the related black Alcatel phone be processed for any digital evidence that would assist agents in locating next of kin.

SA Joel Wade analyzed the related Alcatel phone advising the device was encrypted yet the sim card did contain a phone number related to the device. This phone number was noted as [REDACTED]. A copy of the related Technical Report will be serialized separately within this case file.

At approximately 2:35 PM, SA Wade released the related Alcatel phone back to SA McGowen.

A property receipt was completed and will be serialized separately within the case file.

**Description:** Investigative Activity – Cumulative Next-of-Kin Notification Efforts

(LE-A) DYLAN JOSEPH RAMOS, H/M, DOB: (b)(6)  
(O-A) OBOB OMAN OCHAN, B/M, DOB: (b)(6)

The below-listed investigative report is a cumulative report of related efforts to conduct a next-of-kin notification to the family of OBOB OCHAN.

On January 29, 2023, at approximately 9:30 PM, TBI Special Agent (SA) Jonathan McGowen spoke to MNPD Detective Anthony Chandler, requesting he conduct a check of MNPD databases to assist in locating any next of kin information for OBOB OCHAN. SA McGowen also contacted the TBI Fusion Center, Intelligence Analyst (IA) Marisha Byrd, requesting she checks any available databases to assist in location next of kin information. SA McGowen later learned from Detective Chandler that an MNPD Chaplain was also attempting to locate the next of kin for OCHAN. TBI IA Byrd, at approximately 10:33 PM, notified SA McGowen that after checking multiple databases, she was unable to locate any relatives for OCHAN. SA McGowen again later spoke to Detective Chandler to ensure the MNPD would not release the name OCHAN to the public, until after a next of kin notification was conducted.

On January 30, 2023, at approximately 4:50 AM, SA McGowen received a call from the TBI TIES unit advising to contact MNPD Detective Andrew Davis in relation to possible next of kin information. SA McGowen telephonically contacted Detective Davis, whom advised that a female (Lakeisha Hyde) contacted Metro ECC dispatch asking for the name of the deceased person in the incident, as her husband hadn't come home and she felt it could be her husband who frequents the Buchanan Street Area. SA McGowen informed Detective Davis that TBI agents would follow up on this information.

At approximately 1:10 PM, SA McGowen learned from the Middle Tennessee Regional Forensic Center that OBOB OCHAN's identity had been confirmed via fingerprints taken at autopsy.

At approximately 2 PM, TBI Agents responded to 705 Drexel Street (Room In the Inn) in Nashville. This location was the address listed on OBOB OCHAN's Tennessee drivers license. Agents made contact with staff member, Maggie Sananikone at the location, whom checked their agencies records, yet located no information related to OBOB OCHAN.

At approximately 2:20 PM, TBI Agents responded to 639 Lafayette Street (Nashville Rescue Mission) in Nashville. Agents made contact with staff member, Glen Lane, at this location. He advised that OBOB OCHAN had last visited their facility on April 11, 2022. He provided agents with a listed emergency contact of: Jekony Omot. Agents attempted to contact this number, yet the phone number was disconnected.

At approximately 5:15 PM, TBI agents responded to [redacted] Tennessee. Agents made contact with Lakeisha Hyde (DOB [redacted]), [redacted] advised she contacted MNPd dispatch in the early morning hours of January 30<sup>th</sup> as she was looking for her husband, James Hyde. Mrs. Hyde advises that she did not know OBOB OCHAN or recognize a photograph of him. She says that her husband came home later in the day and is unrelated to this incident.

On January 31, 2023, SA McGowen contacted Davidson County Sheriff's Office (DCSO), Investigator Warren Ford, requesting assistance locating next of kin information on file with the Sheriff's Office from previous bookings or jail stays related to OBOB OCHAN. Investigator Ford advised he would also check with their federal partners to assist in these efforts.

SA McGowen was advised to contact MNPd Chaplain Andrew Ivey in relation to attempts at locating next of kin. SA McGowen spoke to Chaplain Ivey, who advised he had spoken to a friend of OBOB OCHAN, after observing her name on OCHAN's Facebook page. Chaplain Ivey advised he spoke to a Tomeka Sales [redacted] currently lives in Texas. She stated that to her knowledge, OCHAN had no family in the United States as his family was in the country of Sudan.

On February 1, 2023, SA McGowen learned from the TBI Fusion Center that after a next of kin information request to assist in this case, the U.S. Immigration and Customs Enforcement (ICE) advised OBOB OCHAN's mothers name to be: Ojwok, while his fathers name is: Oman. There was no contact information provided as it was believed they are still in Sudan.

On February 3, 2023, SA McGowen sent a request to the TBI Fusion Center analyst, requesting assistance from the International Criminal Police Organization (INTERPOL) with locating any next-of-kin contacts related to OBOB OCHAN. SA McGowen also requested a check of probation and parole records related to OBOB OCHAN, learning there were had been no family members or next of kin contacts listed in his file.

On February 6, 2023, SA McGowen requested a Tennessee Employment Records check be conducted in relation to OBOB OCHAN. SA McGowen learned OCHAN had two listed employers, Hire Quest, LLC, and Phenix Landscape, LLC. SA McGowen telephonically contacted Phenix Landscape, speaking to its former owner, Derek Schende [redacted]. He advised that OCHAN had no listed next of kin information in his file, yet listed 1000 [redacted] Marks Boulevard in Nashville as an address. He further advised that he sold this company in September, yet later received belligerent calls from OCHAN. He

advised OCHAN possibly had issues with alcohol use. Mr. Schendel provided contact information for a co-worker of OCHAN who could possibly have other information. SA McGowen telephonically spoke to Oscar Valeriano (redacted) Valeriano advised that OCHAN often spoke about a girlfriend who lived in the area, yet never spoke of any family members in the United States.

On February 7, 2023, TBI Agents responded to (redacted) Ile. Agents made contact with Amber Hardison whom advised to be OBOB OCHAN's girlfriend. An interview report documenting this interaction will be serialized separately in the case file.

On February 8, 2023, at approximately 10:05 AM, SA McGowen received a call from a male, whom identified himself as, Okony Chas (redacted) says he was provided the agents contact information after learning of the death of OBOB OCHAN from a member of the Hispanic community and a friend from England via social media. He advises that he knows of OCHAN through his brother being previously married to OCHAN's sister. He advised that most of OCHAN's family is in Sudan, yet he would attempt to contact family members and provide SA McGowen's contact information.

On February 9, 2023, at approximately 6:33 PM, SA McGowen received a call from a male, who identified himself as Lion Agwa (redacted) says he was provided the agent's contact information after learning of the death of OBOB OCHAN. He advised that he is the paternal uncle of OBOB OCHAN, whom lives in Iowa. He advises that OBOB's family lives in Sudan, and he will notify them of the death. SA McGowen informed him of the facts and circumstances along with the nature of the ongoing investigation.

On February 10, 2023, SA McGowen again spoke to Lion Agwa whom advised that he contacted OBOB OCHAN's mother and sister in Sudan, notifying them of OBOB's death. He advised that he and friend will likely be coming to Nashville in the coming days to meet with agents. SA McGowen provided the next of kin contact information to Medical Examiner investigator, Lauren Fisher, via email communication.

**Case Agent:** McGowen, Jonathan

**Report Date:** 02/22/2023

**SAC/ASAC:** Neese, Nathan L

**Approved By:** Neese, Nathan L

**Description:** Recovery of Evidence – Property from the Medical Examiners Office

(LE-A) DYLAN JOSEPH RAMOS, H/M, I  
(O-A) OBOB OMAN OCHAN, B/M, DOB:

On February 15, 2023, TBI Special Agent (SA) Jonathan McGowen responded to Forensic Medical located at 850 R.S. Gass Boulevard, Nashville, Tennessee.

At approximately 12:45 PM, SA McGowen met with Stephanie Dender, Lead Technician at Forensic Medical. The purpose of this visit was to collect items of evidence collected during the autopsy of OBOB OCHAN.

Stephanie Dender provided the following items:

1. Fingerprint Cards from Left and Right Hands (1)
2. Hair from Head (1)
3. Nail Clippings from Left and Right Hands (1)
4. Palm Print Cards from Left and Right Hands (1)
5. Blood Spot (1)
6. Bullet from Abdomen
7. Bullet Fragment from Abdomen
8. Bullet Fragments from Left Armpit

Forensic Medical personnel previously packaged the above listed items as evidence during autopsy.

Stephanie Dender provided a copy of the Forensic Medical Transfer receipt, which will be serialized separately in the case file.

At approximately 2:30 PM, SA McGowen submitted the listed items of evidence to the Evidence Management Unit at TBI Headquarters. The items were received by Evidence Technician Leslie Hall.

**Description:** Meeting – Family of Obob Ochan

(LE-A) DYLAN JOSEPH RAMOS, H/M, DC  
(O-A) OBOB OMAN OCHAN, B/M, DOB: 0

On February 13, 2023, at approximately 8:27 AM, TBI Special Agent (SA) Jonathan McGowen received a call from Lion Agwa, the paternal uncle of OBOB OCHAN. He advised that he and others were at TBI Headquarters in Nashville, Tennessee and wished to meet about the investigation. SA McGowen advised Lion Agwa that a meeting had not been previously scheduled, yet agents would try to accommodate him and other family members.

At approximately 10:15 AM, SA Jonathan McGowen and SA Matthew Massingill met with family members of OBOB OCHAN at TBI Headquarters. The purpose of this meeting was updating the family members on the status of the investigation and answer related questions.

Present for the meeting from the OBOB OCHAN family were:

1. Lion Agwa (Paternal Uncle)
2. Obang Obang (Brother-in-Law)
3. Nyigello Gon (Cousin)
4. Agwa Abella (Cousin)
5. Stephen Gman (Brother-in-Law)
6. Jacob Majok (Friend to Obob Ochan for 30 years)

SA McGowen informed those present that the 20<sup>th</sup> District Attorney Generals Office will review the case, and make a decision based on the investigation.

During the meeting, family members requested to review the related body worn camera videos. SA McGowen advised them that agents could not show the recovered body worn camera as the investigation was ongoing, yet did refer them to a publicly accessible critical incident briefing video released online by the Metro Nashville Police Department.

At the conclusion, SA McGowen provided all present with a TBI business card.

Our Notice of Privacy Practices provides information about how we may use and disclose protected health information about you. You have the right to review our notice before signing this consent. As provided in our notice, the terms of our notice may change. If we change our notice, you may obtain a revised copy. You have the right to request that we restrict how protected health information about you is used or disclosed for treatment, payment or health care operations. We are not required to agree to this restriction, but if we do, we are bound by our agreement. By signing this form, you consent to our use and disclosure of protected health information about you for treatment, payment or health care operations. You have the right to revoke this consent, in writing, except where we have already made disclosures in reliance on your prior consent.

I authorize the submission of a claim to Medicare, Medicaid, or any other payer for any services provided to me by the Nashville Fire Department now, in the past, or in the future, until such time as I revoke this authorization in writing. I understand that I am financially responsible for the services and supplies provided to me by the Nashville Fire Department, regardless of my insurance coverage, and in some cases, may be responsible for an amount in addition to that which was paid by my insurance. I agree to immediately remit to the Nashville Fire Department any payments that I receive directly from insurance or any source whatsoever for the services provided to me and I assign all rights to such payments to the Nashville Fire Department. I authorize the Nashville Fire Department to appeal payment denials or other adverse decisions on my behalf.

I authorize and direct any holder of medical, insurance, billing or other relevant information about me to release such information to the Nashville Fire Department and its billing agents, the Centers for Medicare and Medicaid Services, and/or any other payers or insurers, and their respective agents or contractors, as may be necessary to determine these or other benefits payable for any services provided to me by the Nashville Fire Department, now, in the past, or in the future. I also authorize the Nashville Fire Department to obtain medical, insurance, billing and other relevant information about me from any party, database or other source that maintains such information.

If the patient signs with an "X" or other mark, a witness should sign below.

**Description:** Recovery of Evidence – MNPD Training Records for Officer Dylan Ramos

(LE-A) DYLAN JOSEPH RAMOS, H/M, DC

(O-A) OBOB OMAN OCHAN, B/M, DOB: 0

On February 22, 2023, TBI Special Agent (SA) Jonathan McGowen telephonically contacted case liaison, MNPD Detective Anthony Chandler, to request a copy of the MNPD Training Records related to MNPD Officer DYLAN RAMOS.

On February 24, 2023, SA McGowen received an email communication from Detective Chandler. SA McGowen collected the below listed items:

1. Inservice Records – DYLAN RAMOS
2. Training Certificates – DYLAN RAMOS.
3. MNPD Session 89 Curriculum
4. MNPD 2021 In-Service Training Catalog
5. MNPD 2022 In-Service Training Catalog

A copy of these documentary records will be attached to this report as case documents.

## **Training Academy**

## ***Basic Police Curriculum***

*Ethics, Law, Community & Fitness*

**SESSION 89**

**February 18<sup>th</sup>, 2020 – August 6<sup>th</sup>, 2020**

# Introduction

The Metropolitan Police Department Training Division is a highly structured organization whose operation is guided by law, policy, procedure, rules and regulations, and the Police Officer Code of Ethics.

Consistent with the Department's Mission, the primary role of the Training Division is the operation of a Police Training Academy where, through the training of officers in law, ethics, fitness, and community service, the highest level of professional law enforcement performance is achieved. A basic police-training program is the foundation upon which the career of all officers begins.

The basic police-training program is guided by minimum requirements established by the Peace Officer Standards and Training Commission, the governing agency of law enforcement training on behalf of the State of Tennessee. The Metropolitan Police Department's commitment to the citizens of Nashville demands that only the highest caliber individual serve as a Police Officer. Under the guidance of a committed chain of command, the goal of building a professional team of officers is entrusted to the staff of the Police Training Academy.

The staff of the Academy provides the basic police training program to those candidates who have completed the rigorous application process. The basic training program is designed to challenge the trainee-both mentally and physically. The curriculum is developed with the goal of providing Nashville with the most qualified officers.

At the completion of the Academy, the training continues with a Field Training Program under the supervision of veteran officers who have volunteered to serve as Field Training Officers. At the completion of the training program, officers are produced who, through community service and technology, will provide Nashville with the best-qualified person to serve the city as police officers. The details herein describe the basic police-training program for latest session of the Metropolitan Police Training Academy.

## **Session 89 Overview**

The Metropolitan Nashville Police Department's Training Division opened Session 89 on February 18, 2020, with an originally scheduled graduation date of the 25-week program on August 6, 2020. This was successfully accomplished by the Training Division, its staff, and with the assistance of instruction conducted by community leaders, and we thank all of them for ensuring the success of this recruit session.

At the beginning of March of 2020 Nashville experienced a weather related disaster in which a tornado caused a large scale area of damage through four precincts. Later in March 2020 the Coronavirus (COVID-19) was classified as a global pandemic. This created numerous obstacles for the continuation and successful completion of this recruit session. Ensuring proper protocol was established and followed was an important factor in the process of continuing the recruit session. The Training Division consulted with other law enforcement agencies in an effort to obtain information in how those agencies were conducting their recruit training.

At the beginning of the recruit session, in February, the trainees were utilizing one of the classrooms within our main Training Academy building on our training grounds. Once social distancing became a necessity to ensure the reduction in possible spread, and transfer of the virus, the Training Division consulted with leadership and consequently relocated the recruit session to Madison Precinct's large community room (4,320 SF, with a capacity of 614). There were only, at the time of the transition to the alternate location, 60 trainees. This space was fully functional to ensure social distancing, thus safety measures were put in place for the safety of the trainees, staff, and any other instructor presenting to the recruit session. Facial masks, obtaining trainee temperatures daily, and social distancing, all helped in the efforts to reduce the risk of infection. During this timeframe staff continued to evaluate the best options to ensure the maximized learning environment. Approximately two weeks later the recruit session returned to the Training Academy grounds and the gym had been converted into a classroom (to include two projections screens, microphones, speakers, and a podium). Numerous blocks of instruction involving close proximity of trainees (ex: defensive tactics) was rescheduled for later in the recruit session. The 25-week training program is a progression training process. Very basic information, knowledge, and skills are presented at the beginning of the session as more specific skills, tactics, and knowledge is added to the basic skills obtained early on during the training session. Through the ability to adapt to the ever changing environment, the training staff was still able to successfully present all necessary training material to the trainees of Session 89.

## **Firearms**

Total: 108 Hours (POST 48 Hours)

### **Firearms**

85 Hours

Law enforcement effectiveness depends upon community respect and confidence. Law enforcement effectiveness requires public trust and confidence. Diverse communities must have faith in the fairness and impartiality of their police. Adherence to the Law Enforcement Code of Ethics is essential to this role.

Police officers conduct their duties pursuant to a grant of limited authority from the community. Therefore, officers must understand the laws defining the scope of their enforcement powers. Police officers may only act in accordance with the powers granted to them and in accordance with policy and law.

Police officers must also maintain a level of personal and professional fitness. This includes not only the health and wellness to fulfill their assigned duties, but also encompasses professional fitness. Professional fitness includes maintaining proficiency with all assigned equipment, understanding and an ability to apply the law in a fair and just manner, working with an understanding of the diverse community in which they serve and strive everyday to improve their knowledge, skills and abilities to effectively and safely serve.

A police officer's ability to perform his or her duties is dependent upon the respect and confidence communities have for the officer and law enforcement officers in general. Police officers must conduct themselves in a manner consistent with the integrity and trustworthiness expected of them by the public. Police officers, as stewards of the community they serve, must always apply the principles of community service. Essential to safe and effective community service is learning the skills that enable officers to apply these principles and develop and maintain positive relationships; while treating all members of the public courteously and with respect. Police officers are the most visible form of local government. Therefore, police officers must make a positive impression when interacting with the public and each other. For a community to have faith in its police officers, officers must avoid conduct that does or could cast doubt upon the impartiality of the individual officer or the Department.

This thorough, and in depth, training is conducted through progressive instruction and learning, with safety being the upmost daily objective. The nomenclature as the initial block of instruction leading into basic sight picture, trigger pull, ensuring finger remains on the pistol frame until just prior to discharging firearm. Conducting training where the trainee verbally challenges the target for compliance helps with the repetition of the verbal command level of the Use of Force continuum, as well as additional practice of verbal de-escalation tactics learned during Verbal Defense & Influence. A portion of the training is conducted in low light times of the day (evening). Aspects include, but are not limited to: safe weapon handling, marksmanship, tactics, cover shooting, reloading procedures, malfunction procedures, shooting from vehicle, long range shooting, position shooting, shooting multiple targets, shooting on the move, shooting moving targets, and partner shooting

**Pistol Issuance & Draw strokes**

9 Hours

At the conclusion of the training, the student will know: 1) The four firearms safety rules, 2) How to draw and reholster their issued firearm, 3) When the proper time to put their finger on the trigger is, and 4) Proper shooting stance, grip, sight alignment, sight picture, trigger press, follow through and breathing.

The training will consist of lecture and hands-on practice.

**Second Qualification**

4 Hours

Police personnel with the MNPd qualify twice with their duty issued firearms. During the basic firearms training they complete the first qualifying course, this second qualification is their second completion of the firearms qualifying course.

**Shotgun Issuance**

8 Hours

This block of instruction is the dissemination of the shotguns to the trainees along with the nomenclature of the item. During this block the trainee will take apart the shotgun and put it back to a fully functional weapon. This will be conducted numerous times throughout the block of instruction for familiarity purposes.

**Weapon Familiarization**

2 Hours

The instruction is intended to be a familiarization where the attendees are able to be exposed to different types of firearms platforms as well as get hands on experience and instruction in safe handling and clearing of those systems. While it is impossible to include every make/model and type firearm due to the overwhelming variety that exist as well as new technology evolving every day it is emphasized that if not familiar with a weapon type or how to safely handle and clear to seek expert assistance/advice prior to handling, transport or evidence processing.

## **Emergency Medical Training**

Total: 25.5 Hours (POST 10 Hours)

### **Bloodborne Pathogens**

.5 Hour

Upon completion of this class, students will know how to identify Blood borne Pathogens; the effects and treatment for exposures; use of personal protective equipment and the concept of universal precautions; the Hepatitis B Vaccine; how to identify other potentially infectious materials; a review of MNPD Manual 2.20, 2.50, 2.70, 13.30, 15.10; and a review of Civil Service Rule 4.8.

### **CPR/ First Aid**

8 Hours

The overall objective of this course is to provide trainees with basic first responder skills in order to render basic lifesaving, CPR, and related emergency medical skills. The "First Responder" uses a limited amount of equipment to perform initial assessment and intervention and is trained to assist other EMS providers. The goal of this training is to improve the quality of emergency medical care provided by members of this department.

### **Naloxone (Narcan) Procedure**

1 Hour

This block of instruction involves the education to the student of what is Naloxone, how it is effective in reversing the affects of an overdose, and the application of the Naloxone to someone who is unresponsive and someone who has potentially overdosed on narcotics. It also presents the proper procedures of not only administering the spray, but also how to document the incident.

### **Tactical Trauma Field Care for Officers & Civilians, TTGSW**

16 Hours

The purpose of this block of instruction is to familiarize personnel with the basic skills necessary to treat traumatic gunshot injuries prior to the arrival of EMS personnel. Emphasis will be placed on controlling bleeding, addressing sucking chest wounds, and maintaining airways.

## **Patrol Procedures**

Total: 264 Hours (POST 120 Hours)

### **Adult Sex Crimes**

2 Hour

This block of instruction is to educate the trainees on how to respond, investigate (related criminal laws related to these type of crimes), and document incidents involving crimes of a sexual nature. It includes call-out procedures for specialized detectives from the Sex Crime Unit, how MLE's (Medical Legal Exams) are conducted (and the process), and facts regarding adult sex abuse.

### **ARMS Training**

2 Hours

This block of instruction provides trainees with the basic skills necessary to utilize the wireless police laptop while on patrol and its associated software and online resources (ARMS). Both classroom presentation and practical exercises using the actual programs are used to instruct.

### **Basic Communications Procedures (DEC)**

3 Hours

The instructor will discuss radio etiquette, ten codes, priority identifiers, and classification codes that are used during dispatch transmissions. There will be basic MDC training to include how the officers can self initiate calls and check themselves out, how they can change their statuses, and look up information. We will review the email policy and the importance of using the computers for work related issues only.

### **Basic Fingerprint Training for Patrol Officers**

6 Hours

The objective of this block of instruction is to communicate procedures for the use of latent fingerprint kits for patrol officers responding to minor property crime calls and procedures for submitting latent prints to the Identification section.

### **Basic Forensic Tracking**

6 Hours

This block of instruction will assist the trainee with situational awareness, locating potential evidence and locating lost persons. They will also learn patterns created by humans in an effort to locate lost or missing persons, along with evidentiary items.

### **Canine Demo**

2 Hours

The objective of this block of instruction is to inform the trainee the appropriate times that a K-9 team can be used for criminal apprehension and explain when an explosive detection dog and/or a narcotic detection dog can be used. Also discussed will be the importance of securing a perimeter and the responsibilities of patrol officers on the scene, after an arrest, and medical assistance when K-9 has been utilized.

### **Child Sexual Abuse**

3 Hours

During this block of instruction, the trainee will develop a working knowledge of the basic psychological profiles applicable to child sexual abusers. The trainee will also learn the proper procedure for the initial response to a child sexual abuse call. The trainee will be presented with many of the investigative procedures and techniques that are necessary to successfully develop a criminal case and prosecute the abuser.

**Clandestine Lab Recognition & Hazards/Meth (Drug Education)**

3 Hours

The purpose of this course of instruction is to familiarize trainees with commonly encountered drugs, concealment methods, modes of transportation, the use of a field test kit and the different methods of drug enforcement used by the Police Department. During this class the trainee will be instructed in the basic identification of street and upper level drugs and how to safely handle calls for service involving those subjects who may be under the influence of such drugs.

**Court Appearance**

1 Hour

The course gives the Police Officer Trainee the basic procedures for attending court, per the MNPD Department Manual Section 3.70

**Domestic Violence**

11 Hours

The purpose of this block of instruction is to explain state, civil and criminal domestic violence laws. Trainees will be instructed on departmental policy and procedure regarding the handling and investigation of domestic violence calls for service. An emphasis is placed on conducting a proper investigation, assisting the victim with prosecution, explaining victim's rights, the importance of proper documentation, and providing access to community resources.

**Domestic Violence, Reality Based Training**

4 Hours

The students will participate in Reality Based Training for responding to potential Domestic Violence situations. They will use what they learned in your law, Domestic Violence training, MNPD IDMM to guide their response.

**Foot Pursuits**

6 Hours

This block of instruction prepares the trainee for the art of foot pursuits. It exposes them to the dangers, how to utilize the radio during these events, reminders of location, descriptions, and watching for evidence, weapons etc. In addition, they are reminded of the importance of physical training in order to be prepared to move from a sedentary state to full blown activity in short order.

**General Exams/Reviews**

1 Hour

Each class in Patrol Procedures is tested through at least 2 general exams and all questions are based off of each individual class's lesson plan. The questions for the final P.O.S.T. exam are taken from the general exams.

**Hazardous Devices Unit (WMD's)**

6 Hours

The purpose of this instruction is to provide the trainee with an overview of the Hazardous Devices Unit as a responding unit to assist the patrol officer. Particular emphasis is placed on departmental policy and procedure, which govern the duties of the unit in response to calls for service. An emphasis is also placed on officer response to calls for service and officer/citizen safety in the handling of calls involving hazardous devices and threat calls.

**Managing Civil Actions in Threat Incidents (MCATI)**

8 Hours

The purpose of this course is to provide trainees with the knowledge and skills necessary to prepare for and successfully mitigate threat incidents involving civil disorder and to protect lives and property. This course combines classroom instruction with practical exercises to allow trainees to practice concepts and tactics in a controlled environment.

**Mounted Patrol**

1 Hour

Trainees will learn the importance of the Mounted Patrol Unit not only to our police department but also our community. Trainees will learn how to properly utilize the Mounted Patrol Unit for both policing and public relations. Trainees will learn the proper way to interact with the Mounted Patrol Unit when they come in contact with the unit in the field. Trainees will observe and learn from demonstrations of the Mounted Units tactics used during crowd control, arrest situations, and breaking up physical confrontations. Trainees will learn the limitations of the Mounted Patrol Unit as it relates to assisting patrol functions.

**N.I.M.S./I.C.S.**

**(National Incident Management System/ Incident Command Structure)**

8 Hours

The purpose of this course of instruction is to ensure that trainees have a working knowledge of the Incident Command System, Departmental Contingency Plans, and departmental policy and procedure on the law enforcement incident command system. Also covered will be civil disobedience tactics, equipment and procedures that will be utilized during a civil disturbance. An emphasis is placed on the proper response to such calls for service with the guidelines of departmental policy, law, and the constitutional rights of involved parties.

**Officer Survival Instruction Total Hours: 7 Hours**

**Officer Survival: 10 Deadly Errors**

2 Hours

Pre-attack indicators and danger cues. Characteristics of murdered officers. Characteristics of police attackers.

**Officer Survival: Awareness Spectrum**

1 Hour

Color awareness spectrum: white, yellow, orange, red, black.

**Officer Survival: Introduction to Officer Survival**

2 Hours

Concept of how stress affects the human body: thought distraction, physical distress, sensory distortion, and awareness lapse. Techniques of relaxation under stress: deep breathing, positive self-talk, visualization, and crisis rehearsal.

**Officer Survival: Trooper Coates**

2 Hours

This block of instruction exposes the trainees to officer survival tactics and techniques, specifically utilizing the Trooper Coates incident as a point of reference.

**POST Exams**

2 Hours

Each class is tested through at least 2 general exams/quizzes and all questions are based off of each individual class's lesson plan. The questions for the final POST exam (required per POST) are taken from the general exams.

**Property and Evidence**

1 Hour

This block of instruction will teach the trainee the process of turning evidence into the property room, to include documentation and the forms needed to ensure a chain of custody for evidence.

**Prostitution & Gambling Investigations**

2 Hours

This block of instruction will familiarize the trainee with the Specialized Investigation Division's efforts in the enforcement of prostitution and gambling laws and when SID personnel should be notified by Patrol.

**Radio Issuance & Usage**

3 Hours

This block of instruction will be used to familiarize the trainees with the departmental policy and procedure regarding radio communications. This will include instruction on the police radio code utilized by this department. During practicums each trainee will be required to participate in sending and receiving radio communications.

**Role of the FTO (Field Training Officer) and OIT (Officer in Training)**

1 Hour

This block of instruction is to introduce the trainee to the role of the Field Training Officer in the training process. Particular emphasis is placed on the "Officer in Training" handbook and proper documentation required during the FTO program.

**Tactics Total Hours: 105 Hours**

**Tactics: Active Killer, Classroom & Reality Based Training**

24 Hours

Provide lecture and presentation for basic recruits on how to respond to Active Shooter calls at schools and businesses. It also includes training where the trainees will physically apply the techniques taught in the lecture. This incorporates Reality Based Training also.

**Tactics: Characteristics of Armed Individuals (COAI)**

2 Hours

The course is designed to provide Basic Recruits with the tools to help detect concealed firearms based on visual cues and physical actions of subjects carrying firearms. The training should not be viewed as an all-inclusive summary of every characteristic, nuance, or behavioral pattern associated with armed individuals, but rather as one that provides a Basic Recruit a mental "checklist" of those physical and behavioral indicators often associated with individuals carry concealed weapons. The course was developed by the BATF to combat gun crime in the Washington DC area.

**Tactics: Reality Based Training**

16 Hours

This time is devoted to challenging the trainees in fact-based role-play scenarios wherein they are required to deal with the "public" in various call-for-service situations. They must apply their skills in a dynamic fashion as the scenarios unfold. Trainees are given a scenario via being dispatched by radio and must deal with the call as if it were the real thing. Simunition ammunition is used in the scenarios which might involve use of force. Trainees must be able to assess each scenario based on law and policy and apply each to the resolution. They must also complete the proper paperwork that is required for the call. Trainees also experience scenarios where they must choose what type of force needs to be applied and improve fundamentals of firearms training. These are decision making scenarios shoot/don't shoot situations. Practical exercise scenarios include Traffic stops, High Risk Traffic Stops, Foot Pursuits, Active Killer and various Patrol Calls for Service.

Tactics: Rescue Task Force (RTF)

16 Hours

The purpose of this block of instruction is to instruct trainees in the proper procedures on how to work with Nashville Fire Department personnel in providing safe medical care areas and extraction of injured persons. They will be taught the necessary skills to successfully participate as a member of a deployed RTF. The method taught is S.I.C.M.: Security, Implement A Plan, Communication, and Medical.

Tactics: Room Clearing

20 Hours

Patrol officers will search many homes and business during her/his career. There are not many things more dangerous than searching for an offender who may be laying in wait for an officer. The student will learn current search methods and apply them against role players later in the training. They will demonstrate how to "slice the pie" of a door frame from the hallway. Looking for target indicators of a person prior to entry. They will learn how to make entry using the Strong Wall/Points of Domination methods, moving laterally down the walls once inside the room. This allows multiple guns on target at same time. They will learn how to apply these techniques in a three man team or more. It is highly recommended that patrol officers do not make entry unless they have at least three or more persons with them.

The key issues addressed will be: 1) Safety of the officer, citizens and the offender, 2) Use of force escalation and de escalation, 3) Weapon selection, 4) Hidding areas and how to clear them, and 5) Attics.

Tactics: Incident Perimeters

1 Hour

The purpose of this block of instruction is cover policy and procedures regarding calls for service involving a SWAT response. Trainees are also given an overview of the SWAT program.

Tactics: Tactical Behavioral Analysis for LEO

2 Hours

Trainees will learn how to assess a situation and environment quickly upon arriving. They will learn who to direct their attention to and speak with regarding a situation so they are not generalizing or stereotyping. They will be able to articulate and develop reasonable suspicion to address an individual who is an anomaly and have the skills to talk to people. Trainees would interact with persons from all different backgrounds and be taught to apply their law and policy in situations.

Tactics: Traffic Stops

24 Hours

The class will train MNPd Training Division Basic Recruits on the basics of conducting traffic stops in order for Basic Recruits to confidently conduct traffic stops and felony traffic stops with a Field Training Officer (FTO) after graduation.

The basics will include: Why MNPd performs traffic stops; Interacting with the public in a manner that maintains the citizen's dignity, respect, and procedural justice; Employing de-escalation, Verbal Defense & Influence (VDI), and Management of Aggressive Behavior (MOAB); Tactics to enhance officer safety and decrease likelihood of violent encounters; and Conducting felony traffic stops in a manner that reduces risk to the public, officers, and potential offenders.

**Traffic Total Hours: 64 Hours**

**Direction & Control/Crash Investigations/TITAN Training** 24 Hours

The objective of this block of instruction is to introduce the trainee to the principles of collision investigation. The trainee will learn proper procedure for investigating a traffic collision including driver interviews, scene observation, identifying and documenting physical evidence from the vehicle and the roadway, and other essential information necessary for the proper investigation and documentation of a collision. In addition, participants will learn to apply basic principles of physics and mathematical equations to determine the drag factor of a surface and to estimate vehicle speed from skid marks and scuffmarks. The trainee will also be introduced to safe methods for the direction and control of traffic at collision and other traffic incidents. The course will review departmental policy and procedure regarding collision investigation and applicable departmental and State of Tennessee reports.

**DUI Detection & Standardized Field Sobriety Testing** 28 Hours

This block of instruction is to provide the trainee with a working knowledge of the impaired driver and provide the skills and abilities to detect impaired drivers and enforce applicable laws. Detection techniques, the proper administration of the three National Highway Traffic Safety Administration's standardized Field Sobriety Tasks (FST), recognizing the standard clues of the field sobriety tasks, and properly recording the results of the FST on MNP Form 132 will be covered. The student will be certified in the Horizontal Gaze Nystagmus Test through the NHTSA. The trainee will learn and discuss the limiting factors of the FST and methods for the successful prosecution of impaired drivers. The trainee will demonstrate a working knowledge of the laws pertaining to chemical testing and review the procedures for obtaining chemical tests. The trainee will also review departmental policy, procedures, and applicable law on blood and breathe testing.

**DUI Wet Lab** 4 Hours

This block of instruction will provide the trainee with a reality based training environment where their skills will be tested in relation to DUI Detection & Standardized field sobriety testing. This event consists of citizen and public officials who volunteer for controlled impairment. The trainees will then demonstrate a working knowledge of the SFST's which is then verified through chemical tests.

**RADAR/LIDAR Certification** 8 Hours

This block of instruction will certify the trainee in both RADAR and LIDAR speed measuring devices and includes classroom and practical applications. It covers the devices itself and all applicable local and state laws. At the end of the course the trainee will be able to demonstrate the actual use of these devices in the field.

**Water Survival and Water Responses** 4 Hours

The purpose of the information being presented is to provide officers with the knowledge and abilities necessary to protect themselves when responding to calls for service near, around, and/or involving bodies of water. The training includes in water activities at a nearby community center with an indoor pool (this activity is monitored with numerous safety personnel).

**Youth Services Division**

2 Hours

The purpose of this instruction is to provide the trainee with an insight into the contributing causes of delinquency, the amount and scope of the delinquency issue, possible methods of control and areas of prevention. Also included is a discussion of relevant factors that contribute to the formation of juvenile gangs and methods of intervention. Emphasis is placed on the need for cooperation and referrals between Youth Services Division and the Patrol Division. Departmental policy, procedures, and forms applicable to the handling and processing of calls for service involving juveniles, missing children and specifically the juvenile citation is presented.

**Interpersonal Communications**

Total: 39 Hours (POST 25 Hours)

**Autobiographies**

3 Hours

The students will learn about each other and public speaking by reading their respective autobiographies.

**Command Spanish**

10 Hours

During this block of instruction the trainee will be taught basic Spanish phrases that an officer may need to make an arrest, issue a traffic citation, or take a report from a Spanish speaking person. Also covered will be information on Spanish culture that could impact an officer's daily encounter with individuals from the Hispanic community.

**Community Oriented Policing**

2 Hours

This block of instruction introduces Sir Robert Peel's nine principles, the broken windows theory, the four pillars of justice based policing (LEED), and the department's mission statement. It also introduces the trainees to problem solving models and how Compstat is utilized in the MNPd.

**Essential Information Serving People with Varying Degrees of Hearing Loss**

2 Hours

The trainees will learn about federal and state laws regarding professional interpreters, the American with Disabilities Act, aspects of the Deaf culture, American Sign Language (ASL), and strategies for communicating with people with varying degrees of hearing loss.

**Media Relations**

2 Hours

This block of instruction will review the guidelines regarding the release of information to the media as prescribed by department policy. Emphasis will be placed on the issue of the public's right to know vs. the security of information needed to successfully complete an investigation. Also presented will be practical examples of public speaking to the media, the issuance of press releases, and how to convey information in an effective and concise format.

**MNPd Incident Decision Making Model (IDMM)**

2 Hours

The recruits were educated on the decision model in an effort to understand the circular ideals of this model. It includes gathering information, assessing threats and risks, determining police powers/actions/policies, determine course of action, act on decision and reassess situation. This is all while considering sanctity of life, proportionality, ethics, and values.

**Verbal Defense and Influence**

14 Hours

The objective of this instruction is teaching students how to gain voluntary compliance with the use of words. The students will learn the eight step traffic/interview stop outline. The students will also learn when and how to use the five step hard style technique in conjunction with our use of force continuum.

**Verbal Defense and Influence RBT**

4 Hours

Trainees participate in reality based scenarios to demonstrate their knowledge of Verbal Defense and Influence.

**Professional and Ethical Conduct**

Total: 7 Hours (POST 3 Hours)

**Code of Ethics/ Oath of Office**

1 Hour

**Office of Professional Accountability**

2 Hours

The conduct of officers is examined during the block on instruction. The adherence to the policies of the department, the fair and impartial treatment of citizens, and individual conduct on and off duty are stressed along with the MNPB Mission Statement and Department Values.

**Professional and Ethical Conduct**

4 Hours

Trainees are provided with the IACP Code of Ethics, the Police Code of Ethics, and the Mayor's Executive Order on Ethics. The ethical principles found in these documents are reviewed and discussed in class. The trainees are expected to maintain a working knowledge of these principles and demonstrate them throughout their training period and ultimately their career. The evaluation of these ethical obligations is constant as the staff monitors their performance during practical exercises and interactions with each other, instructors, and the community.

**\*Ethics, one of the four guiding principles of the Training Academy, is stressed throughout the training curriculum. The role of ethical conduct on the part of a public safety/law enforcement officer is stressed by explanation and example in all phases of training.**

### **Physical Defense Tactics**

Total: 177.5 Hours (POST 48 Hours)

#### **Defensive Tactics Practical and Written Review and Test**

8 Hours

The trainee will be instructed to demonstrate a particular exercise to the instructors' approval. After the trainee has completed all the exercises, they will also be subjected to a written test that consists of 50 questions on defensive tactics.

The Basic Recruits will learn the following about the Field Interview Stance: 1) the stance gives the Officer a Command Presence, 2) the stance assists Officers in quickly recognizing and reacting to sudden threats, 3) the proper stance, 3) the three Zones of Contact (Personal Contact, Field Interview, & Field Contact), 4) relative positioning is and how to utilize it during field interviews and contact with the public, 5) angles of approach and directions to approach individuals, 6) how to obtain documents such as identifications from persons while not compromising officer safety, 7) *methods of interacting with the public in a non-threatening manner, while maintaining officer safety principals*, and 8) *how communication plays an important role deescalating a situation and assessing an individual's threat level*.

#### **Force & De-escalation Practical**

8 Hours

The objective of this exercise is to evaluate the skills the officer has in all uses of force. The drill will test every skill the student has learned. The goal of this reality based training exercise is to ensure the trainee knows when to escalate and de-escalate the level of force utilized in different scenarios (with the emphasis of always trying to de-escalate and bring resolution utilizing the least level of force necessary). The officer trainee will also complete a use of force report on one of the drills and will be critiqued on their performance.

#### **In Custody Death Syndrome**

2 Hours

The objective is to inform the student of the meaning of restraint asphyxia and toxic delirium. The class will teach them the proper way to restrain suspects during arrest and transporting them.

#### **Introduction to Defensive Tactics**

4 Hours

This block of instruction will introduce the trainees to defensive tactics. It includes the Field Interview Stance, Use of Force Continuum and as well as intro to all types of defensive tactics.

#### **Pepper Spray**

4 Hours

The goal of this course is for the student to gain the knowledge and skills to correctly deploy aerosol chemical weapons in the field. The student will learn where and when to use the chemical weapon in the force continuum. Tactics and procedures of deploying and knowing the proper treatment and aftercare to provide the subject will also be instructed.

#### **Physical Fitness Training**

69.5 Hours

The objective of the Physical Fitness Program is to emphasize the importance of proper physical fitness and good diet. This program is also designed to prepare the trainee for physical aspects of being a successful police officer. During these periods of training, the trainee will be evaluated weekly to determine if they are making satisfactory progress in the areas of physical endurance,

flexibility, and body strength. Weight training is also included in the physical training program to increase overall body strength and conditioning.

### **MNPD Defensive Tactics; Total Hours: 58 Hours**

Several specific aspects of self-defense and physical hands on actions which are required of trainees to benefit them during their course of action throughout an on-duty day to day activity. This includes tactical stances with citizens, physical tactics when encounters resist persons, and activities which are required to place suspects into custody.

#### **Baton**

8 Hours

The objective of this instruction is for students to be taught the necessary techniques and understanding to correctly and tactically deploy and strike with their ASP baton in accordance to current policies and procedures of the Metropolitan Police Department.

#### **Edged Weapon Defense**

8 Hours

This instruction exposed the recruits to how quick edged weapons attacks can occur, as well as what tools are appropriate to defend against these types of attacks. Recruits will be instructed through both class room and "hands on" activities.

#### **Firearms Retention & Disarming**

8 Hours

The student will learn to effectively disarm a handgun and long gun (rifle or shotgun) yielding subject, when the use of an officer's firearm may not be immediately appropriate.

#### **Ground Work**

19 Hours

This period of instruction is to accompany other techniques learned in defensive tactics. It is not the only way to control subjects. The goal is to give officers an additional way to control offenders. It is not recommended to be knocked down onto your back in a confrontation. If this does happen this instruction will offer the student techniques in controlling the subject while on the ground, or how to fight their way back up to their feet. This block also includes techniques to utilize on subjects involving various striking techniques with both hands and feet.

#### **Strategic Striking**

2 Hours

This block of instruction will provide basic striking techniques to utilize during situations where an escape from a physical confrontation is most effective, or to subdue, or control, a combative subject. This is specific to hands, feet, elbows, and knees (i.e.: personal weapons). An emphasis of utilizing the minimal amount of force necessary to conduct the techniques effectively.

#### **Handcuffing & Subject Control**

9 Hours

The objective of the course is to have the student learn how to safely handcuff and search high-risk offenders with or without a partner in conditions Including Prone Handcuffing and hobble restraints.

#### **Hobble Restraint**

4 Hours

The trainee will learn the purpose and application (both placement on and removal of) process of the hobble restraint. This includes the safe application of the apparatus on a suspect and then the escort/transport process to a different location with the hobble restraint applied.

#### **Search & Frisk**

4 Hours

This period of instruction will provide the student with techniques and approaches to search subjects. This includes cursory (patdown) searches as well as thorough searches conducted search incident to arrest keeping in mind officer safety awareness.

#### **Stances and Approach**

4 Hours

A Police Officer's first response to a situation is their presence. An officer in the Field Interview stance demonstrates they are ready and able to perform the task at hand with confidence, which shows Command Presence. The Field Interview stance will assist the officers Visual Control, which is the officer's ability to see both the subject's hands and be certain that they hold no weapons.

#### **TASER**

4 Hours

The trainee will be instructed in the use and after care when a TASER is deployed to arrest a violent suspect. Instruction will be provided regarding department policy on the use of a TASER device. All TASER training will be conducted in accordance with established TASER training and updates.

#### **Vehicle Blocking**

8 Hours

The trainee will learn both vehicle and personnel movements and techniques in an effort to reduce the opportunity for a suspect to escape from a parked vehicle. Specific vehicle movements/placements will be shown (and conducted) where the vehicle will be placed both head-on and perpendicular to the target vehicle. Additionally the trainee will learn where to place themselves in an effort to reduce injury yet still be visible to the suspect in an effort to gain compliance of surrender without attempting an escape.

#### **Vehicle Extractions**

4 Hours

This course instructs trainees how to extract suspects from the driver or passenger seat of a vehicle. This includes proper vehicle placement against a suspect's vehicle, as well as the safety of all parties involved. This includes blocking of roadways, if possible, prior to application of technique, as well as the use of de-escalation techniques for suspect compliance. Ensuring proper searches are conducted legally and medical aid is summoned, if needed, immediately when time is most appropriate.

**Criminal & Constitutional Law**

Total: 101 Hours (POST 50 Hours)

The Criminal Law Course is divided into five (5) blocks. There is a test at the end of each block and a comprehensive final exam at the end of the course.

<b>Law Block I (Introduction to Law)</b>	<b>9 Hours</b>
<b>Law Block II (Statutory Law)</b>	<b>27 Hours</b>
<b>Law Block III (Use of Force)</b>	<b>14 Hours</b>
<b>Law Block IV (Constitutional Restrictions)</b>	<b>34 Hours</b>
<b>Law Block V (Practical Applications)</b>	<b>6 Hours</b>
<b>Law Final Comprehensive Review &amp; Exam</b>	<b>6 Hours</b>

<b>Law Block I</b>	<b>9 Hours</b>
<b>Introduction to Law</b>	
I. Levels of Proof	2 Hours
II. Arrest Power	3 Hours
III. Criminal Procedure	2 Hours
IV. Review and Exam	2 Hours
<b>Law Block II</b>	<b>27 Hours</b>
<b>Statutory Law</b>	
I. Construction of the Criminal Code	2 Hours
II. Grading of Offenses	1 Hour
III. Criminal Statutes	19 Hours
IV. Domestic Abuse	2 Hours
V. Review and Exam	3 Hours
<b>Law Block III</b>	<b>14 Hours</b>
<b>Use of Force</b>	
I. Self Defense / Defense of Others	3 Hours
II. Civil Liability (hours counted in Criminal Justice System)	2 Hours
III. Handgun Permits	1 Hour
IV. MNPD Use of Force Policy	2 Hours
V. MNPD Firearms Policy	2 Hours
VI. Legal Articulation	2 Hours
VII. Review and Exam	2 Hours

**Law Block IV** **34 Hours**  
**Constitutional Restrictions**

I.	Fourteenth Amendment	1 Hour
II.	Fourth Amendment and Tenn. Constitution Article I § 7	17 Hours
III.	Fifth Amendment and Tenn. Constitution Article I § 9	4 Hours
IV.	Sixth Amendment	1 Hour
V.	Review and Exam	2 Hours
VI.	Composing Affidavits	1 Hour
VII.	Reality Based Training Scenarios of application of proof of law	8 Hours

**Law Block V** **6 Hours**  
**Practical Applications**

I.	First Amendment	1 Hour
II.	Traffic Enforcement	2 Hours
III.	Juvenile Provisions	1 Hour
IV.	Review and Exams	2 Hours

**Final Comprehensive Exam** **6 Hours**

(Geared toward application of law to actual police factual scenarios)

(Material from the five blocks was often integrated into one comprehensive question).

I.	Review of Material	4 Hours
II.	Exam	2 Hours

**Courtroom Testimony** **2 Hours**

A panel consisting of an experienced assistant district attorney, a victim witness counselor, a detective and a sergeant, will give their tips for effective testimony. At the conclusion of the class, the student will be able to understand these key issues: 1) An officer must review and be familiar with all reports prior to testimony and, if needed, they should contact the victim/witness counselor or district attorney for further information; 2) An officer must always be truthful; 3) Body language is important. Officers must dress appropriately and conduct themselves in a manner that inspires trust and confidence, and 4) Officers need to remain calm during hostile cross-examination by attorneys. Officers need to answer the question posed and remain professional.

**Study Time** **2 Hours**

The trainees were supplied with a block of time to study the legal materials they had been provided to better their knowledge and application of said laws, codes, ordinances, policies, and procedures.

**Warrant Screening Process** **1 Hour**

This course will help the student understand when and how to use (and educate the public) the warrant screening process.

**WRITTEN COMMUNICATIONS**

Total: 12 Hours (POST 10 Hours)

**Report Writing / Writing Skills**

10 Hours

The trainee will be instructed in the proper selection and the correct procedure for completing the various report forms utilized by the department. The trainee will be instructed on the use of reports in investigations and as the official memory of the department. They will be instructed on the methods of gathering, arranging, examining, interpreting, and recording useful and practical information concerning a definite problem or condition. The trainee will receive instructions on the proper procedure for completing all MNPD Forms:

**CJIS**

2 Hours

Operation of the CJIS software and management system will be discussed and demonstrated for the trainees. The trainees will observe the process of creating a warrant (from start to finish) and testifying in front the commissioner to obtain those warrants. At the end of the class the trainee will have a good working knowledge of the software operation and warrant process.

## **Human Relations**

Total: 56 Hours (POST 30 Hours)

### **Alzheimer's Association**

2 Hours

This block of instruction will expose the trainees to symptoms and signs of both Alzheimer's and forms of dementia. Learning the best practices of how to handle community members who may be suffering from Alzheimer's/Dementia will improve community policing efforts due to understanding.

### **Autism & Developmental Disabilities**

2 Hours

This course is designed to teach Tennessee Law Enforcement personnel how to effectively respond to individuals with Autism Spectrum Disorders (ASD). The course emphasizes the impact that the characteristics of ASD have on individuals, their communication, and their interactions with the world around them. During this course the students will learn the importance of working with people with ASD ethically.

### **Civil Rights History of Nashville**

2 Hours

Provide Trainees of the MNPd a brief history of the Civil Rights movement in Nashville in the late 1950's and early 1960's as it pertained to the desegregation of schools and lunch counters. As a result of this instruction, the Trainees will understand how: 1) Nashville's history is special compared to other southern cities in regard to desegregation of schools; 2) Nashville civil rights movement leadership played a key role; and 3) The organization and leadership of the student led non-violent movement.

### **Diversity and Inclusion**

2 Hours

This block will cover Federal Title VI/VII (Civil Rights Act of 1964). It will present the material of the seven protected classes (race, color, origin, gender, age, religion, and disability). The class will discuss the importance of creating and maintaining an inclusive work environment.

### **Domestic and International Terrorism**

3 Hours

The purpose of this block of instruction is to provide the trainee with an understanding of the ideology, common tradecraft and street level investigative relative to Patrol Officers as it relates to the issue of the current domestic and international terrorist threats.

### **Drug Free Workplace Policy Training**

.5 Hours

This block of instruction is mandated by the Metropolitan Nashville government to ensure all personnel are aware of the signs of drug side effects and behaviors in an effort to identify personnel who may be unable to perform their duty safely.

### **El Protector Program**

1 Hour

This course is designed to familiarize the trainees with the El Protector Program as a source of reference for themselves and residents of Nashville & Davidson County. Objectives include using programs within the program to assist in handling certain calls for service where dealing with the Hispanic community can impede an investigation due to a language barrier and the importance of gaining the trust of the Hispanic community to assist in crime fighting efforts.

### **Fair & Impartial Policing**

8 Hours

Police officers are faced with multiple situations that could end up a variety of ways depending on how their ethics lead them. With such a diverse population in Nashville, they will come in contact with a variety of cultures that have many different norms and values. All people, even well-intentioned people, have biases. Policing based on stereotypes can be unsafe, ineffective, and unjust. This course is designed to help officers become aware of their own biases and prevent biased based policing.

### **Hate Crime Orientation and Procedure**

1 Hour

The goal of this block of instruction is to explain to the trainees the definition of a hate crime and how to recognize what constitutes a hate crime, or otherwise known as a bias crime. They will also be made familiar with how to properly classify a hate crime and how to properly utilize block 15 of the incident report.

### **Introduction into MNPd/Guardianship**

1 Hour

This block of instruction will teach the recruits the importance of the Guardianship mindset. It encompasses Plato's Republic, history of policing, and the history and expectations of the MNPd.

### **Law Enforcement and the Holocaust: Introduction to the History of the Holocaust and it's Impact**

2 Hours

During this block of instruction, students will learn about the ethical decisions and actions taken by Holocaust victims, witnesses, antagonists, and society members as a whole. They will cover aspects of how law enforcement officers were involved in the Holocaust scandals, and how sound understanding and respect for ethics, law, community policing, and diversity play an enormous role in today's policing.

### **Law Enforcement Response to Mental Illness**

8 Hours

This block of instruction will consist of an overview of the various mental illnesses and their characteristics. Also discussed will be developmental disabilities, interacting with individuals in custody, attitudes and beliefs, community resources, and scenarios/role playing. The various laws applicable to mental illness and developmental disabilities such as The Americans with Disabilities Act, The Protection and Advocacy for Individuals with Mental Illness Act, and The Developmental Disabilities Act are covered. An emphasis is placed on the role of the law enforcement officer while interacting with mentally ill or developmentally disabled persons.

### **Law Enforcement Response to Mental Illness Reality Based Training**

4 Hours

The training adapts the Police Executive Research Forum (PERF) model of Integration of Communication and Tactics (ICAT) to the MNPd. The MNPd named our version the MNPd Incident Decision Making Model (MNPd IDMM).

The training focus on providing the Basic Recruit a decision making guide to properly handle incidents. PERF's ICAT was designed specifically for contact with individuals with mental illness or intellectual disabilities. The focus of this RBT is two-fold. It focuses on de-escalation and responding to individuals with mental illness.

The training focuses on deescalating incidents involving a person with a mental crisis, emotional crisis, intellectual disability, or medical condition that impedes the person's ability to understand, interact, or willing comply with an officer.

The training also establishes the baseline for problem-solving for future RBT scenarios.

**Mobile Diversity Seminar (Bus Tour)**

8 Hours

The Basic Recruits visit different groups of the community. The emphasis is on learning different cultures of the communities of Nashville, to include, but not limited to: the Hispanic community, the Muslim community, and the Gay & Lesbian community. There is a strong emphasis on understanding the community's perspective of police – whether that perspective is positive or negative.

**Nashville Gang Culture**

2 Hours

The course will cover criminal street gangs in Nashville, the emergence of hybrid gangs in Middle Tennessee, how to report gang related and gang motivated crimes, how to identify gangs and gang members.

**Sexual Harassment Prevention**

.5 Hours

This block of instruction will review the most current policy of the Metro Police Department and Metro Government concerning sexual harassment, Diversity, & Substance Abuse. Also covered is Title 7 of the Civil Rights Act that specifically prohibits employment discrimination.

**Social Media for Law Enforcement**

3 Hours

Technology in the 21st century has grown at such an exponential rate that we have not implemented enough safety measures to keep up. The way we communicate has changed and more people feel more comfortable socializing Online than in traditional face to face encounters. This affects the way police interact with citizens and each other. An overview of our Social Media Policy and best practices as it pertains to Officer's personal Social Media accounts

**Victims of Crime**

4 Hours

Trainees are provided information regarding the various resources that are available to victims of crime. This course is designed to increase their knowledge and understanding of the "trauma response" of victims and methods to assist them. This course also provides information on the Victim Intervention Program (V.I.P.).

**Visitors Bureau**

2 Hours

The instructor will educate the trainees on what the city of Nashville comprises of and what it has to offer visitors. Nashville is a destination city where people from all over the world come to visit. We are stewards of the community and must be knowledgeable in tourists locations and historical and cultural venues/spots. Trainees will also become more knowledgeable about

**CRIMINAL JUSTICE SYSTEM**

Total: 24 Hours (POST 11 Hours)

**CJIS – Civil Process (Law Block II & V)**

5 Hours

This block of instruction is covered in both law block I and law block V and covers. In block II trainees will learn the process of Order's of Protection and how to obtain them. In block V they will learn landlord/tenant laws and procedures. In addition to landlord/tenant, mental health and mandatory committal process is presented.

**CJIS -- Criminal Justice Agencies (Law Block I)**

2 Hours

To explain to basic recruits in the MNPD Training Division how the elements of the Criminal Justice system relate to each other. As a result of this instruction, the student will be able to understand the roles of: 1) Municipal agencies in Davidson County; 2) Davidson County Sheriff's Office (DCSO); 3) State Agencies; 4) Correctional System; 5) Civil Process; 6) Courtroom security; and 7) the Courts.

**CJIS – Court Structure (Law Block I)**

2 Hours

This course is taught during law block I instruction and includes the process of presenting to a magistrate all the way up to the Tennessee Supreme Court.

**CJIS – Courtroom Security (Law Block II)**

2 Hours

The trainees learn about weapons possession within judicial structures. It also includes the difference between possession while acting in a professional capacity versus as a private citizen. This information was taught during law block II instruction.

**CJIS – Role of Correctional Stystems (Law Block I)**

1 Hour

During this block of instruction, which was taught during law block I, the trainees learn the three distinct theories for incarceration.

**National Crime Information Center (N.C.I.C)**

12 Hours

During this course the trainee will be instructed on the information available from the department's computer system. Basic skills needed to inquire into the National Crime Information Computer (NCIC), National Law Enforcement Telecommunications System (N.L.E.T.S.) and Tennessee Information Enforcement System (TIES) will be covered. Trainees, at the completion of this training, will be certified as query users on these sources of information.

## **LAW ENFORCEMENT STRESS**

Total: 24.5 Hours (POST 9 Hours)

### **Alcohol Abuse and Addiction Among Law Enforcement**

1 Hour

Participants will increase their knowledge of alcohol and substance abuse in the family and in the workplace, learn ways that are helpful or harmful when supporting someone becoming sober and will be given resources in the community to help address substance abuse issues.

### **Behavioral Health Services & Police Advocacy Support Services**

1 Hour

The recruit class will learn about BHS and what all services they provide, to both themselves and their families.

### **Critical Incident Stress Management (CISM)/ Peer Support Services**

2 Hours

The purpose of this instruction is to illustrate the emotional state an officer may experience immediately following a police related critical incident. This course will address the various critical incidents including officer-involved shootings. This block of instruction will provide insight into the emotional factors that occur during a critical incident and provide coping skills for those involved. This segment also explains critical incident stress management procedure and departmental policy.

Participants will increase their understanding of Metro Nashville Police Department's Peer Support Program (PSP). Participants will increase understanding of the Behavioral Health Services' collaborative triad, PSP goals, utilization of peer supporters, issues and limitations of confidentiality, required personal skills and helpful clinical and assessment tools.

### **Death Notification**

1 Hour

This course provides information on the emotional support provided to victims of crime through the chaplain program. Departmental policy and procedure regarding death notification are highlighted.

### **Domestic Violence in Law Enforcement**

1 Hour

Trainees are provided information regarding the prevalence and factors related to domestic violence occurring among law enforcement family members. This course is designed to increase their knowledge and understanding of the "trauma response" of victims and services to assist them. Information is provided regarding the role of PASS in supporting families.

### **Grief and Loss**

1 Hour

The participants will connect with their own personal experiences with loss and grief as well as increase their understanding of the human experience of grief and loss in different cultures. The training will also enhance the participants ability to recognize and respond to individuals they may encounter in the community who may be struggling with loss/grief issues.

### **Officer Involved Shootings**

4 Hours

The purpose of this period of time is to familiarize trainees with what to expect and what resources are available if they are involved in a shooting. Investigators and Officers who have been involved

in shootings discuss the investigative procedures and the physical and mental effects of being involved in a shooting. Trainees are given the opportunity to ask questions.

**Officer Wellness Panel**

2 Hours

This block of instruction will introduce the stresses from progressing from officer trainee to Police Officer I. The panel will consist of current sworn personnel who will discuss personal impact they experienced during the transition from trainee to POI to solo Police Officer II.

**Resiliency for Law Enforcement Total Hours: 6 Hours**

**Resiliency Unit 1. Stress and Anger Management**

2 Hours

Trainees will learn about the physiological and psychological impact of stress and its behavioral manifestations in the workplace and at home. Strategies for stress management will be shared and demonstrated (i.e., breathing exercise). This course provided recruits with the opportunity to learn the basics of Anger Management. It also introduces them to the physiological and the emotional components of anger and the relationship between fear and anger. The course briefly reviewed the occupational hazards of unmanaged anger. It concludes with a detailed model for controlling anger by use of Rational Emotive Techniques.

**Resiliency Unit 2. Understanding Resiliency**

1 Hour

This course will help police trainees increase their own awareness of the factors that have contributed to their personal ability to recover from negative experiences and grow from them. They will the key essentials of resilience and how to avoid the legal triad of the isolation cycle, anger and projecting blame.

**Resiliency Unit 3. Mindfulness for Law Enforcement Personnel**

1 Hour

This course will help police trainees increase their knowledge of Mindfulness and what it means to be Mindful. This course will describe how technology has negatively impacted our ability to focus on the “here and now,” creating more stress on our bodies and minds. This course will describe the origins of mindfulness, describe how being mindful can positively impact the mind and body, and include mindfulness participatory activities for the trainees. These activities can be practiced on a regular basis to benefit the trainees’ overall health.

**Resiliency Unit 4. Understanding & Utilizing the Relaxation Response**

1 Hour

This course will help police trainees increase their knowledge of the Relaxation Response and the benefits of eliciting the response especially following highly stressful situations. The course will describe how to turn off the “fight or flight” response and bring the body back to pre-stress levels by engaging the other part of our nervous system – the parasympathetic nervous system. The trainees will learn at least three methods for eliciting the relaxation response including visualization, progressive muscle relaxation and breathing techniques. These activities can be practiced on a regular basis to benefit the trainees.

**Resiliency Unit 5. Emotional Intelligence for Law Enforcement Personnel**

1 Hour

This course will help police trainees increase their knowledge of emotional intelligence and recognize strategies for emotional self-regulation in the workplace. The course will also explore empathy and assist the trainees in developing an increase in their overall perceived Emotional intelligence.

**Substance Abuse**

.5 Hours

This block of instruction will expose to the trainee the pitfalls and crutches law enforcement personnel often resort to in coping with the stressors and emotions of the profession. It will provide data to inform the trainees of the risks of substance abuse in the profession.

**Suicide Prevention**

2 Hours

Nationally, we continue to lose more officers as a result of suicide than in the line of duty deaths. Early identification of warning signs and risk factors can help in preventing suicide. The police culture can prohibit quick and effective interventions and so we must create new avenues to provide resources and support when needed.

**Traumatic Brain Injuries**

2 Hours

The primary goal of this training is to improve participants' knowledge and awareness of Traumatic Brain Injuries and learn about activities and populations that increase risk of possible head trauma.

**Wellness and Nutrition**

1 Hour

This course emphasizes the components of a well-balanced diet and nutrition during academy training and when they become officers. Students are instructed in the importance of fitness in everyday lives and the impact it will have on their job performance daily.

**Family Day**

0 Hours

Voluntary event conducted at Training Division during last weekend before graduation. Although it is voluntary for family members, the event usually lasts most of the day, between 4-5 hours.

During this time families and friends only are invited to attend an event that is an orientation that is structured and educational. The Chief of Police or a Deputy Chief attends and will participate in a discussion about the MNPd, the training their loved one completed, and what their loved one will experience in the future.

There is a panel discussion of current training staff members. The guests are encouraged to ask questions.

Breakfast is served for the guests.

**Family Orientation**

0 Hours

This voluntary event is conducted on the first Saturday of the trainee recruit session for approximately hour 4 hours. It is opened to the families of the trainees and they are provided helpful information from the Training Division staff, as well as personnel from the Behavioral Health Services (BHS) and Profession Wellness Section (PWS). Providing families information as to how they can better support their family members who are going through the recruit session and what to expect as a family member regarding the demands of the physical and academic requirements for success.

This is a very interactive question and answer session, along with helpful information provide by both MNPD Training Division staff, BHS, and PWS.

Breakfast is served for the guests.

**ADMINISTRATION** Total: 124.5 Hours (POST 68 Hours)

TASK:	HOURS

**Emergency Vehicle Operations Course (EVOC)**

Total: 48.5 Hours (POST 48 Hours)

**EVOC**

42.5 Hours

EVOC consists of the sub-segments below.

**Defensive Driving**

This block of instruction is broken down into two parts. The first is classroom instruction and the second is driving on a track. Both non-emergency and emergency driving issues are covered to provide the student with the proper attitude, knowledge, and skills to enable him/her to safely and legally operate a police vehicle under all operating conditions.

**Precision Driving & Maneuver Techniques (Covered Under Defensive Driving)**

This block of instruction is designed to familiarize the trainee with the departmental vehicle. The trainee will learn the basic concepts involved in performance driving, skid control, and the various forces applicable to high-speed emergency and pursuit driving. This course involves classroom presentation and practical driving scenarios involving the operation of a departmental emergency vehicle.

**Stinger Spike Strips**

During this block of instruction trainees will learn how, when and where to use the spike strips. They will also practice deploying and retracting the spike strip safely. They will participate in a live deployment on a vehicle and observe the effects of the spike strip on vehicle tires.

**Vehicle Pursuits: Policy & Safety**

This block of instruction is to provide the trainees with an overview of the departmental policy and procedure regarding police pursuits. An emphasis is placed on the guidelines for initiating a pursuit, the monitoring of pursuit conditions, the safety of the public, the safety of the officer, the guidelines for pursuit termination, and the proper documentation of a police pursuit. Also covered are methods of safely operating a police vehicle under pursuit conditions. The trainee is required to demonstrate a proficiency in applying the principles of the departmental policy and safe driving during the entire emergency vehicle operation block of training.

**Reality Based Training: Traffic Stops**

Trainees utilize their driving techniques during traffic stops (which includes felony traffic stops). This is a practical exercise where the trainees operate vehicles during situational training, which includes safe driving techniques in operating a vehicle while emergency equipment is activated. It also includes the utilization of other devices inside the vehicle during traffic stop initiation.

**National Safety Council Defensive Driving Course (DDC6)**

6 Hours

The trainee will be required to successfully complete the defensive driving course as prescribed by the National Safety Council. This course is taught by Metro Human Resources training staff members.

1. The purpose of this appendix is to define the MNPd's term of de-escalation and provide information about the number of hours and courses taught to MNPd Basic Recruit classes regarding de-escalation.
2. Merriam-Webster defines the word de-escalate as, "to decrease in extent, volume or scope. *Violence began to de-escalate. Tried to de-escalate the tension.*"<sup>1</sup>
3. The goal of the MNPd is to serve the community well and reduce the instances and severity of uses of force through de-escalating situations.

The MNPd Training Division fully believes in, "*De-escalation should be a core theme of an agency's training program.*"<sup>2</sup>

4. To fully appreciate how de-escalation is operationalized for police officers, one must first understand "De-escalation starts with *effective communications.*"<sup>3</sup> It is best if MNPd officers calm a situation before force needs to be considered as an option. When an individual has the means, ability, and the opportunity to injure himself/herself, another person, or the officer, when the officer obtains creates distance and obtains cover, the officer's actions create the operational environment where effective communications can diffuse the situation.

De-escalation *is not a standalone class.* It is a theme that permeates much of the training in the MNPd Training Division.

List of Courses which involve De-escalation and communication:

Alzheimers Association	2 Hours
Autism & Developmental Disabilities	2 Hours
Civil Rights History of Nashville	2 Hours
Community Oriented Policing	2 Hours
Diversity & Inclusion	2 Hours
Domestic Violence	11 Hours
Domestic Violence, Reality Based Training	4 Hours
El Protector Program	1 Hour
Essential Information Serving People with Varying Degrees of Hearing Loss	2 Hours
Fair & Impartial Policing	8 Hours
Law Enforcement Response to Mental Illness	8 Hours
Law Enforcement Response to Mental Illness RBT	4 Hours
MNPd Incident Decision Making Model (IDMM)	2 Hours
SSGT- Stances and Approaches	4 Hours
Tactics – COAI	2 Hours
Tactics - Incident Perimeters	1 Hour
Tactics - Tactical Behavioral Analysis for LEO	2 Hours

<sup>1</sup> <https://www.merriam-webster.com/dictionary/de-escalate>

<sup>2</sup> *Guiding Principles On Use of Force, Critical Issues in Policing Series* (Washington, D.C.: Police Executive Research Forum, 2016), 54.

<sup>3</sup> *Ibid*, 56.

Tactics - Traffic Stops	24 Hours
Verbal Defense & Influence classroom	14 Hours
Verbal Defense & Influence RBT	4 Hours
<b>TOTAL:</b>	<b>101 Hours</b>

- De-escalation does not stop with communication. An officer's decision to use force is predicated upon an individual's means, ability, opportunity, and intent to harm others. An individual's actions can lead a reasonable officer to believe force is necessary to affect a lawful arrest or prevent harm to others. When force is necessary, the MNPd seeks to calm the situation (by calming the situation it slows the situation down, which benefits the decision making process for the personnel) after the threat has been reduced, contained, or stopped.

List of Courses which involve De-escalation and the effective use of force, use of the appropriate level of force, and reduction of force:

Baton	8 Hours
Force & De-escalation Practical RBT	8 Hours
Defensive Tactics Practical and Written Review and Test	8 Hours
Edge Weapon Defense	8 Hours
Firearms Range Instruction	89 Hours
Ground Work Defense (Hand & Foot Strikes)	21 Hours
Introduction to Defensive Tactics	4 Hours
Pepper Spray	4 Hours
Tactics: Active Killer, Classroom & Reality Based Training	24 Hours
Tactics: Reality Based Training	16 Hours
Tactics: Room Entry/Clearing	16 Hours
TASER Training	4 Hours
Vehicle Blocking	8 Hours
Vehicle Extractions	4 Hours
<b>TOTAL:</b>	<b>222 Hours</b>

- There is one training event that focuses equally on the communication and use of force facets of de-escalation equally. That event is Reality Based Training towards the end of the Basic Recruit Course. It is the culminating training event for the recruits during their time at the Training Division. This Reality Based Training event assess and coaches the students in the proper use of collecting information; assessing a situation, threat and risks; considering police powers and agency policy; identify options and determine best course of action; and acting, reviewing, and re-assessing.
- There are 33 unique classes (see #4 & #5 on pages 32 & 33) that involve a component of de-escalation. The 33 unique classes have 309 hours of instruction.

1. The purpose of this appendix is to define the scope of the training included for Mental Health Response and provide information about the number of hours and courses taught to MNPB Basic Recruit classes regarding Mental Health.
2. Merriam-Webster defines mental illness as, “any of a broad range of medical conditions (such as major depression, schizophrenia, obsessive compulsive disorder, or panic disorder) that are marked primarily by sufficient disorganization of personality, mind, or emotions to impair normal psychological functioning and cause marked distress or disability and that are typically associated with a disruption in normal thinking, feeling, mood, behavior, interpersonal interactions, or daily functioning.”<sup>4</sup>
3. Operationally, the MNPB uses a broader definition. The definition focuses more on the behavior of the individual and not the root cause. The MNPB realizes individuals may have “sufficient disorganization of personality, mind, or emotions to impair normal psychological functioning and cause marked distress or disability and that are typically associated with a disruption in normal thinking, feeling, mood, behavior, interpersonal interactions, or daily functioning”<sup>5</sup> due to a drug induced psychosis, intellectual disabilities, medical condition, or injury.

The MNPB focuses on behaviors because police officers are not trained mental health professionals making a clinical evaluation in a sterile environment with a person’s medical history readily available.

4. The MNPB provides Basic Recruit Training in the following areas so officers have the proper tools to de-escalate situations involving individuals with mental health needs who are in crisis.

Alzheimer’s Association	2 Hours
Fair & Impartial Policing	8 Hours
Grief and Loss	1 Hour
Law Enforcement Response to Mental Illness	8 Hours
Law Enforcement Response to Mental Illness RBT	4 Hours
Serving People with Varying Degrees of Hearing Loss	2 Hours
Suicide Prevention	2 Hours
Tactics: Reality Based Training	16 Hours
Traumatic Brain Injuries	2 Hours
Verbal Defense & Influence	14 Hours
Verbal Defense & Influence RBT	4 Hours
<b>TOTAL:</b>	<b>63 Hours</b>

5. Classes that teach communication skills and decision making for de-escalation are included in the total number of hours Mental Illness Response.

<sup>4</sup> <https://www.merriam-webster.com/dictionary/mental%20illness>

<sup>5</sup> Ibid.

The reason is much of the MNPB Training Division's instruction for decision making is based on PERF's ICAT model. The ICAT model was developed specifically to respond to individuals involved in a mental crisis, emotional crisis, or intellectual disabilities.<sup>6</sup>

In order to de-escalate a situation involving a person in crisis, the responding officer *must communicate well*. When a police officer treats a citizen with dignity, respect, and fairness – the same communication skills an officer uses with a citizen to complete an incident report, interview a witness, calm a victim, or make a traffic stop are used as in dealing with a person in crisis or intellectual disabilities.

---

<sup>6</sup> ICAT: Integrating communications, assessment, and tactics. Training guide for diffusing critical incidents, Critical Issues in Policing Series (Washington, D.C.: Police Executive Research Forum, 2016).

1. The purpose of this appendix is to define the scope of the training included for Human Relations and provide information about the number of hours and courses taught to MNPB Basic Recruit classes regarding Diversity, Inclusion, and cultural awareness.
2. Merriam-Webster defines diversity as, “the state of being diverse, variety, a range of different things”. Furthermore they also define inclusion as, “the action or state of including or of being included within a group or structure”, or “a person or thing that is included within a larger group or structure”. Finally they define culture as, “the customs, arts, social institutions, and achievements of a particular nation, people, or other social group.
3. It is vitally important for the MNPB to be aware of the diverse community we serve. The citizens who reside, employ, or otherwise conduct themselves in Nashville-Davidson County come from different backgrounds and cultures. This includes immigrants, geographical transplants from other locations around the United States, as well as those who are native to the state of Tennessee and the greater Nashville area. All citizens need to feel safe and feel they have the ability to contact the MNPB to address their community concerns and/or needs. Thus it is very important new recruits are educated in the history of Nashville and how it played an important role in the civil rights movement and how that helped shape the Nashville of today.
4. Nashville is home to many different immigrants who relocated from nations far away, who have a true mistrust of the government, especially law enforcement. Being educated in their experiences and forming relationships and trust with those communities is extremely important for the MNPB to be effective in our day to day operations as well as our overall mission, to create community based police products so people can enjoy a safe and peaceful Nashville.
5. Presenting the history of law enforcement and how law enforcement played a role in creating distrust within the community has effected the trust in law enforcement today, even after decades from some of the worst atrocities to involve law enforcement.
6. The MNPB provides Basic Recruit Training in the following areas so officers have the proper tools and knowledge to more effectively serve the diverse community in Nashville-Davidson County.

Civil Rights History of Nashville	2 Hours
Command Spanish	10 Hours
Community Oriented Policing	2 Hours
Diversity and Inclusion	2 Hours
El Protector Program	1 Hour
Essential Information Serving People with Varying Degrees of Hearing Loss	2 Hours
Fair and Impartial Policing	8 Hour
Hate Crime Orientation & Procedure	1 Hour
Introduction to MNPB & Guardianship	1 Hour
Law Enforcement & the Holocaust: History of the Holocaust & Impact	2 Hours
MNPB Incident Decision Making Model	2 Hours

Mobile Diversity Bus Tour	8 Hours
Professional & Ethical Conduct	4 Hours
Verbal Defense & Influence	14 Hours
Verbal Defense & Influence RBT	4 Hours
Total:	63 Hours

### **Message from the Director of Training**

Welcome to our 2021 In-service Training Catalog. We take great pride in providing exciting and relevant training for the new year.

Supervisors and officers will participate in the same core training this year to help ensure that everyone receives the same training. There is no cost to the employee for any in-service training courses.

**Members should immediately plan their in-service dates and supervisors should enter court blocks in Workbrain for Court Appearance as required.**

There will be no warm-ups or practice before qualifications so be sure to take advantage of Open Range dates for additional firearms practice. Please feel free to consult with staff for any additional firearms assistance.

All in-service distance learning videos will be viewed via the PowerDMS program.

Please remember to monitor the Training Bulletin Board for training information, announcements, and updates. Significant training documents will also be on PowerDMS but will still be available on PDWeb.

We will also be providing, via PowerDMS (and PDWEB,) departmental training manuals on firearms, defensive and arrest tactics, and other topics. Your reading and understanding of the material in these manuals is a requirement for your successful completion of in-service training. Announcements will precede their posting.

The Training Academy staff is here to help you with any of your training needs. If we can be of any assistance, please do not hesitate to contact us. We look forward to a great training year and we look forward to serving you.

Respectfully,

Scott Byrd  
Commander / Director of Training

## 2021 In-Service Training Rules of Conduct:

1. **Attendance:** For both Core and 2<sup>nd</sup> Qualifications, attendance will be taken at least twice per day, once in the morning at **0700** hours and, in the afternoon, at 1200 hours. Attendees will sign all appropriate rosters.

A sworn employee is required to attend 40 hours of in-service training for POST (Peace Officer Standards and Training Commission) credit. ***Supervisors SHALL submit a court block in Work-brain for scheduled in-service training dates as soon as possible.*** An employee may have an excused absence, subject to approval by the In-service Training Unit Coordinator, for attendance at court. (In-service Training may have to be rescheduled.) Any absence shall be immediately reported to the In-service Training Unit Coordinator and documented on the form approved by the Training Division. Absences for other appointments shall be documented and the In-service Training Unit Coordinator shall notify the workstation of the affected employee of their change in work status (i.e. excused, sick, etc.). **An employee should not schedule personal appointments during the in-service training period and any absence for such shall not be counted towards the 40-hour requirement. If an employee is late, they will be sent back to their respective work stations and must be rescheduled.**

Members on Restricted Duty:

Members who are on light duty, IOD, decommissioned, or any form of restricted duty must have approval of their Division Commander and In-service Training Unit Coordinator prior to attending IST. Such members shall not attend any in-service training course without such prior approval.

Members with any medical restrictions shall also have the approval of the treating physician and such approval shall be documented on the MPD 153 form (Medical Exemption) provided by the IST Coordinator and shall be maintained as part of the permanent IST records.

***Failure to attend a scheduled training course, without notice to the In-service Training Unit Coordinator, may result in disciplinary action.***

2. **Participation:** All employees are required to fully participate in all aspects of in-service training. The levels of fitness required for successful participation are outlined in the Police Officer Job Description and may

include but not limited to bending, stooping, lifting, climbing, walking, running, and basic calisthenics. **An employee who is unable or unwilling to participate in a training exercise shall be rescheduled to attend that course or portion of the course again.** An employee with a documented medical condition, who is unable to participate in all or any part of in-service training, shall provide written documentation of such condition to the In-service Training Unit Coordinator. An employee who, as a result of a documented medical condition, is unable to participate in a training exercise and whose doctor does not expect the employee to return to a status where the employee can participate during the training year shall provide a completed Medical Exemption Report MPD Form 153 to the In-service Training Unit Coordinator. An employee who is unable to participate in any portion of the training shall have such training requirements reviewed by the In-service Training Unit Coordinator and the Director of Training. **For personnel with a physical or medical condition who are unable to fully participate in a training event or class, a reasonable accommodation will be made whenever possible.**

3. **Classroom Conduct:** Instructors for in-service training will maintain a professional learning environment. In order to maintain such an environment, the instructor and/or Training Staff may require a disruptive person to leave the classroom. A person who is disruptive during a training session may be subject to disciplinary action.

Food, newspapers, books, magazines, laptop computers, or other similar items/materials that are not related to the presentation may **NOT** be brought into the classroom.

Students will not engage in any unapproved physical activity. This includes any activity not directly related to physical training. Some examples are: playing basketball in the gymnasium, and general horseplay. Students will not be considered injured on duty should an injury occur. [9.2.1]

**Use of ALL tobacco products is prohibited on Academy grounds.**

4. **Appearance & Clothing:** Refer to existing departmental policy for dress codes and appearance guidelines. The attire for days other than firearms or physical training will be business casual. The In-service Training Unit Coordinator, along with the entire Academy staff, will ensure compliance with departmental policy and procedure regarding appearance and clothing. ***Inappropriate attire includes: shorts, tank tops, open toed shoes, cut-off's, etc.***

Due to safety concerns, shorts are not permitted on the firing ranges. Please bring appropriate clothing for the courses (i.e. jeans or cargo pants).

The wearing of firearms in the Academy building or classrooms by students is **prohibited**. The wearing of **ANY** weapon at Active-Killer training is specifically prohibited, to include firearms, knives, OC spray, Taser, and batons.

5. **Training Substitution(s):** Due to the number of mandatory training courses offered, there will be NO substitutions for the in-service training requirement.
6. **Scheduling:** All supervisors shall fill out the Excel spreadsheets with the training dates for their personnel as soon as practical. Then submit them to the In-Service Training Unit Coordinator, via email, as soon as possible. Once received, the In-Service Training Unit will then enter the personnel into the PowerDMS Training Program. ***It is the responsibility of the Precinct/Division/Bureau to manage their respective slots. If someone wants to change IST dates, it is up to the Precinct/Division/Bureau to swap their personnel.*** Requests for changes to scheduled dates must be made **in writing** by the affected employee's Lieutenant to the In-service Training Unit Coordinator (email is sufficient). All requests must have approval from the requesting employee's Captain/Commander. Requests must state the reason for the request. Swaps will be approved on a case by case basis. Swaps based on vacations, other training, or any planned event will be denied and the personnel will be expected to be in attendance at IST. Failure to attend IST when a swap was denied may result in disciplinary action.
7. **IST Distance Learning Videos Test:** All employees must take the IST Distance Learning Videos Quizzes/Tests and confirm they have completed watching all distance learning videos. All videos and quizzes/tests must be completed by the time the employee attends Core IST. ***The classroom test must be completed in 14 days following your Core IST date.***

All online In-Service Training will be housed on the PowerDMS program.

## **2021 Important Scheduling Notes**

- 1. Employees, who, by June 30, 2021, are not scheduled for 40 hours of in-service training, will be scheduled for any necessary courses by the In-service Training Unit and notified of the dates via departmental email.**
- 2. In order to maintain safety limits, enrollment for firearms qualification / training is limited to 50 students per class.**
- 3. Members failing to meet departmental or POST standards for firearms training may lose their eligibility for POST Salary Supplement and/or certification.**
- 4. All videos and associated quizzes/tests shall be completed before attending Core IST. Those who have not completed the videos, quizzes, and test will be turned away and must be rescheduled, and their chain of command will be notified.**
- 5. The classroom content quiz/test must be completed in 14 days from the time you come to Core IST.**
- 6. Only those that complete all of the IST requirements will be reported to POST. No partial credit will be reported.**
- 7. Requests for changes in IST dates must be approved by the requestor's Captain/Commander.**

## **2021 GPO & Supervisor In-Service Calendar**

Sworn members shall attend the appropriate In-Service Training Course **AND** a 2<sup>nd</sup> Qualification Day In-Service Training Course.

# **2021 GPO & Supervisor Core Curriculum**

The below described courses constitute the curriculum for the General Police Officer and Supervisor In-service Training Course for Year 2021.

## **IST 21-01 – VDI Review**

This period of instruction for the review and update of the Verbal Defense and Influence curriculum. Students will be reminded of how to appropriately converse with the public. They will also be reminded of verbal methods to de-escalate situations where tensions may be high.

## **IST 21-02 - Ethics**

This block of instruction will encompass the Law Enforcement Code of Ethics. Students will be reminded of their duty to uphold their core ethical values and the values of the MNPd. How to make ethical decisions will be discussed.

## **IST 21-03 – De-escalation and Duty to Intervene**

This block of instruction will cover the duty to intervene when an employee observes a fellow employee who may be acting outside of policy or law. The students will learn the ethical and legal requirements to report misconduct. This misconduct can include excessive force, breaking the law, etc. The student will also learn various methods to intervene and report this misconduct.

## **IST 21-04 – Mental Illness**

This block of instruction will cover how officers should respond to calls involving an individual suffering from a variety of mental illnesses and/or cognitive disabilities. Officers will learn communication methods to help improve these interactions. The ability to better communicate will lead to less incidents of force being used and a better understanding of how the individual perceives the situation. Additional resources will be discussed and how they can help the officers.

## **IST 21-05 – Officer Wellness**

This block of instruction will cover topics as it relates to the officer. Being a police officer is stressful. This class will give officers ways to cope with the stress and resources they can utilize.

## **IST 21-06 – Law Update**

In this block of instruction officers will be an update on relevant legal changes and refreshed on important areas of law. Topics include updates on Metro Ordinances, State Statutes and recent Court Decisions and sources will include additions to TCA and Supreme Court Case Law. The class will also refresh officers' awareness of the law regarding issues they encounter while performing their duties.

### **IST 21-07 – Public Assembly and Community Interaction**

This block of instruction will cover the police interaction with the public during large scale events such as protests and rallies. 1<sup>st</sup> amendment considerations will be a main focus. A focus will also be placed on crowd control of violent and unruly crowds. Officers will be taught to interact with these crowds in a calm and courteous manner while maintaining the safety of everyone involved.

### **IST 21-08 - Domestic Violence Update**

This block of instruction will present personnel with updated laws, policies, and procedures regarding updated best practices for prosecution of domestic violence incidents. They will also learn, in depth, how to investigate and prosecute victims of elderly abuse. This also includes department and advocacy resources available to victims of elderly abuse.

### **IST 21-09 - Defensive Tactics**

This block of instruction will provide personnel with tactics and tools regarding the arresting process. There will be various types of resistance, from simple verbal resistance to physical resistance, during these practical applications of various tactics (including de-escalation tactics) from soft empty hand control to hard empty hand control, as well as disengaging from a subject who may produce a weapon/threat (up to deadly force).

### **IST 21-10 - Active Killer**

This block of instruction will be a continued exposure to personnel on movements and tactics in relation to active killer incidents, to also include: the establishment of a Rescue Task Force and their movements and responsibilities during active killer incidents.

### **IST 21-11 – Emergency Vehicle Operations**

This block of instruction will be used to give practical driving practice to the students. Students will practice and perform specific driving drills through a prescribed course. This will include traveling forward, backwards, turns, and stops. Students will also drive in a simulated pursuit. During the pursuit, the student will practice producing radio traffic aligning with MNPd policy. Supervisors will practice acknowledging the pursuit in compliance with the MNPd policy. Pursuit policy and driving around non-emergency vehicles will also be covered.

### **IST 21-12 – Use of Force/Firearms**

This period of instruction includes review of range rules; departmental use of force policy, to include definitions of reasonable belief, serious physical injury, and other related terms; departmental firearm policy and procedures; firearm safety; and practical firearm skill evaluation including: judgmental firearm use, shooting on-the-move and from cover; and qualification drills with assigned firearms. A particular emphasis will be placed on firearm safety, both on and off duty. Each student must attain a 75% score or higher on the qualification courses. Employees scoring less than 80% may be scheduled for remedial training. Employees will be required to demonstrate critical thinking skills necessary to properly and legally analyze the proper use of deadly force.

# **2021 GPO & Supervisor Distance Learning Curriculum**

## **IST 21-13 – Bloodborne Pathogens and Communicable Diseases**

Bloodborne Pathogen training is required by OSHA to be taught every year. This distance learning video will cover the definitions of Bloodborne Pathogens, Universal Precautions, personal protective equipment (PPE), and proper hand washing. Also covered are the free Hepatitis B vaccinations/declinations which are offered to all MNPd employee, how to properly dispose of sharps, driving tips, safety tips, the Concentra IOD Clinic, and the MPD Manual and Civil Service Rules pertaining to IOD Injuries. Class participants are reminded about reading the MNPd Exposure Control Plan and where it is located (MPD Manual 2.50).

## **IST 21-14 – Child Sex Abuse**

This distance learning video will provide information for the first responding officer or supervisor of a sexually oriented crime reported in Nashville/Davidson County. Topics will include: incident classifications & relevant definitions, call out criteria, MLEs (time requirements), who is required to report child abuse, and review of the department manual regarding handling of calls involving sex crimes, specifically those involving minors.

## **IST 21-15 – Traffic Crash Investigations**

This course will provide officers with a firm foundation for investigating most crashes they will encounter in the field. The course will cover the completion of crash reports, interviewing techniques, how to determine the series of events in a crash, which of these events may be the contributing factor, and follow up from an enforcement standpoint. The officers are also provided instruction for proper traffic direction and control based on the National Traffic Incident Management (TIM) framework.

## **IST 21-16 – Search Warrants**

This block of instruction will cover the legal requirements of search warrants in the state of Tennessee. It will also cover the MNPd policy detailing when and how a search warrant will be requested. At the end of the instruction, the student will also know what MNPd and TN state forms need to be completed for a legal and safe search warrant.

## **IST 21-17 – Use of Force Update**

This block of instruction serve as an update and review for the MNPd Use of Force policy, to include definitions of reasonable belief, serious physical injury, and other related terms. The application of force in regards to reasonableness will be discussed. De-escalation and the MNPd Decision Making Model will be points of emphasis. The entire continuum from officer presence to deadly force will be covered. This includes less lethal weapons such as OC Spray, taser, baton, soft empty hand control, and hard empty hand control. At the end of the instruction, the student will be able explain the importance of de-escalating situations to the best of their ability and how proportionality of force is a key to gaining the confidence of the public.

**IST 21-18 – Vehicle Blocking Update**

This block of instruction will give updates on the vehicle blocking technique previously taught. The instruction will also go in to detail on the differences in vehicle blocking, vehicle immobilization, and team vehicle takedowns. MNPDP policy and safety considerations will be covered.

**IST 21-19 – Diversity and Inclusion**

This block of instruction will provide information on the role of diversity in the workplace. Topics include: staying in compliance with Title VI / VII guidelines (Civil Rights Act), identifying and explaining the seven protected classes, and recognizing personal biases to avoid stereotyping. Officers will learn related terminology and increase self-awareness to increase community and workplace relations.

**IST 21-20 – Biased Based Policing**

This block of instruction will provide information relating to decision making and what influences someone may experience due to personal bias. The instruction will cover how to treat people right and how current interactions can affect future interactions.

**IST 21-21 – Interviewing**

This block of instruction will cover relevant interviewing techniques. Professional conduct is expected in all interviews. Students will learn ways to keep questioning professional and effective.

**IST 21-22 – Payroll**

This block of instruction will cover frequently asked questions in regards to payroll. The main topic will be the different types of leave an officer may take.

**IST 21-23 – EVOC**

This block of instruction will cover the Vanessa K Free Act and relevant MNPDP policies as it relates to driving an emergency vehicle. This block of instruction will lead in to the in-person portion.

**IST 21-24 P.O.S.T. Examination**

This period of instruction will test the material covered during the academic portions of the in-service training program. Each student must attain a 75% score or higher on the examination.

**IST 21-29 Sexual Harassment**

This period of instruction will cover the topic of harassment in the workplace. Topics of preventing and reporting the harassment will be covered.

**IST 21-31 Body Worn Cameras**

This block of instruction will cover updates to the body worn camera system. It will also cover frequently asked questions and issues that have been noticed in the field.

# 2020 GPO & Supervisor 2<sup>nd</sup> Qualification Day Course Curriculum

## **IST 21-25 – Inspection / Department Picture**

This block of instruction will include a biennial inspection and official department photograph. The inspection is required by CALEA and serves the purpose of ensuring all employees have the require gear in an operational state.

## **IST 21-26 – Taser update/Qualification**

This course will provide annual updates to the basic operational theory and practical training to instruct users to reasonably, safely, and effectively operate TASER Conducted Electrical Weapons (CEWs). The TASER CEW is capable of creating incapacitation to an actively resistant subject with little to no injury to either the officer who deploys the device or to the subject who is non-compliant.

## **IST 21-27 - Physical Fitness Testing**

All personnel will be participating in physical fitness testing. Appropriate attire and footwear will be needed to complete tasks. The testing will include a wall jump, fence jump, agility course, dummy drag, and 500 yard run.

## **IST 21-28 - (2<sup>nd</sup> Qualification) - Use of Force/Firearms**

This period of instruction includes review of range rules; departmental use of force policy, to include definitions of reasonable belief, serious physical injury, and other related terms; departmental firearm policy and procedures; firearm safety; and practical firearm skill evaluation including: judgmental firearm use, shooting on-the-move and from cover; and qualification drills with assigned firearms. A particular emphasis will be placed on firearm safety, both on and off duty. Each student must attain a 75% score or higher on the qualification courses. Employees scoring less than 80% may be scheduled for remedial training. Employees will be required to demonstrate critical thinking skills necessary to properly and legally analyze the proper use of deadly force.

## **2021 In-Service Curriculum Summary**

Course Number and Title	MNPD	POST Requirement
IST 21-01 VDI Review	1 Hour	
IST 21-02 Ethics	1 Hour	
IST 21-03 De-escalation and Duty to Intervene	2 Hours	
IST 21-04 Mental Illness	1 Hour	Yes
IST 21-05 Officer Wellness	2 Hours	
IST 21-06 Law Update	1 Hour	
IST 21-07 Public Assembly and Community Interaction	2 Hours	
IST 21-08 Domestic Violence Update	1 Hour	
IST 21-09 Defensive Tactics	2 Hours	
IST 21-10 Active Killer	2 Hours	
IST 21-11 Emergency Vehicle Operations	4 hours	Yes, 2 hours
IST 21-23 Emergency Vehicle Operations	.5 Hours	
IST 21-12 Firearms	4 Hours	Yes, 8 hours
IST 21-28 Firearms (2nd Qualification)	4 hours	
IST 21-13 Bloodborne Pathogens and Communicable Diseases	1 Hour	
IST 21-14 Child Sex Abuse	1 Hour	Yes
IST 21-15 Traffic Crash Investigations	1 Hour	
IST 21-16 Search Warrants	1 Hour	
IST 21-17 Use of Force Update	1 Hour	
IST 21-18 Vehicle Blocking Update	1 Hour	
IST 21-19 Diversity and Inclusion	1 Hour	
IST 21-20 Biased Based Policing	1 Hour	
IST 21-21 Interviewing	1 Hour	
IST 21-22 Payroll	.5 Hours	
IST 21-24 POST Examination	.5 Hours	Yes
IST 21-25 Inspection / Department Picture	1 Hour	
IST 21-26 Taser update/Qualification	1 Hour	
IST 21-27 Physical Fitness Testing	2 Hours	
IST 21-29 Sexual Harassment	1 Hour	
IST 21-31 Body Worn Cameras	1 Hour	

## **2021 NCIC/TIES Training**

This period of instruction provides each terminal operator up-to-date information on TIES, NCIC and NLETS.

Officers will receive an email notification from Mary Williams for scheduling their recertification testing date. Once a testing date is scheduled (**through email**), and the officers arrives for their testing, they will be supplied a Memorandum and a Terminal Operator Eligibility form. If the officer must reschedule, they must contact, **through email**, Mary Williams in an effort to schedule a new date. This form **MUST** be completed prior to testing. If the officer's certification expires, they will no longer have NCIC access, or be allowed to be around any terminals which are utilized for NCIC access.

Officers will use the electronic version of the study guide during re-certification testing. You do not need to print this book and bring it to class with you. If a book is needed, one will be provided to you.

**Failure to attend scheduled mandatory class may result in corrective and/or disciplinary action. This means your recertification will begin at the time the class is scheduled. If an officer is late, they will not be able to be recertified at that time and must be rescheduled. The officer's chain of command may be notified as well to initiate corresponding disciplinary action.**

Query re-certification testing:

All sworn employees are required to be NCIC certified. You must be re-certified every 2 years. This test is a maximum of four hours and requires a score of 75 or above to pass.

Any questions concerning NCIC please contact Mary Williams at 862-7617.

## **2021 Firearm Training Facility Rules of Conduct**

1. Learn the mechanical and handling characteristics of the firearm you are using.
2. Do not load a weapon until instructed to do so by an instructor.
3. Do not fire a weapon until instructed to do so by an instructor.
4. Clear and check all firearms prior to leaving the firing line.
5. On all firearms training courses, a bullet resistant vest shall be worn.
6. All shotguns shall have the action open, safety on, magazine empty and properly slung, except when on the firing line or as otherwise instructed by a firearms training supervisor.
7. Loaded firearms are NOT allowed in the Range Offices, Tower, Classroom or Cleaning House.
8. Proper attire is required at all times. **\*\*Body armor is required for all participants during live fire range usage**

Every year officers and others are injured and killed by careless handling of firearms. With modern duty weapons, barring mechanical failure, there are no "accidental" discharges. Unintended or unwanted discharges occur because the user did not follow basic safety procedures or disregarded fundamental safety rules. Do not let familiarity with your weapon make you complacent. If you follow the safety rules **every time** you will never have an unintended discharge.

### **Four Cardinal Rules of Firearms Safety**

1. Treat All weapons as if they were loaded
2. Keep the muzzle pointed in a safe direction. (Laser Rule)
3. Keep your finger off the trigger and outside the trigger guard until you are on target and have decided to fire.
4. Be sure of your target and what is beyond it.

Firearms safety is an attitude. It is an attitude that requires constant reminding and attention. No safety rules are any more valuable than the degree to which they are enforced.

### **Because these are so fundamental, we will look at them in some detail.**

**1. Treat ALL weapons as if they were loaded.** If you follow this rule—even if you believe a weapon is empty—you will be building good weapon-handling habits. You will keep the weapon pointed in a safe direction, keep your finger off the trigger, and so on. If you handle all guns the same way every time—loaded and unloaded—you will be less likely to make a mistake with a loaded gun. Even if you know the weapon is empty, treat it as a loaded gun. It does no harm, and it may save a life. More than one officer has removed the magazine containing ammunition from a pistol and forgotten that there may be one more round of ammunition in the chamber of the gun.

**2. Keep the muzzle pointed in a safe direction. (Laser Rule\*).** This rule accomplishes two things: it builds good habits and prevents injury if you do have an unintended discharge. Imagine a laser beam coming out of the barrel of your weapon: never let that laser touch anything—even for a moment—that you aren't willing to shoot. If you follow this rule faithfully, you will build a strong habit that will function even when you are under great stress and unable to think things through. As you will learn, stress causes blood and oxygen to move away from the cognitive part of your brain—it literally becomes difficult or impossible to think. Your ingrained habit of never “lasering” anyone you don't intend to shoot may keep you from killing your partner in a gun battle.

**3. Keep your finger off the trigger and outside the trigger guard until you are on target and have decided to fire.** This rule prevents you from unintentionally firing because you were startled or had a sympathetic reaction. Suppose you are covering an open door of a warehouse while fellow officers clear the interior looking for a burglar. A sudden noise or someone bursting out the door may startle you and cause an involuntary tensing of your muscles. If you have your finger on the trigger, that tensing may be enough to fire the weapon. Similarly, if you use your reaction hand to turn on a flashlight or key your radio microphone, you may have a sympathetic involuntary movement of your gun hand. If your finger is on the trigger, it could cause you to fire. Keep your index finger extended along the frame of the weapon until you fire. It takes very little time to move it to the trigger.

**4. Be sure of your target and what is beyond it.** This rule addresses two issues: bullet penetration and tunnel vision. As discussed earlier, bullets may travel right through a target and strike something behind it. Even bullets that are designed to expand upon impact, lessening the chance of over-penetration, may fail to expand for various reasons. You cannot be sure that your bullet will be stopped by the target. Additionally, you may miss, especially under stress. Stress will often have the effect of narrowing your visual field as you concentrate on the threat. Making a habit of checking what is around and beyond your target may keep you from shooting something that, because of stress, you literally did not see.

**Note:** Law and policy provides that you should never handle or use weapons when you are using alcohol and/or any drug that may adversely affect your judgment, perception, alertness, and reaction time.

**\*The Laser Rule:** Imagine that your weapon is a laser that is automatically activated as soon as it is drawn from the holster. This laser cuts through anything that it passes through. This laser has the ability to kill or destroy anything in its path. This laser is a bullet.

### **Classroom Safety**

1. Handle weapons only when instructed to do so.
2. Do not point any weapon at yourself or others during weapons handling exercises.
3. Do not get ahead of the Instructor or anticipate instructions.
4. If, at any time, you do not understand the instructions or have difficulty learning an operation or procedure, ask questions!
5. All weapons will be cleared prior to beginning class and under the supervision of an instructor.
6. **No live ammunition is allowed in the classroom.** (Note: All weapons will be cleared prior to any class and whenever the weapon leaves your immediate control).

### **Range Safety**

Law enforcement officers must practice shooting frequently to remain proficient. Normally you will do most of your shooting at a range. Because a range is typically used by many officers at once, safety requires that you follow certain rules. The following range rules are general rules, applicable to any range. Be sure to learn and follow all range rules. Here are some general rules:

1. The range master has the authority to issue orders to anyone on the range, regardless of rank. Always obey a range officer's commands as promptly as possible.
2. **Obey all commands by the range officer. Keep your weapon holstered (or slung) at all times when not on the firing line or otherwise directed by an instructor.** At a range, the location from which you fire at a target is called the firing line. Sometimes it is an actual painted line, and sometimes it is simply a position in space. Other shooters may share the line with you. Many ranges nowadays run the range "hot," meaning that officers may have their weapons loaded even when they are not on the firing line. Obviously, it would not be safe to have people drawing loaded weapons except when they are on the firing line ready to fire. The best way to ensure that does not happen is to make sure that the only time and place anyone is allowed to un-holster a weapon is on the firing line, when it is time to shoot. All shotguns brought to the range or handled away from the firing line will be empty with the action open and safety on. **No weapons will be handled while anyone is forward of the firing line and/or your position.**
3. **Draw your weapon only when directed to do so by a range officer.** Even if you are on the firing line, wait to draw your weapon until directed. Range officers or others may have to go down range (toward the targets) for some reason.

4. **Always keep your weapon pointed down range.** If you have a malfunction, or some other firing problem that you cannot solve by yourself, keep your weapon pointed down range and raise your hand. When a range officer arrives to help you, keep your weapon pointed down range, and explain the problem. Do not turn around to talk to the range officer, bringing your weapon along with you.
5. **Remain on the firing line, facing down range, unless directed otherwise by a range officer.** Never go forward of the firing line—even to retrieve a dropped magazine—unless directed by a range officer. You may not be aware of someone else on the line about to fire. The range officer will make sure the entire line is safe before allowing anyone to go forward.
6. **If a cease-fire is called, immediately cease shooting and remain at the low ready until further direction by a range officer.** Anyone may call a cease-fire, not just a range officer. When you hear the command, stop immediately and wait for direction.
7. **If you see any unsafe condition, call a cease-fire and notify a range officer.** Range safety depends on everyone, not just the range officers. If you see something unsafe—another person going down range without authorization, for example—don't assume the range officer also sees it. Call a cease-fire immediately.
8. **Always wear eye and ear protection.** Bullet fragments can sometimes “splash back” from metal targets, and spent brass casings are ejected from pistols with some force. Protect your eyes from injury with wrap-around safety glasses. Always wear ear protection (either sound-deadening earmuffs or earplugs). Even short-term exposure to the reports from gunfire—especially if the sound is contained within concrete range walls and baffles—can cause permanent hearing damage. A ballistic vest is required by all MNPd personnel when using the range.
9. **Ammunition Safety:** Do not throw or toss live rounds onto hard surfaces. Do cover the ejection port of your weapon when ejecting a live round.
10. **Please also review and adhere to ALL posted and announced range rules and Academy rules.**

**Failure to adhere to any Academy rules may result in disciplinary action.**

**Open Range Practice Dates:** Announced Monthly on the Training Bulletin Board.

#### **Individual Instruction**

Anyone who routinely scores below 40 (80%) and would like to improve prior to attending IST or 2nd firearms qualification or anyone who would like individual instruction in basic handgun or shotgun marksmanship on any of the open range dates, please call the Confrontation Management Unit at 880-1906 to schedule a time.

#### **Alternate, Off Duty, & Other Firearms**

Reminder: Departmental Policy requires that you qualify TWICE each year with your assigned weapons **to include Patrol Rifles.**

If you have any questions please feel free to call any of the Training Staff at 862-7617 or the Confrontation Management Unit at 880-1906.

## **2021 Extreme Weather Precautions**

### **Water is Important**

1. Studies published in the Journal of Epidemiology have shown that drinking enough water reduces the risk for heart disease in males by up to 65% and females by up to 30%.
2. These same studies show that >70% of the American population is clinically dehydrated.
3. Proper water intake aids in reducing risk for heart disease, improves muscle recovery (after an injury and exercise), allows for proper function of internal organs and aids in improved performance (work and athletic).
4. Studies by the Gatorade Institute have shown that as little as 2% dehydration results in a 10-20% decrease in athletic performance.
5. Proper water intake is dependent on activity level and ranges from .5 oz to 1.0 oz per pound of body weight. Water intake should be monitored.
6. According to the Gatorade Institute, the recommended daily dose of caffeine is 420 mg/day. The average American gets between 800 - 1600 mg/day.
7. Caffeine is a diuretic and adds to water loss and dehydration. Therefore, increased caffeine intake can negatively affect athletic/work performance.
8. With the first 10 minutes of initiation of an exercise bout, the blood flow to the digestive tract is reduced by 50%. Therefore, it is important to eat at least one hour before exercising; eating closer to your work out can result in bloating, gas and discomfort. This is also why you should not drink protein or high carbohydrate drinks during your workout. It is better to drink 10-20 minutes after the workout once the blood flow has been normalized.

**Note: *Students are allowed, and encouraged, to carry a bottle of water with them at all times.***

## Heat Injury Prevention

Consider water a tactical weapon. Reduce heat injury by forcing water consumption. Drink water even if not thirsty.

When possible drink cool water (50°F to 55°F)

Drink one quart of water in the morning, at each meal and before strenuous work. Water requirements vary with climatic conditions and workloads. In hot climates, drink at least one quart of water each hour. In extreme conditions, hourly water requirements increase to over two quarts.

Take frequent drinks since they are more effective than drinking the same amount all at once. Large officers need more water.

Replace salt loss only by eating all meals.

When possible, workloads and /or duration of physical activity should be less during the first days of exposure of heat; then should gradually be increased to follow acclimatization.

Modify activities if conditions which increase risk of heat injury (fatigue/loss of sleep, previous heat exhaustion, taking medication) are present.

Take frequent rest periods in the shade, if possible. Lower the work rate and workloads as the heat conditions increase.

Perform heavy work in the cooler hours of the day such as early morning or late evening, if possible.

## Heat Cramps

**Symptoms:** Muscle cramps of arms, legs, and /or stomach. Heavy sweating (Wet Skin) and extremely thirst may occur.

### **First Aid:**

Move subject to a shady area and loosen clothing.

Slowly give large amounts of cool water.

Watch the subject. Continue to give water, if subject accepts it.

Get medical help if cramps continue.

## Heat Exhaustion

**Symptoms:** Heavy sweating with pale, moist, cool skin; headache, weakness, dizziness, and /or loss of appetite.

Heat cramps, nausea (with or without vomiting), urge to move bowels, chills (gooseflesh), rapid breathing, confusion, and tingling of the hands/or feet may occur.

### **First Aid:**

Move subject to a cool shady area and loosen clothing.

Pour water on subject and fan to permit cooling effect.

Have subject slowly drink at least one full bottle of water.

Get medical help if symptoms continue; watch subject until symptoms are gone or medical aid arrives.

## Heat Stroke

### **The danger of heat stroke:**

Heat stroke can be life threatening if left untreated.

- Drink plenty of fluids, especially when working or playing in the sun.
- Make sure you are taking in more fluid than you are losing.
- Try to schedule physical outdoor activities for the cooler parts of the day.
- Drink appropriate sports drinks to help maintain electrolyte balance.
- For infants and young children, solutions like *Pedialyte* will help maintain electrolyte balance during illness or heat exposure. Do not try to make fluid and salt solutions at home for children.

### **What is heat stroke?**

Heat stroke is the most severe form of heat illness and is a life-threatening emergency. It is the result of long, extreme exposure to the sun, in which a person does not sweat enough to lower body temperature. The elderly, infants, persons who work outdoors and those on certain types of medications are most susceptible to heat stroke. It is a condition that develops rapidly and requires immediate medical treatment.

### **What causes heat stroke?**

Our bodies produce a tremendous amount of internal heat and we normally cool ourselves by sweating and radiating heat through the skin. However, in certain circumstances, such as extreme heat, high humidity or vigorous activity in the hot sun, this cooling system may begin to fail, allowing heat to build up to dangerous levels.

If a person becomes dehydrated and cannot sweat enough to cool their body, their internal temperature may rise to dangerously high levels, causing heat stroke.

### **What are the symptoms of heat stroke?**

The following are the most common symptoms of heat stroke, although each individual may experience symptoms differently. Symptoms may include:

- headache
- dizziness
- disorientation, agitation or confusion
- sluggishness or fatigue
- seizure
- hot, dry skin that is flushed but not sweaty
- a high body temperature
- loss of consciousness
- rapid heart beat
- hallucinations

### **How is heat stroke treated?**

It is important for the person to be treated immediately as heat stroke can cause permanent damage or death. There are some immediate first aid measures you can take while waiting for help to arrive.

- Get the person indoors.
- Remove clothing and gently apply cool water to the skin followed by fanning to stimulate sweating.
- Apply ice packs to the groin and armpits.
- Have the person lie down in a cool area with their feet slightly elevated

Intravenous fluids are often necessary to compensate for fluid or electrolyte loss. Bed rest is generally advised and body temperature may fluctuate abnormally for weeks after heat stroke.

### **How can heat stroke be prevented?**

There are precautions that can help protect you against the adverse effects of heat stroke. These include:

- Drink plenty of fluids during outdoor activities, especially on hot days. Water and sports drinks are the drinks of choice; avoid tea, coffee, soda and alcohol as these can lead to dehydration.
- Wear lightweight, tightly woven, loose-fitting clothing in light colors.
- Schedule vigorous activity and sports for cooler times of the day.
- Protect yourself from the sun by wearing a hat, sunglasses and using an umbrella.
- Increase time spent outdoors gradually to get your body used to the heat.
- During outdoor activities, take frequent drink breaks and mist yourself with a spray bottle to avoid becoming overheated.
- Try to spend as much time indoors as possible on very hot and humid days.

If you live in a hot climate and have a chronic condition, talk to your physician about extra precautions you can take to protect yourself against heat stroke.

# TENNESSEE BUREAU OF INVESTIGATION INVESTIGATIVE REPORT

Case # : NA-5U-000054

IR # : 77

**Author:** McGowen, Jonathan

**Activity Date:** 02/22/2023

**Case Agent:** McGowen, Jonathan

**Report Date:** 02/24/2023

**SAC/ASAC:** Neese, Nathan L

**Approved By:** Neese, Nathan L

**Description:** Recovery of Evidence – AT&T Phone Records

(LE-A) DYLAN JOSEPH RAMOS, H/M  
(O-A) OBOB OMAN OCHAN, B/M, DC

On February 9, 2023, TBI Special Agent (SA) Jonathan McGowen issued TBI subpoena 35233 to the AT&T – Global Legal Demands Center via email communications in relation to phone number believed to belong to OBOB OCHAN. These records were requested to assist in efforts to locate any next of kin information for OBOB OCHAN.

A copy of this subpoena was previously serialized in the case file.

On February 22, 2023, SA McGowen accessed the secure AT&T portal collecting the related data. From the collected records, SA McGowen learned the phone number belonged to OBOB OCHAN of 1801 Allison Place in Nashville, Tennessee. This account is a prepaid account serviced by Cricket Wireless.

Due to the voluminous nature of these records, they will be maintained in the digital case file.

Description: List of Exhibits

(LE-A) DYLAN JOSEPH RAMOS, H/M, [REDACTED]  
(O-A) OBOB OMAN OCHAN, B/M, DOB.

The following is a list of exhibits in this case:

## SCENE ITEMS

1. CBC gold 9mm Luger Cartridge
2. CBC gold 9mm Luger Cartridge
3. WIN 9mm Luger casing
4. WIN 9mm Luger casing
5. ZSR gold 9mm Luger Cartridge
6. WIN 9mm Luger casing
7. WIN 9mm Luger casing
8. WIN 9mm Luger casing
9. WIN 9mm Luger casing
10. WIN 9mm Luger casing
11. WIN 9mm Luger Cartridge
12. Glock magazine containing 2 cartridges
13. KelTec, PF-9, 9mm semi-auto handgun
  - a. Serial Number: [REDACTED]
14. KelTec magazine containing 4 ZSR gold 9mm cartridges
15. WIN 9mm Luger casing
16. Gray Toboggan Hat
17. WIN 9mm Luger cartridge
18. Projectile fragment
19. Copper jacket fragment
20. Copper jacket fragment

## MNPD OFFICER SERVICE WEAPON

21. Glock 17 Handgun, 9mm – Officer DYLAN RAMOS
  - a. Serial Number: [REDACTED]
  - b. Two Magazines

## ITEMS FROM VANDERBILT UNIVERSITY MEDICAL CENTER (IR-14)

This confidential document is the property of TBI.  
Its contents are not to be distributed outside of your agency.

IR # 78  
Page 1

- 22. One Bullet
- 23. Camo Jacket
- 24. 2 - Boots, 2 - Socks, 1 - Underwear
- 25. 1- Cell Phone, 1 – Eyeglasses, 1 – Wallet
- 26. 1- Set of Coveralls, 2 – T- Shirts
- 27. 1 – Set of Hinged Handcuffs

## VIDEO SURVEILLANCE:

- 28. Video Surveillance – Slim and Husky's Pizza – 911 Buchanan Street
- 29. Video Surveillance – Willie B's Kitchen and Lounge – 918 Buchanan Street

## MNPD BODY WORN CAMERA AND IN CAR CAMERA FOOTAGE (IR-23)

- 30. Officer DYLAN RAMOS
  - a. Body Worn Camera Video
  - b. In-Car Camera Videos

## PROJECTILES FROM CITIZEN VEHICLE – 2011 gray Infiniti G37 (IR-9)

- 31. Projectile from underside of hood
- 32. Projectile from driver side fender

## ITEMS FROM MEDICAL EXAMINERS OFFICE – OBOB OCHAN (IR-70)

- 33. Fingerprint Cards
- 34. Hair from Head
- 35. Nail Clippings
- 36. Palm Print Cards
- 37. Blood Spot
- 38. Bullet from Abdomen
- 39. Bullet Fragments from Abdomen
- 40. Bullet Fragments from Left Armpit

41. All other exhibits consists of interviews, documents, photographs, recordings, and lab reports which are part of this case file or the digital case file.

It should be noted that the above list of exhibits is not all inclusive as the investigation is still ongoing.

Case # : NA-5U-000054

IR # : 79

**Author:** McGowen, Jonathan

**Activity Date:** 03/01/2023

**Case Agent:** McGowen, Jonathan

**Report Date:** 03/01/2023

**SAC/ASAC:** Neese, Nathan L

**Approved By:** Neese, Nathan L

**Description:** List of Witnesses

(LE-A) DYLAN JOSEPH RAMOS, H/M, L  
(O-A) OBOB OMAN OCHAN, B/M, DOB: [REDACTED]

## CITIZENS:

1. Jerome Wilson (see IR 39)
  - a. First 911 Caller / Manager at Willie B's Kitchen and Lounge
2. McGarrett Wharton (see IR 40)
  - a. Second 911 Caller / Passing by in vehicle
3. Matthew Hyman (see IR 6)
  - a. Security Guard – Willie B's Kitchen and Lounge
4. Christopher Jones (see IR 6)
  - a. Owner of Willie B's Kitchen and Lounge
5. Joshua Seward (see IR 8)
  - a. Parked in Area/ Vehicle Struck
6. Amber Hardison (see IR 59)
  - a. OBOB OCHAN's Girlfriend

## MNPD OFFICERS:

7. Officer Erin Savidge (see IR 11)
8. Officer Madison Rolon (see IR 12)
9. Officer Tristen Mayfield (see IR 34)
10. Officer Austin Bowles (see IR 35)
11. Officer Benjamin Ellsworth (see IR 36)

## TBI AGENTS:

12. SA Jonathan McGowen
  - a. Case Agent
13. SA Matthew Massingill
14. SA Andrew Graves
15. SA Kendall Henderson
16. SA Jeremy Baker
17. SA Josh Anderson
18. ASAC Nathan Neese
19. SAC Josh Savley
20. SAFS Ladd Kuykendall

This confidential document is the property of TBI.  
Its contents are not to be distributed outside of your agency.

IR # 79  
Page 1

- a. Forensic Scientist – Firearms Analysis
- 21. SA Joel Wade
  - a. Technical Assistance – Cell Phone

## NEXT OF KIN CONTACT – OBOB OCHAN

- 22. Lion Agwa
  - a. Paternal Uncle

It should be noted that the above list of witnesses is not all inclusive as the investigation is still ongoing.

**Author:** McGowen, Jonathan

**Activity Date:** 03/09/2023

**Case Agent:** McGowen, Jonathan

**Report Date:** 03/09/2023

**SAC/ASAC:** Neese, Nathan L

**Approved By:** Neese, Nathan L

**Description:** Summation of Investigation

(LE-A) DYLAN JOSEPH RAMOS, H/M,  
(O-A) OBOB OMAN OCHAN, B/M, DOL

This case is predicated on a verbal request by District Attorney General (DAG) for the 20<sup>th</sup> Judicial District, Glenn Funk. DAG Funk requested agents of the Tennessee Bureau of Investigation (TBI) investigate the facts and circumstances surrounding the officer-involved shooting (OIS) involving Officer DYLAN RAMOS of the Metro Nashville Police Department (MNPd) and OBOB OMAN OCHAN on the evening of January 29, 2023. This incident occurred along the 900 block of Buchanan Street in Nashville, Davidson County, Tennessee.

On Sunday, January 29, 2023, at approximately 7:26 PM, TBI Special Agent (SA) Jonathan McGowen received a call from Special Agent in Charge (SAC) Josh Savley. SAC Savley advised there had been an officer-involved shooting on Buchanan Street in Nashville and requested SA McGowen respond and lead this investigation.

While enroute to the location, SA McGowen learned from SAC Savley the following preliminary information: A male named OBOB OMAN OCHAN was near a nightclub along Buchanan Street acting erratic. Security at the nightclub contacted the Metro Nashville Police Department (MNPd) for assistance. Officer DYLAN RAMOS responded and engaged with OCHAN near the nightclub. At some point, OCHAN put a handgun down on the ground after repeated requests from Officer RAMOS. Moments later, OCHAN allegedly picked up the handgun and pointed it at Officer RAMOS. Officer RAMOS subsequently fired his service weapon upon OCHAN, striking him multiple times. OCHAN was transported to Vanderbilt University Medical Center but was pronounced deceased.

At approximately 8:15 PM, SA McGowen arrived at the intersection of Buchanan Street and 9<sup>th</sup> Avenue North. SA McGowen observed a heavy police presence with multiple marked MNPd vehicles blocking the roadway. SA McGowen observed yellow crime scene tape within the immediate areas along the 900 block of Buchanan Street, extending to areas near 10<sup>th</sup> Avenue North. SA McGowen approached the scene on foot by going around behind 911 Buchanan Street towards the area of Buchanan Street and 10<sup>th</sup> Avenue North. Upon arrival, SA McGowen noted SA Kendall Henderson was already on the scene.

SA McGowen made contact with Attorney John Brown, who advised that he would be representing MNPd Officer DYLAN RAMOS. Attorney Brown advised that RAMOS would not be

providing a statement at the scene but would be willing to speak to TBI Agents on Wednesday, February 1, 2023, concerning what had occurred.

SA McGowen then made contact with MNPD Lieutenant Pat Taylor of the Cold Case and Missing Persons Unit. Lieutenant Taylor advised that the preliminary information is that OCHAN had been thrown out of a nearby night club and officers were later dispatched to the area in relation to a disorderly person armed with a handgun. Lieutenant Taylor advised that MNPD Cold Case Detective Anthony Chandler would be the departments' liaison for this incident. Lieutenant Taylor also reported that a business named Slim and Husky's had this incident on video surveillance, and Lieutenant Tetterton was working on providing agents with any related body-worn camera videos.

SA McGowen reported to the Slim and Husky's Pizza restaurant located at 911 Buchanan Street. SA McGowen made contact with Stanley Ross, Director of Security, who provided video surveillance which captured the officer involved shooting which occurred on the sidewalk in front of the location. A copy of this video surveillance was provided to DAG Investigator David Zocolla.

At approximately 9:25 PM, SA McGowen made contact with Detective Anthony Chandler in relation to gathering relevant MNPD records and documents related to this incident. SA McGowen also requested assistance in locating any next of kin information related to OBOB OCHAN.

TBI Agents SA Kendall Henderson and SA Jeremy Baker marked and processed the crime scene. At approximately 9:36 PM, SA McGowen attended a crime scene walk-through led by SA Henderson. SA Henderson pointed out any relevant items of evidence which had been located at that time. A Crime Scene Investigation Report and Crime Scene Diagram Report are serialized separately within this case file. (see IRs 13 and 18)

SA Andrew Graves responded to Vanderbilt University Medical Center in relation to OBOB OCHAN, to which a separately serialized report documenting this activity is within this case file.

SA Joshua Anderson and ASAC Nathan Neese responded to Willie B's Kitchen and Lounge, where they spoke to security guard, Matthew Hyman, and owner, Christopher Jones, both witnesses to incident. (see IR 6)

SA McGowen contacted the TBI TIES unit, requesting a check of NCIC records related to the handgun located at the crime scene, KelTec, 9mm, Serial Number: SL184 (evidence marker 13). SA McGowen learned there were no records found related to this handgun.

SA McGowen accessed the secure online MNPD portal and downloaded, Officer DYLAN RAMOS's body-worn camera and in-car camera videos related to this incident. These recordings are maintained in the digital case file.

On January 30, 2023, SA McGowen attended the autopsy of OBOB OCHAN, conducted by Dr. Miguel Laboy, who preliminarily advised of at least seven (7) gunshot wound tracks to OCHAN's body. The final autopsy report is not completed; a copy will be forwarded to this case file upon completion. (see IR 29)

TBI agents interviewed Joshua Seward, a citizen who was parked in the Slim and Husky's Pizza parking lot during this incident. Agents also photographed and recovered two projectiles from his 2011 gray Infiniti G37 sedan. (see IR 8)

SA McGowen completed an ATF E-Trace request form related to the KelTec, 9mm Handgun, Serial Number: [REDACTED] located at the crime scene, requesting an urgent priority trace. SA McGowen later learned this firearm had been purchased in February 2018, by a male from Hazel Green, Alabama. (see IR 30)

TBI agents conducted a video surveillance canvass in the areas on and near Buchanan Street. No additional video surveillance of evidentiary value was located. (see IR 38)

ASAC Neese responded to Willie B's Kitchen and Lounge, where he again made contact with the owner, Chris Jones. Mr. Jones allowed ASAC Neese to download footage from the location related to the January 29, 2023 incident. (see IR 7)

SA McGowen interviewed Jerome Wilson, the first 911 caller and manager of Willie B's Kitchen and Lounge, related to this incident. (see IR 39)

SA McGowen telephonically interviewed McGarrett Wharton, the second 911 caller related to this incident. (see IR 40)

On February 1, 2023, SA McGowen interviewed MNPD Officer DYLAN RAMOS at TBI Headquarters. Also present was Attorney John Brown (see IR 45)

TBI Agents also separately interviewed, MNPD Officers: Erin Savidge, Madison Rolon, and Tristen Mayfield

On February 2, 2023, TBI Agents separately interviewed, MNPD Officers: Austin Bowles and Benjamin Ellsworth.

On February 7, 2023, SA McGowen located and interviewed Amber Hardison, the girlfriend of OBOB OCHAN. (see IR 59)

On February 10, 2023, after extensive next-of-kin notification efforts, SA McGowen spoke to Lion Agwa, the paternal uncle of OBOB OCHAN. He advised he had notified OCHAN's mother and sister in Sudan of OCHAN's death and related circumstances. Next of kin contact information was also provided to the Medical Examiners' Office. (see IR 69)

On February 13, 2023, TBI agents met with Lion Agwa, the paternal uncle of OBOB OCHAN and multiple other family members. Agents updated family members on the status of the investigation and answered related questions. (see IR 73)

On February 15, 2023, SA McGowen collected the related items of evidence from the Medical Examiners' Office related to OBOB OCHAN. (see IR 70)

As part of the investigation, all pertinent parties involved were interviewed, and all necessary evidence was collected and submitted for forensic testing. All necessary documentation was collected and is serialized separately within this case file.

The summation of the investigation serves only as a brief synopsis of the facts of the investigation; for further details, refer to all investigative reports and related items within this case file.

INVESTIGATIVE REPORT****Case # :** NA-5U-000054**IR # :** 81**Author:** McGowen, Jonathan**Activity Date:** 03/10/2023**Case Agent:** McGowen, Jonathan**Report Date:** 03/10/2023**SAC/ASAC:** Neese, Nathan L**Approved By:** Neese, Nathan L**Description:** Interview – Telephone – Donnie McElyea – Listed Handgun Purchaser

(LE-A) DYLAN JOSEPH RAMOS, H/M, D:

(O-A) OBOB OMAN OCHAN, B/M, DOB: (

On March 10, 2023, at approximately 12:54 PM, TBI Special Agent (SA) Jonathan McGowen received a call from Donnie McElyea. After proper identification and explanation of the purpose of the interview, Donnie McElyea, hereafter referred to as MCELYEA, voluntarily provided the following information.

Upon being asked about ownership of a KelTec 9mm, MCELYEA recalled buying the handgun back in 2018. He advised he doesn't think that the gun was stolen, but is unsure. He advised he has had some guns stolen, but didn't recall if the KelTec was one of them.

SA McGowen asked MCELYEA did he recognize the name, OBOB OCHAN, to which MCELYEA advised he had never heard that name.

MCELYEA later called SA McGowen back, advising that after speaking to his wife, she reminded him of an incident in approximately winter 2019 or 2020, when their vehicle was broken into while visiting Nashville. He advised they were attending a pool tournament at J.O.B. Pool Hall in Nashville when someone broke into his vehicle stealing the KelTec and some other items.

He recalled calling the police to the scene, yet he didn't have a serial number for the KelTec at that time. He advised he was supposed to have called the police department with the serial number, yet never followed up on it.

## OFFICE OF THE DISTRICT ATTORNEY GENERAL

GLENN R. FUNK  
*District Attorney General*

June 13, 2023

Special Agent Jonathan McGowen  
Tennessee Bureau of Investigation  
901 R. S. Gass Boulevard  
Nashville, TN 37216

Re: Case No: NA-5U-000054  
(LE-A) DYLAN JOSEPH RAMOS  
(O-A) OBOB OMAN OCHAN

Dear Agent McGowen:

I have reviewed the Investigative Report prepared in the above referenced matter. It is a very thorough and exhaustive report. I believe it contains all the relevant facts pertaining to this incident. Based on the completeness of your report, I do not believe any further investigation is warranted.

After reviewing the investigative file, which includes all available video evidence as well as the autopsy report, and meeting with you, it is the opinion of this Office that the action taken by Metropolitan Nashville Police Officer Dylan Joseph Ramos was reasonably necessary under all the facts and circumstances. The District Attorney's Office therefore requests the TBI close this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Roger D. Moore", is written over a faint, larger version of the same signature.

Roger D. Moore  
Deputy District Attorney General
